(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an electronic device with graphical user interface showing the claimed design; and, FIG. 2 shows an environmental electronic device to which the graphical user interface of FIG. 1 is applied.

The outermost dashed broken lines in the figures show an electronic device having a display screen, and form no part of the claimed design. The other dashed broken lines in the figures show portions of the graphical user interface that form no part of the claimed design.

The dot-dash broken lines in the figures and the areas within the dot-dash broken lines show portions of the graphical user interface that form no part of the claimed design.
