(57) **CLAIM**
The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawings/photograph(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 shows a first image of a display screen or portion thereof with animated graphical user interface showing our new design;
FIG. 2 shows a second image thereof; and,
FIG. 3 shows a third image thereof.
The peripheral dashed broken lines illustrate a display screen or portion thereof, which forms no part of the claimed design.
The appearance of the graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The

(Continued)

process or period in which one image transitions to another forms no part of the claimed design.
