(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen or portion thereof with graphical user interface. The outermost dot-dot-dash broken lines show a display screen or portion thereof, and form no part of the claimed design. The broken-line text illustrates portions of the graphical user interface and does not form part of the claimed design. The vertical and horizontal dashed broken lines shown in the FIGURE form parts of the claimed design.
