(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

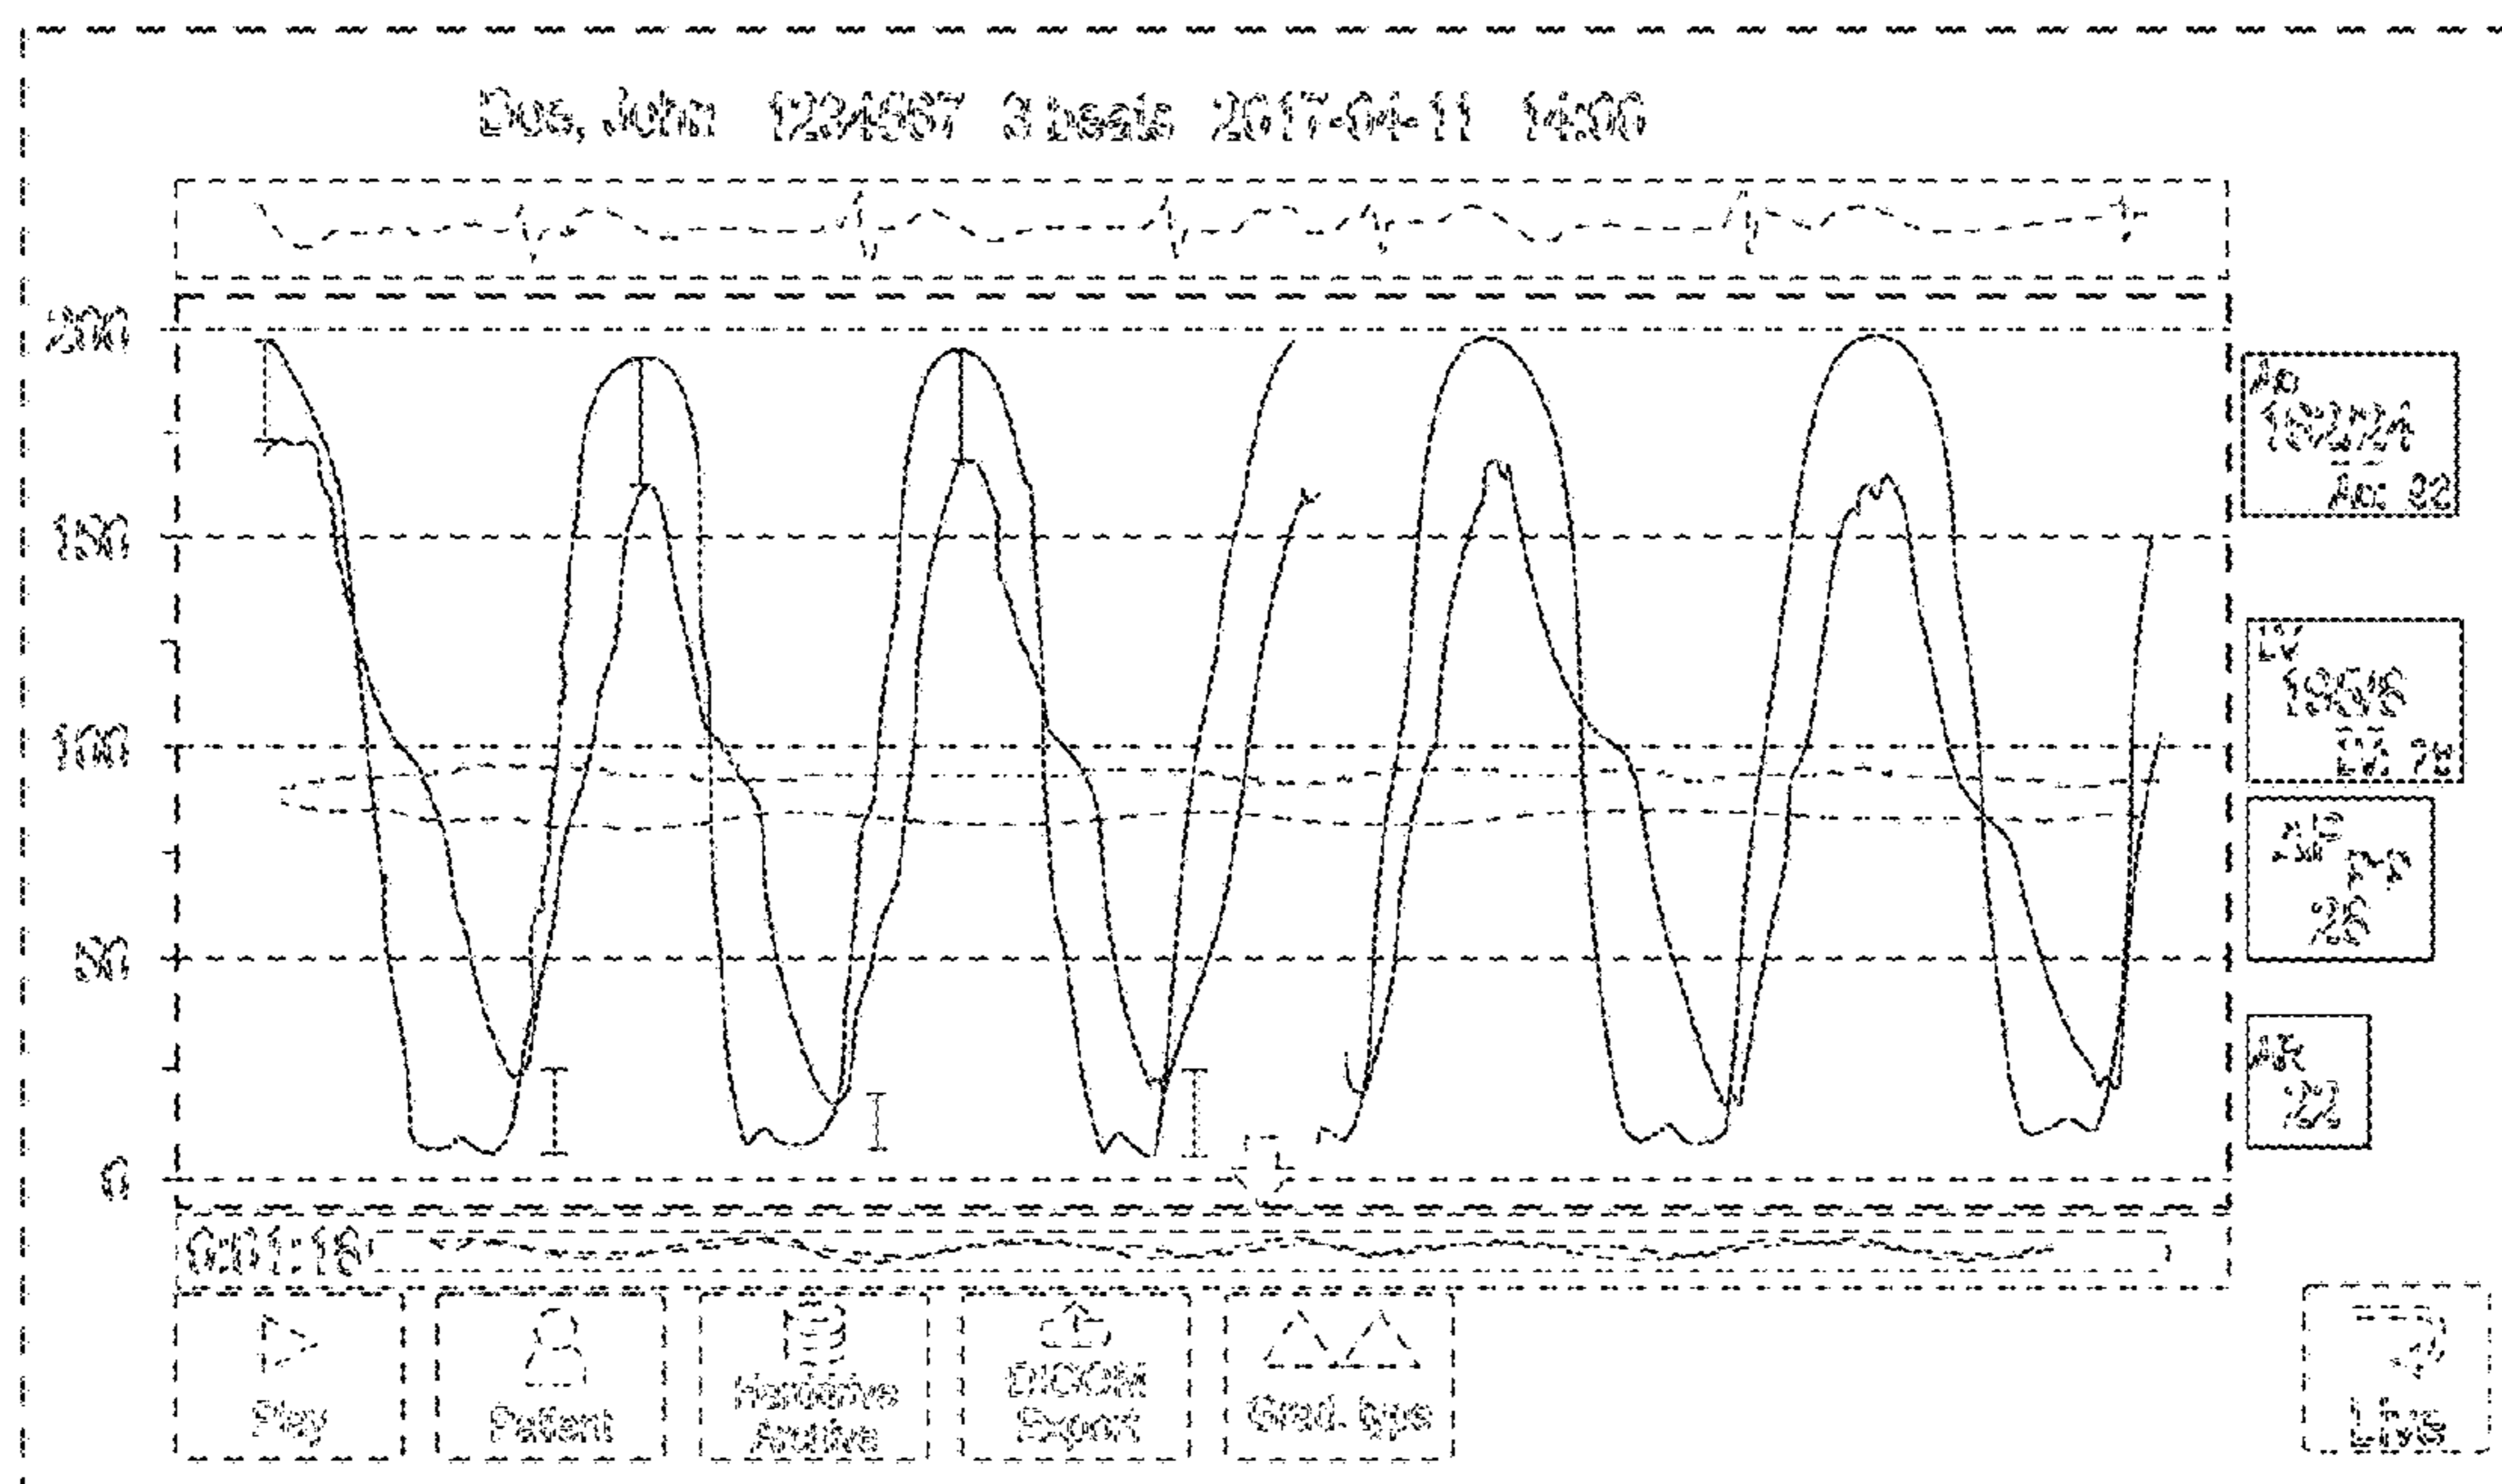

**DESCRIPTION**

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface in accordance with a first embodiment; and,

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface in accordance with a second embodiment.

The broken lines, including those showing a display screen or portion thereof and those depicting portions of a graphical user interface, form no part of the claimed design.

**1 Claim, 2 Drawing Sheets**

FIG. 1

FIG. 2
