(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

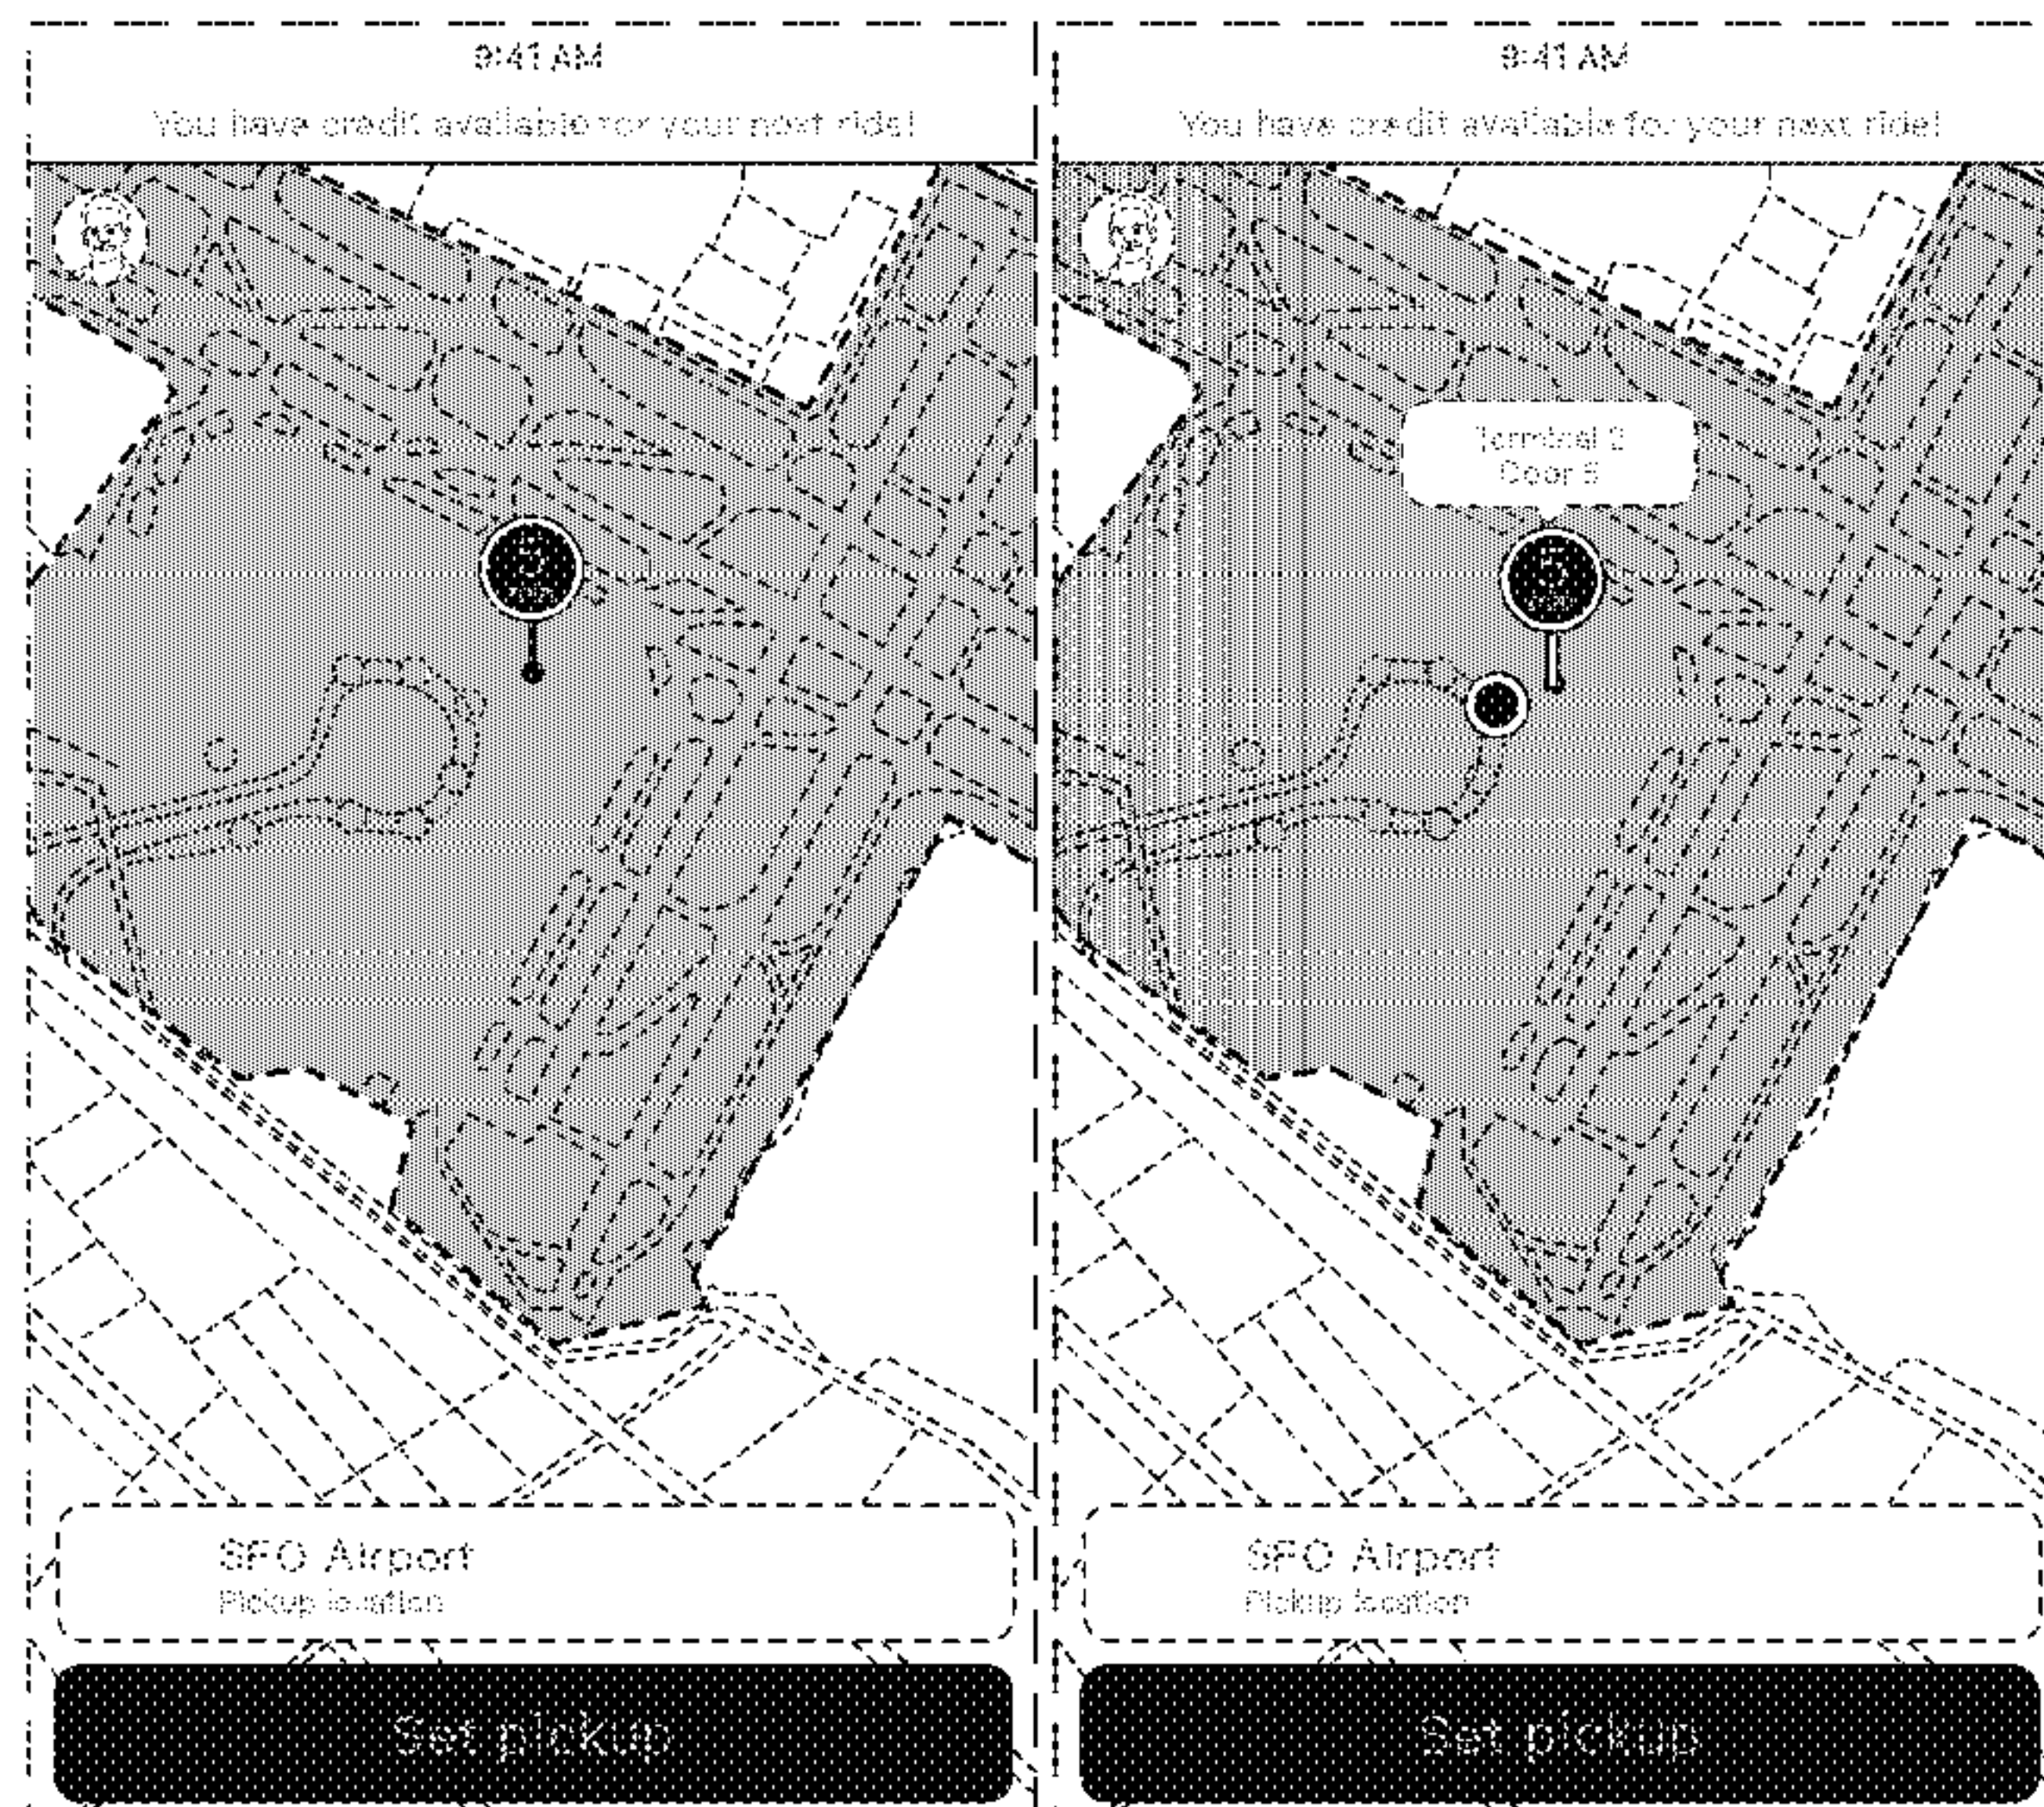

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design; FIG. 2 is a second image thereof; and, FIG. 3 is a third image thereof.

The broken lines around the Figures show a display screen or portion thereof and form no part of the claimed design. The broken lines within the Figures show portions of the graphical user interface that form no part of the claimed design. The appearance of the graphical user interface transitions sequentially between the images shown. The process or period in which one image transitions to another forms no part of the claimed design.

Logos and trademarks in the Figures in the Specification, including names, dates, times, locations, and other text, illustrate portions of the article and form no part of the claimed design. Any trademarks and copyrights are the property of their respective owners.
