(57) **CLAIM**

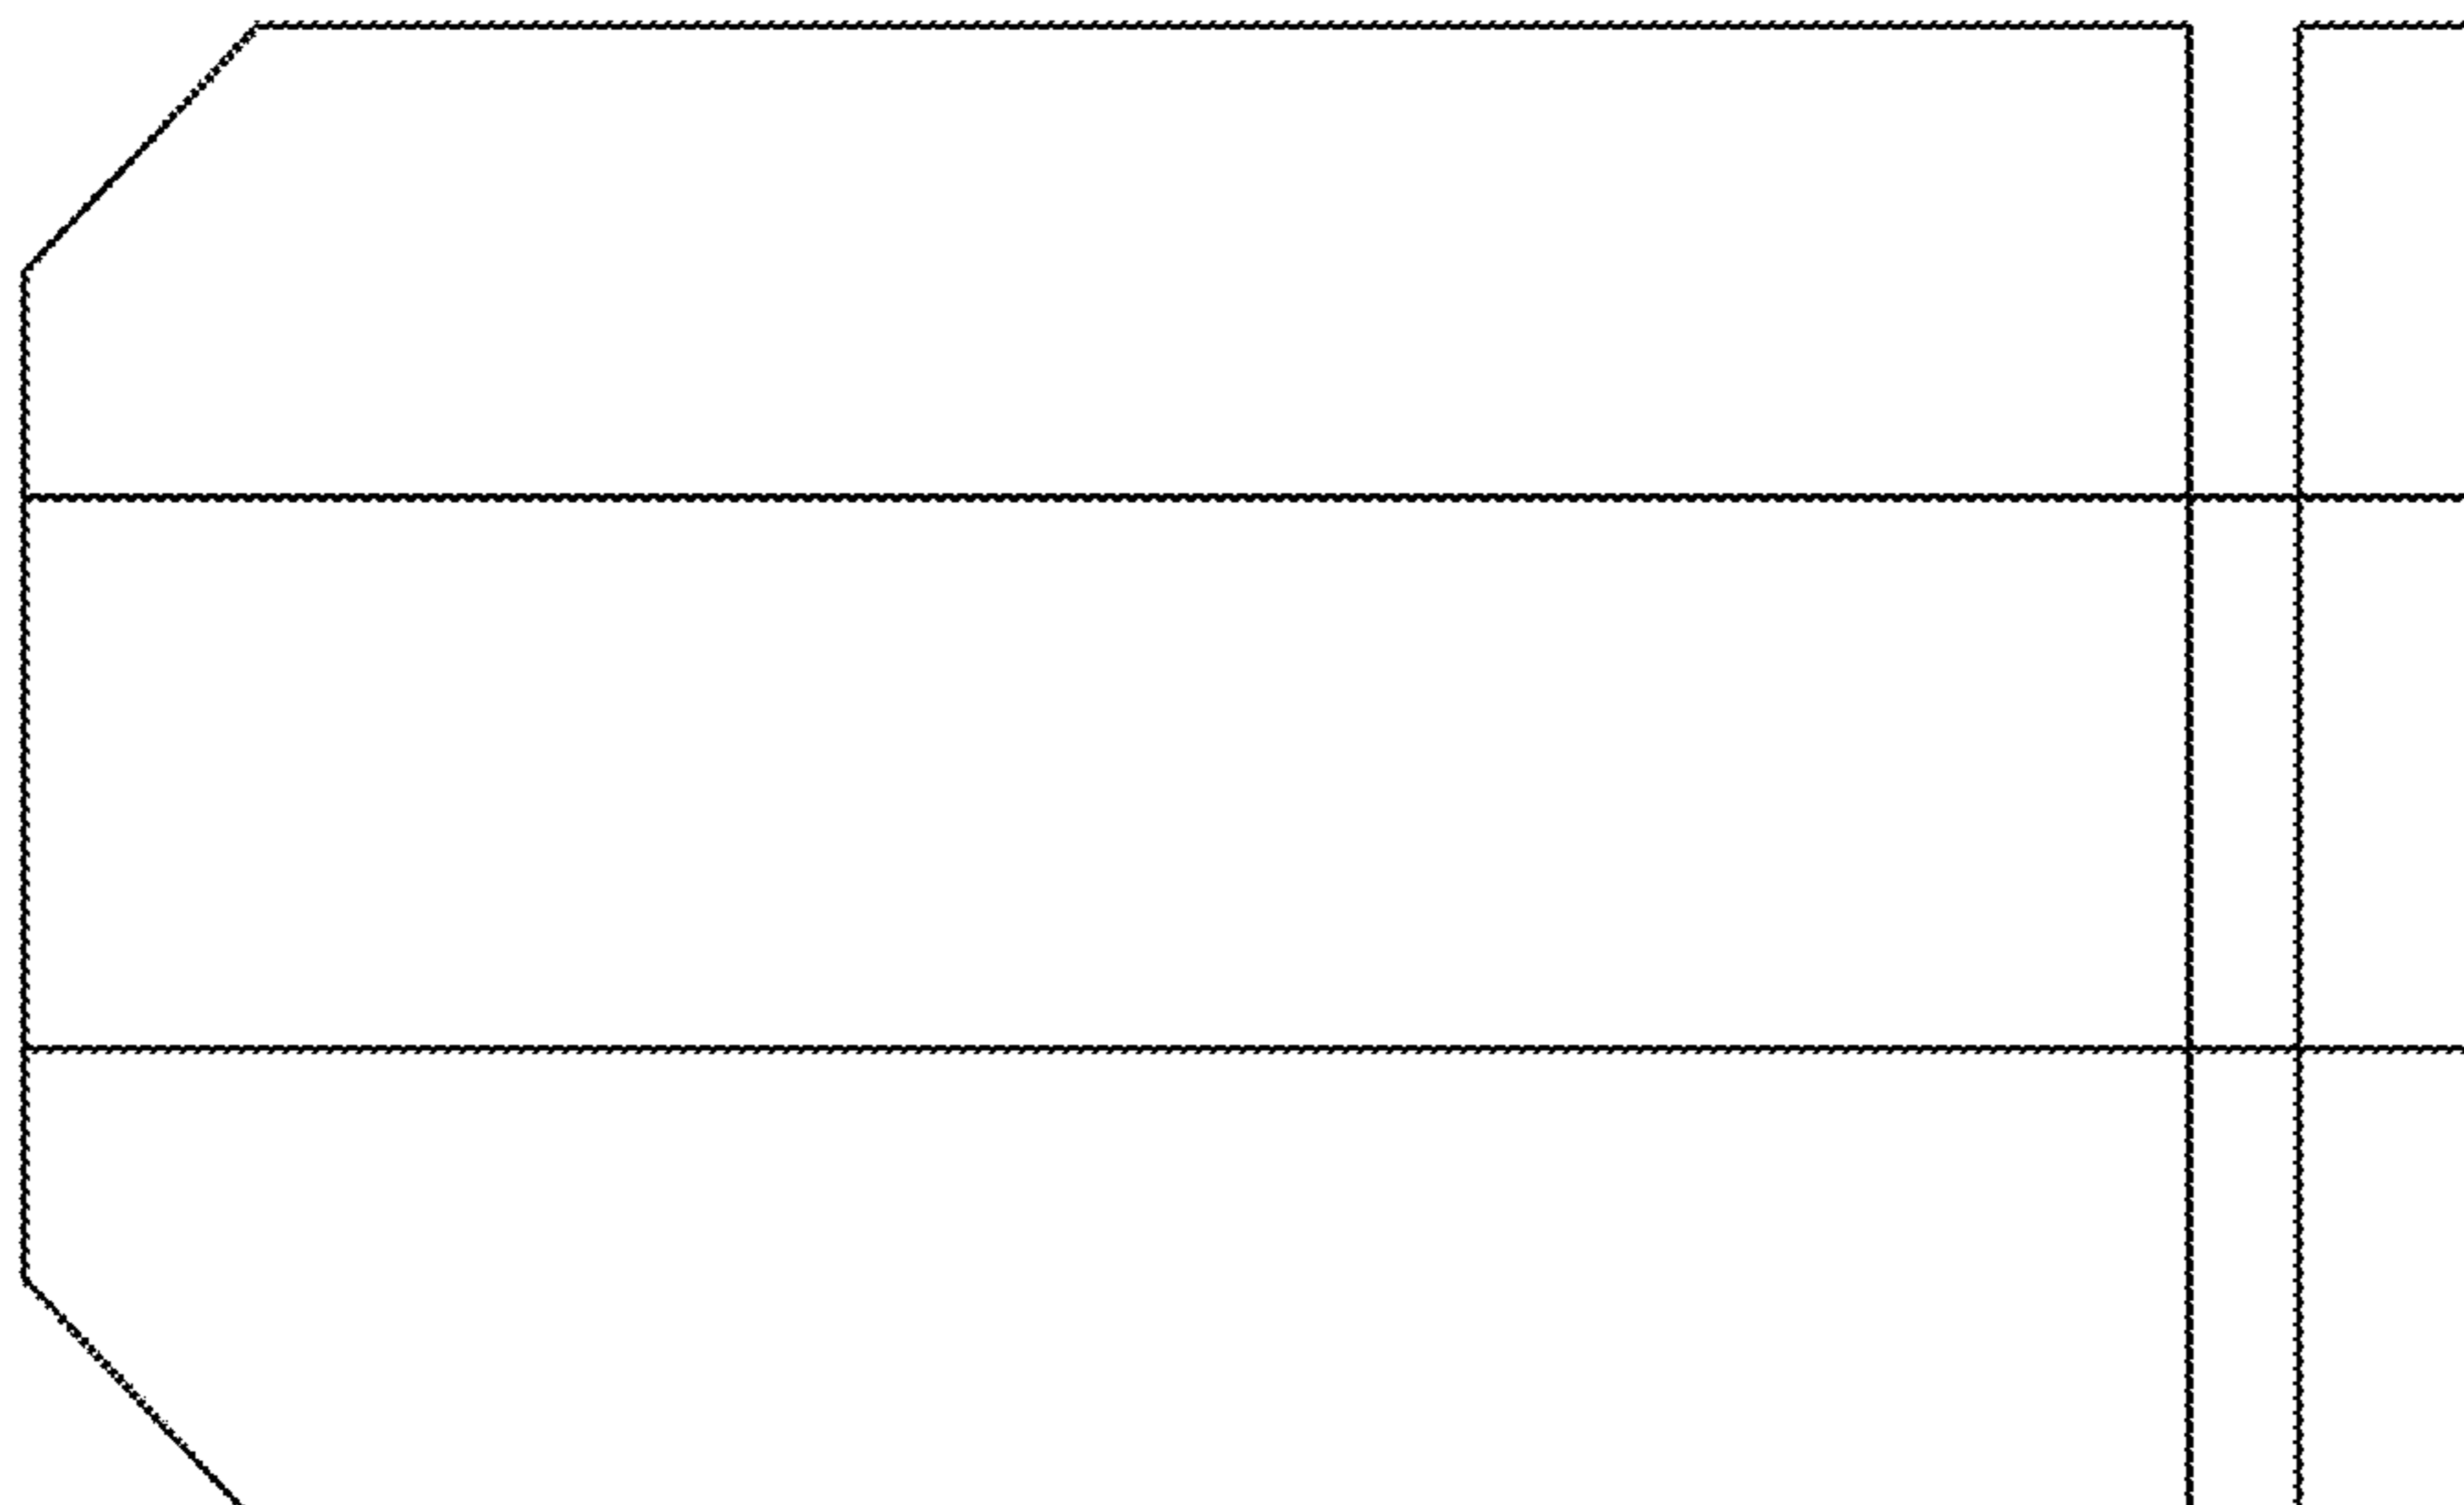

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface, showing our new design; and, FIG. 2 is a supplementary view of the solid line subject matter of the claimed design in FIG. 1, shown isolated from broken-line subject matter and enlarged, for clarity of disclosure.

The dot-dash lines illustrate the bounds of the claimed design and form no part thereof. The outermost broken lines illustrate a display screen and form no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.
