(57) **CLAIM**

The ornamental design for a display screen or portion thereof with set of graphical user interfaces for clinical practice guidelines, as shown and described.

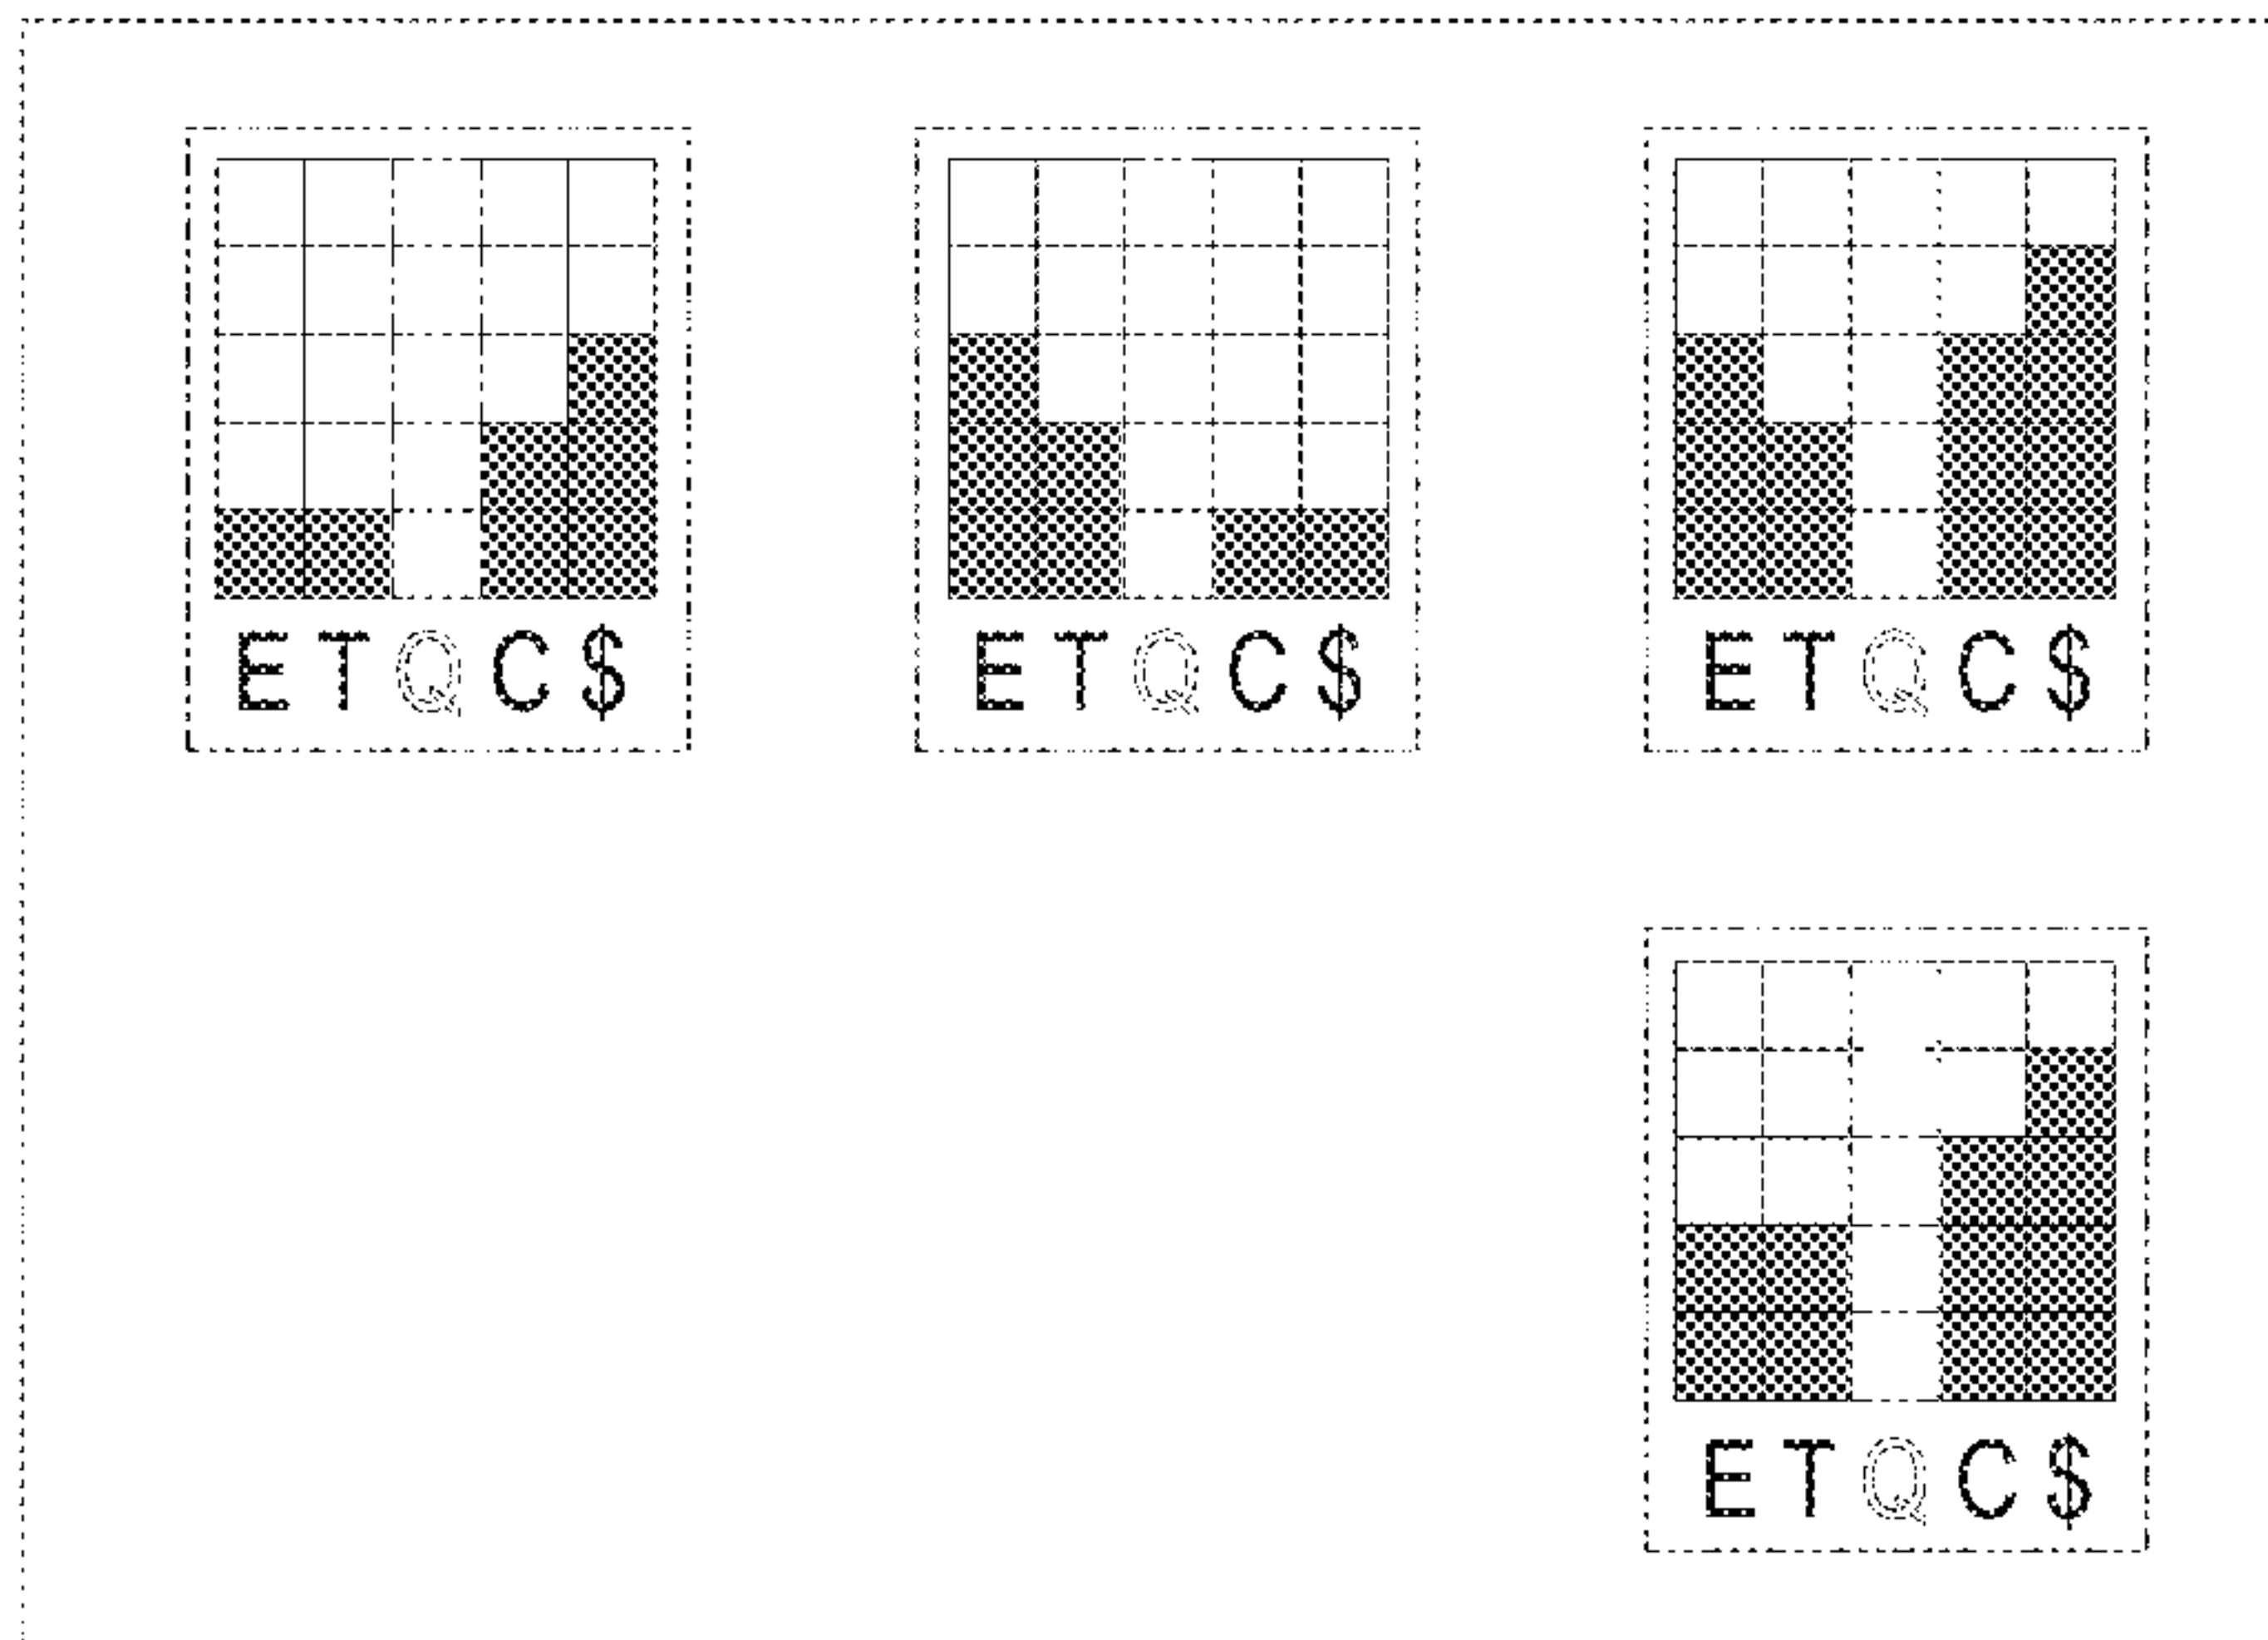

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with set of graphical user interfaces for clinical practice guidelines in accordance with our new design; and,

FIG. 2 is a front view of a second embodiment thereof. The broken lines showing elements of the display screen or portion thereof with set of graphical user interfaces for clinical practice guidelines is for illustration purposes only and forms no part of the claimed design. The dot-dot-dashed broken lines in FIGS. 1-2 represent unclaimed boundaries between claimed portions and unclaimed portions.

The graphical user interfaces are arranged as shown for convenience of illustration. The relative arrangement of the graphical user interfaces form no part of the claimed design. The claim is directed to the collective appearance of the set of graphical user interfaces shown.
