(57) **CLAIM**

The ornamental design for a display device with a graphical user interface presenting an invoice tracker, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display device with a graphical user interface presenting an invoice tracker; and,

FIG. 2 is a second image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design.

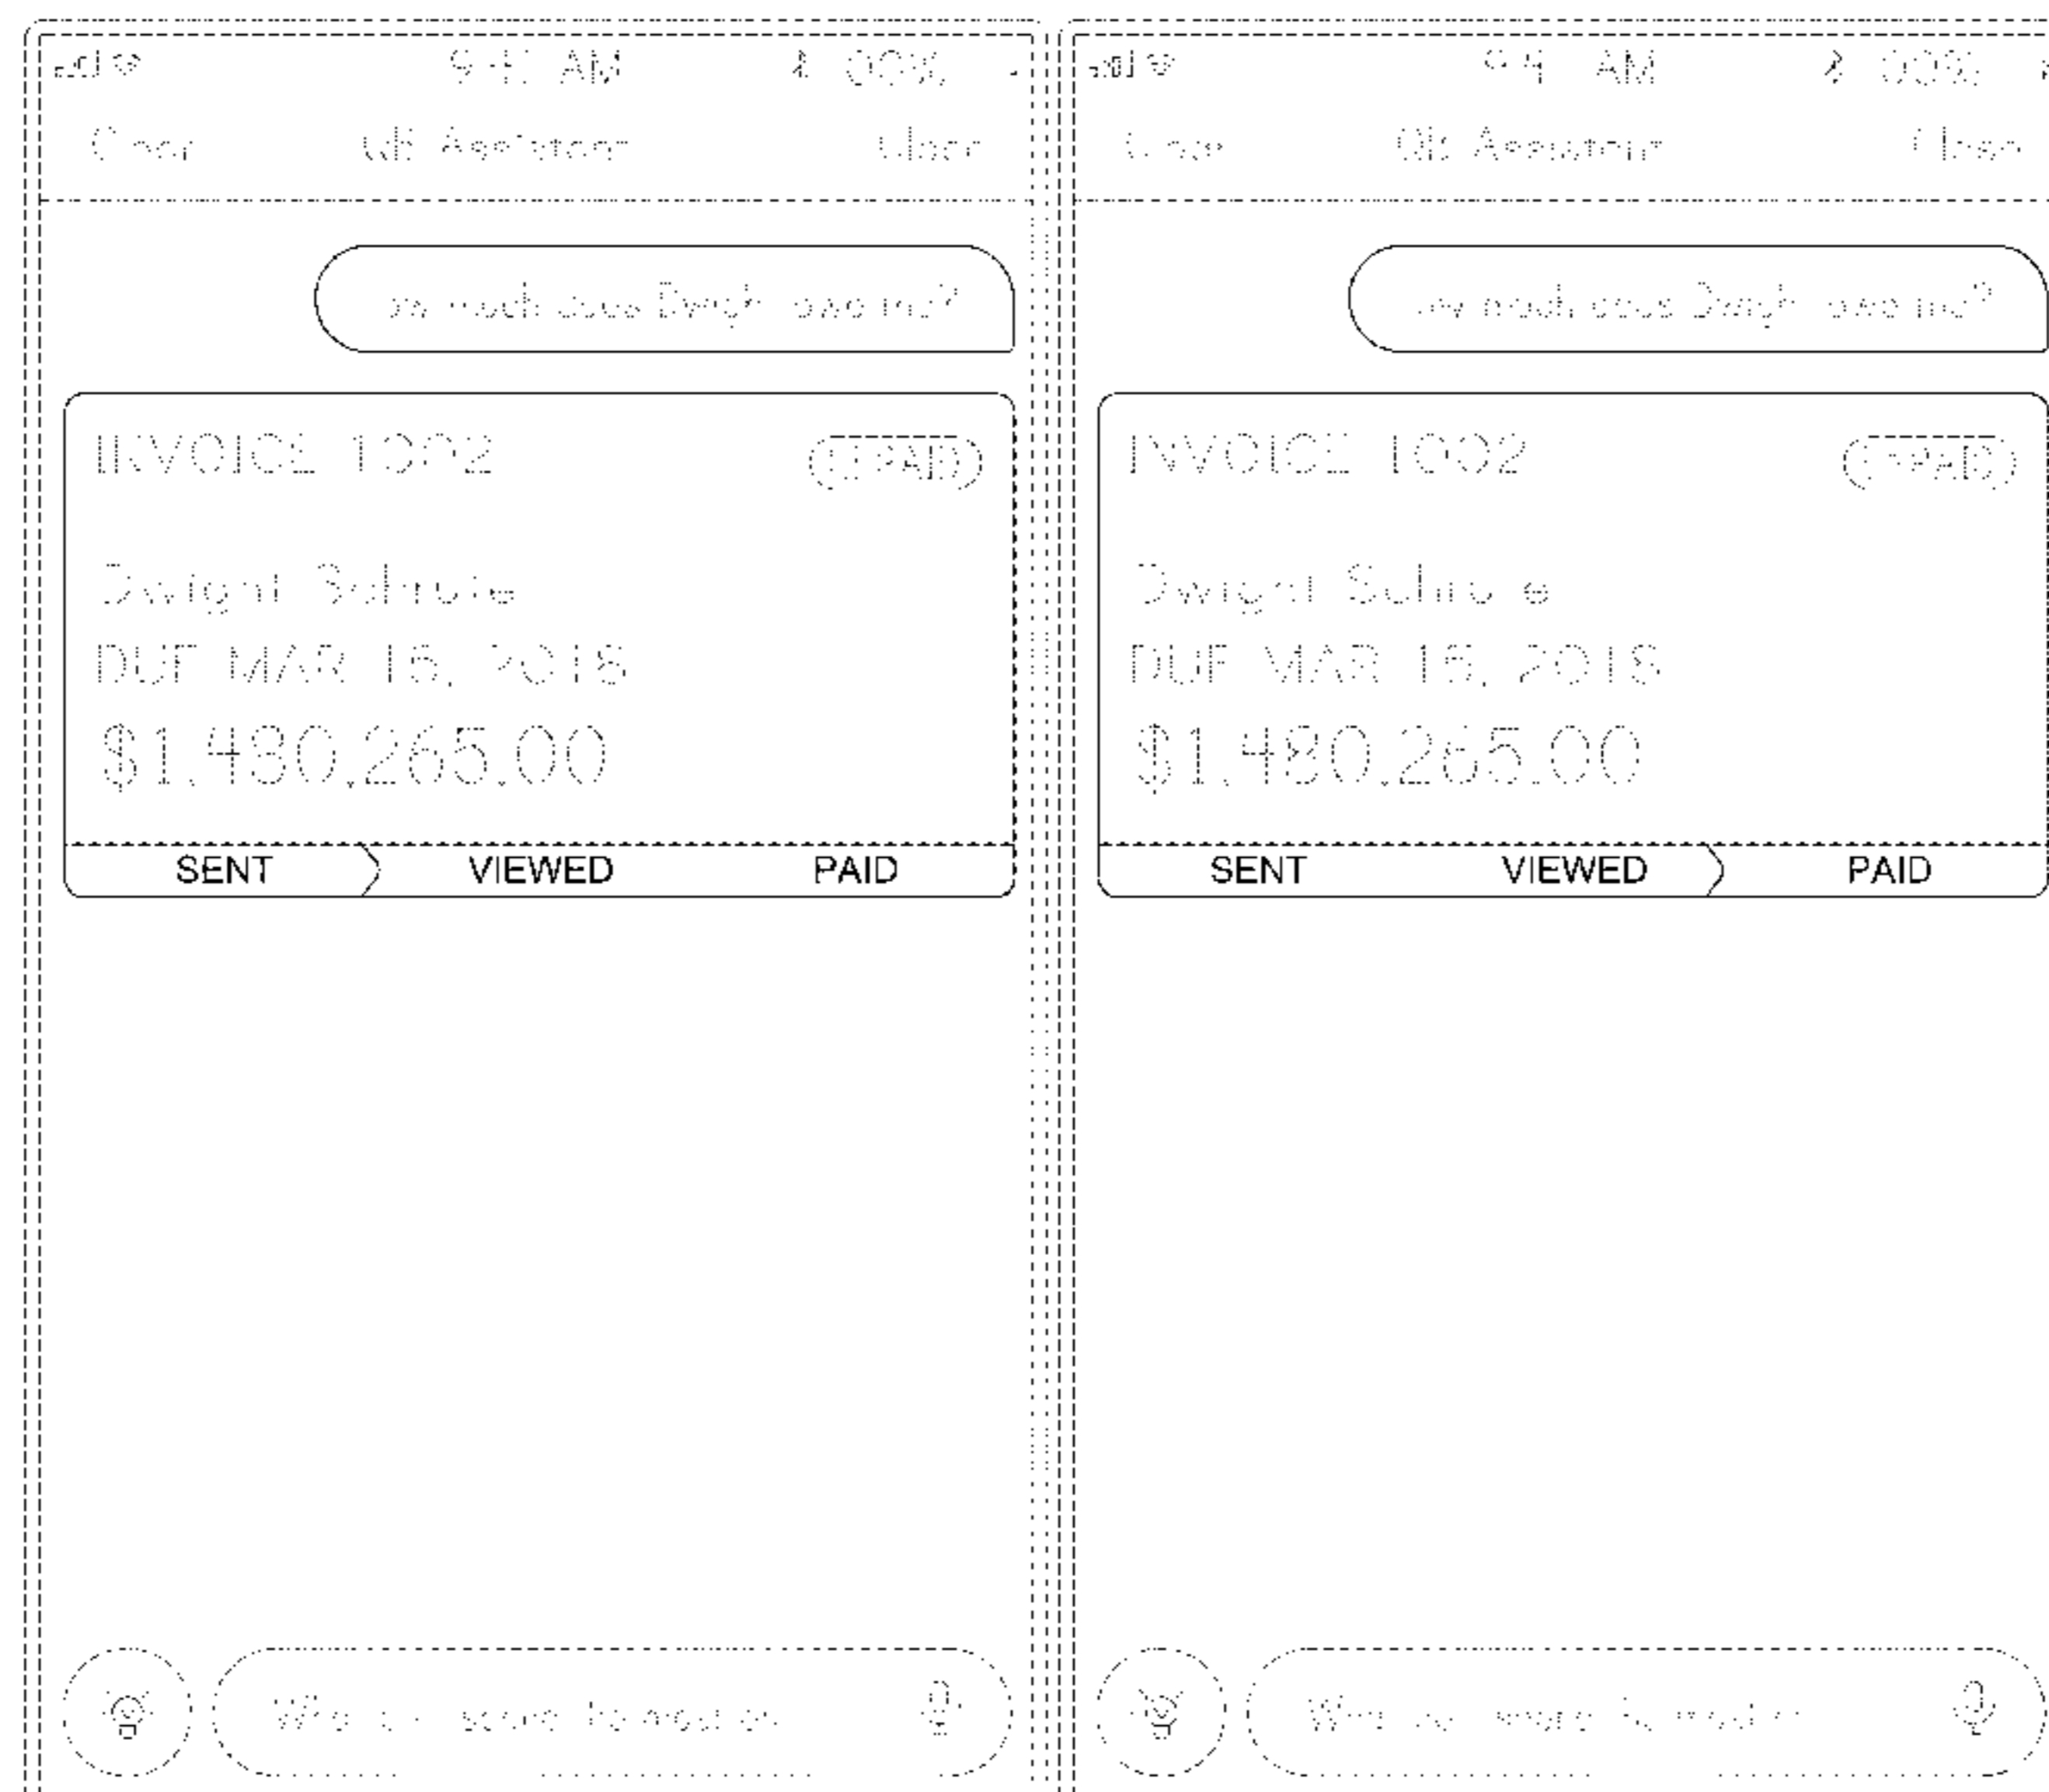

The inner vertically-oriented broken-line rectangle illustrates a display screen and forms no part of the claimed design. The broken lines within this rectangle illustrate portions of the graphical user interface and form no part of the claimed design. The outer vertically-oriented broken-line rectangle illustrates a display device and forms no part of the claimed design.
