FIG. 1 is a front view of a display or a portion thereof with graphical user interface for clinical practice guidelines in accordance with our new design; and,

FIG. 2 is an enlarged view of the area indicated with dot-dot-dashed boundary lines in FIG. 1.

The dotted broken lines showing display or portion thereof with set of graphical user interfaces for clinical practice guidelines represent environmental structure and form no part of the claimed design. The dot-dot-dashed broken lines represent boundaries and form no part of the claimed design. The graphical user interfaces are arranged as shown for convenience of illustration. The relative arrangement of the graphical user interfaces form no part of the claimed design. The claim is directed to the collective appearance of the set of graphical user interfaces shown.
