(57) **CLAIM**

The ornamental design of an electronic device, substantially as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of the electronic device according a first embodiment.

FIG. 2 is a top view of the electronic device according to the first embodiment.

FIG. 3 is a left side view of the electronic device according to the first embodiment.

FIG. 4 is a front view of the electronic device according to the first embodiment.

FIG. 5 is a right side view of the electronic device according to the first embodiment.

FIG. 6 is a rear view of the electronic device according the first embodiment.

FIG. 7 is a bottom view of the electronic device according to the first embodiment.

FIG. 8 is a bottom perspective view of the electronic device according to the first embodiment.

FIG. 9 is a top perspective view of the electronic device according a second embodiment.

FIG. 10 is a top view of the electronic device according to the second embodiment.

FIG. 11 is a left side view of the electronic device according to the second embodiment.

FIG. 12 is a front view of the electronic device according to the second embodiment.

FIG. 13 is a right side view of the electronic device according to the second embodiment.

FIG. 14 is a rear view of the electronic device according the second embodiment.

FIG. 15 is a bottom view of the electronic device according to the second embodiment.

FIG. 16 is a bottom perspective view of the electronic device according to the second embodiment.

FIG. 17 is a top perspective view of the electronic device according a third embodiment.

FIG. 18 is a top view of the electronic device according to the third embodiment.

FIG. 19 is a left side view of the electronic device according to the third embodiment.

FIG. 20 is a front view of the electronic device according to the third embodiment.

FIG. 21 is a right side view of the electronic device according to the third embodiment.

FIG. 22 is a rear view of the electronic device according the third embodiment.

FIG. 23 is a bottom view of the electronic device according to the third embodiment; and,

(Continued)

FIG. 24 is a bottom perspective view of the electronic device according to the third embodiment.

The broken lines on the bottom surface within the claimed design in the first and second embodiments are for illustrative purposes only. None of the broken lines form a part of the claimed design. The upper portion of the electronic device is transparent or translucent.
