(57) **CLAIM**

We claim the ornamental design for a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen with a graphical user interface.

The dot-dash broken lines illustrate the display screen and form no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface and form no part of the claimed design.

The user interface may be displayed on a variety of different electronic displays including but not limited to communications terminals, electronic thermostats, desktop computers, laptop computers, tablets, smartphones, portable electronic devices, smart phones, and/or other types of electronic displays.
