DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface according to the claimed design.

FIG. 2 is a rear view of the display screen with graphical user interface.

FIG. 3 is a left side view of the display screen with graphical user interface.

FIG. 4 is a right side view of the display screen with graphical user interface.

FIG. 5 is a top view of the display screen with graphical user interface; and,

FIG. 6 is a bottom view of the display screen with graphical user interface.

The dash-dot-dot broken lines in the drawings show a device with display screen, and form no part of the claimed design.

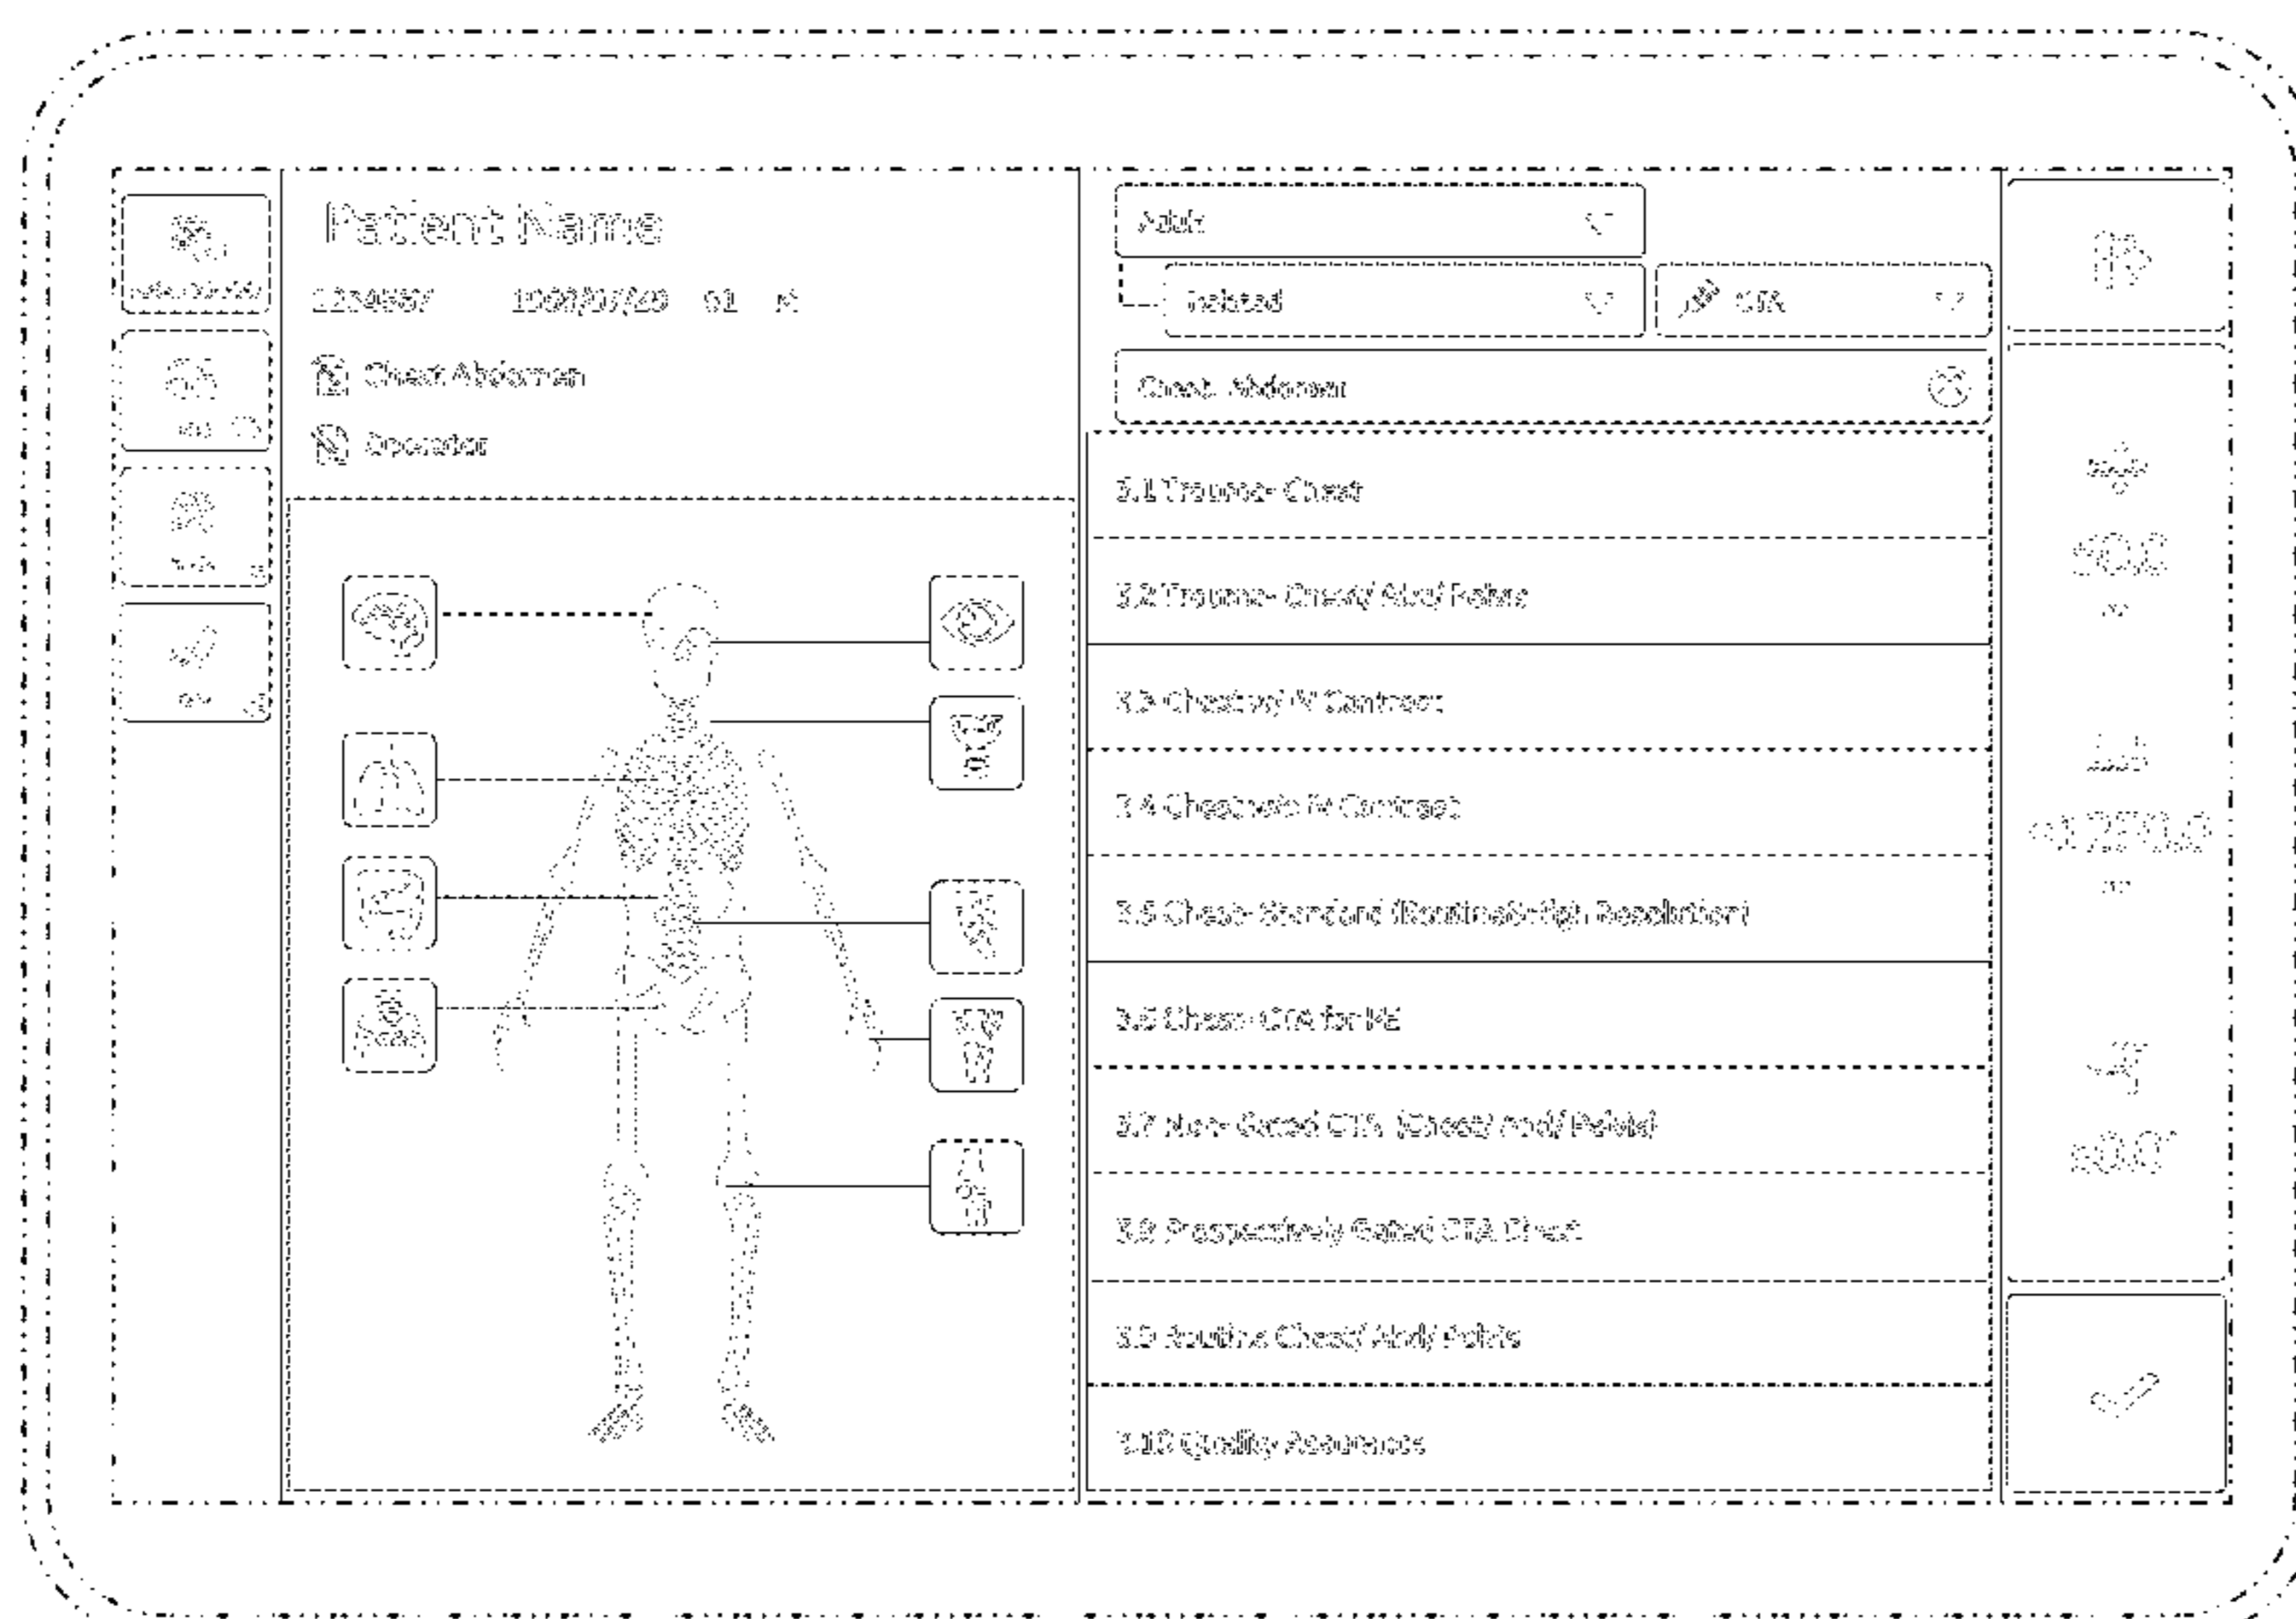

The dash-dash broken lines in the drawings illustrate portions of the display screen with graphical user interface that form no part of the claimed design.
