The ornamental design for a display screen with an animated graphical user interface, as shown and described.

See application file for complete search history.

DESCRIPTION

(56) **References Cited**

FIG. 1 is a front view of a first image of a display screen with an animated graphical user interface, showing our new design;
FIG. 2 is a front view of a second image; and,
FIG. 3 is a front view of a third image.
The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3.
