(57) **CLAIM**

The ornamental design for a display screen or portions thereof with set of graphical user interfaces, as shown and described.

DESCRIPTION

The sole FIGURE shows portions of a display screen with set of graphical user interfaces showing my new design. The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design.

The elements of the set are arranged relatively on the drawing sheet for the convenience of illustration, and the placement of each element relative to another, or to the drawing sheet, forms no part of the claimed design.

The claim is directed to the collective appearance of the set of graphical user interfaces shown.
