(57) **CLAIM**

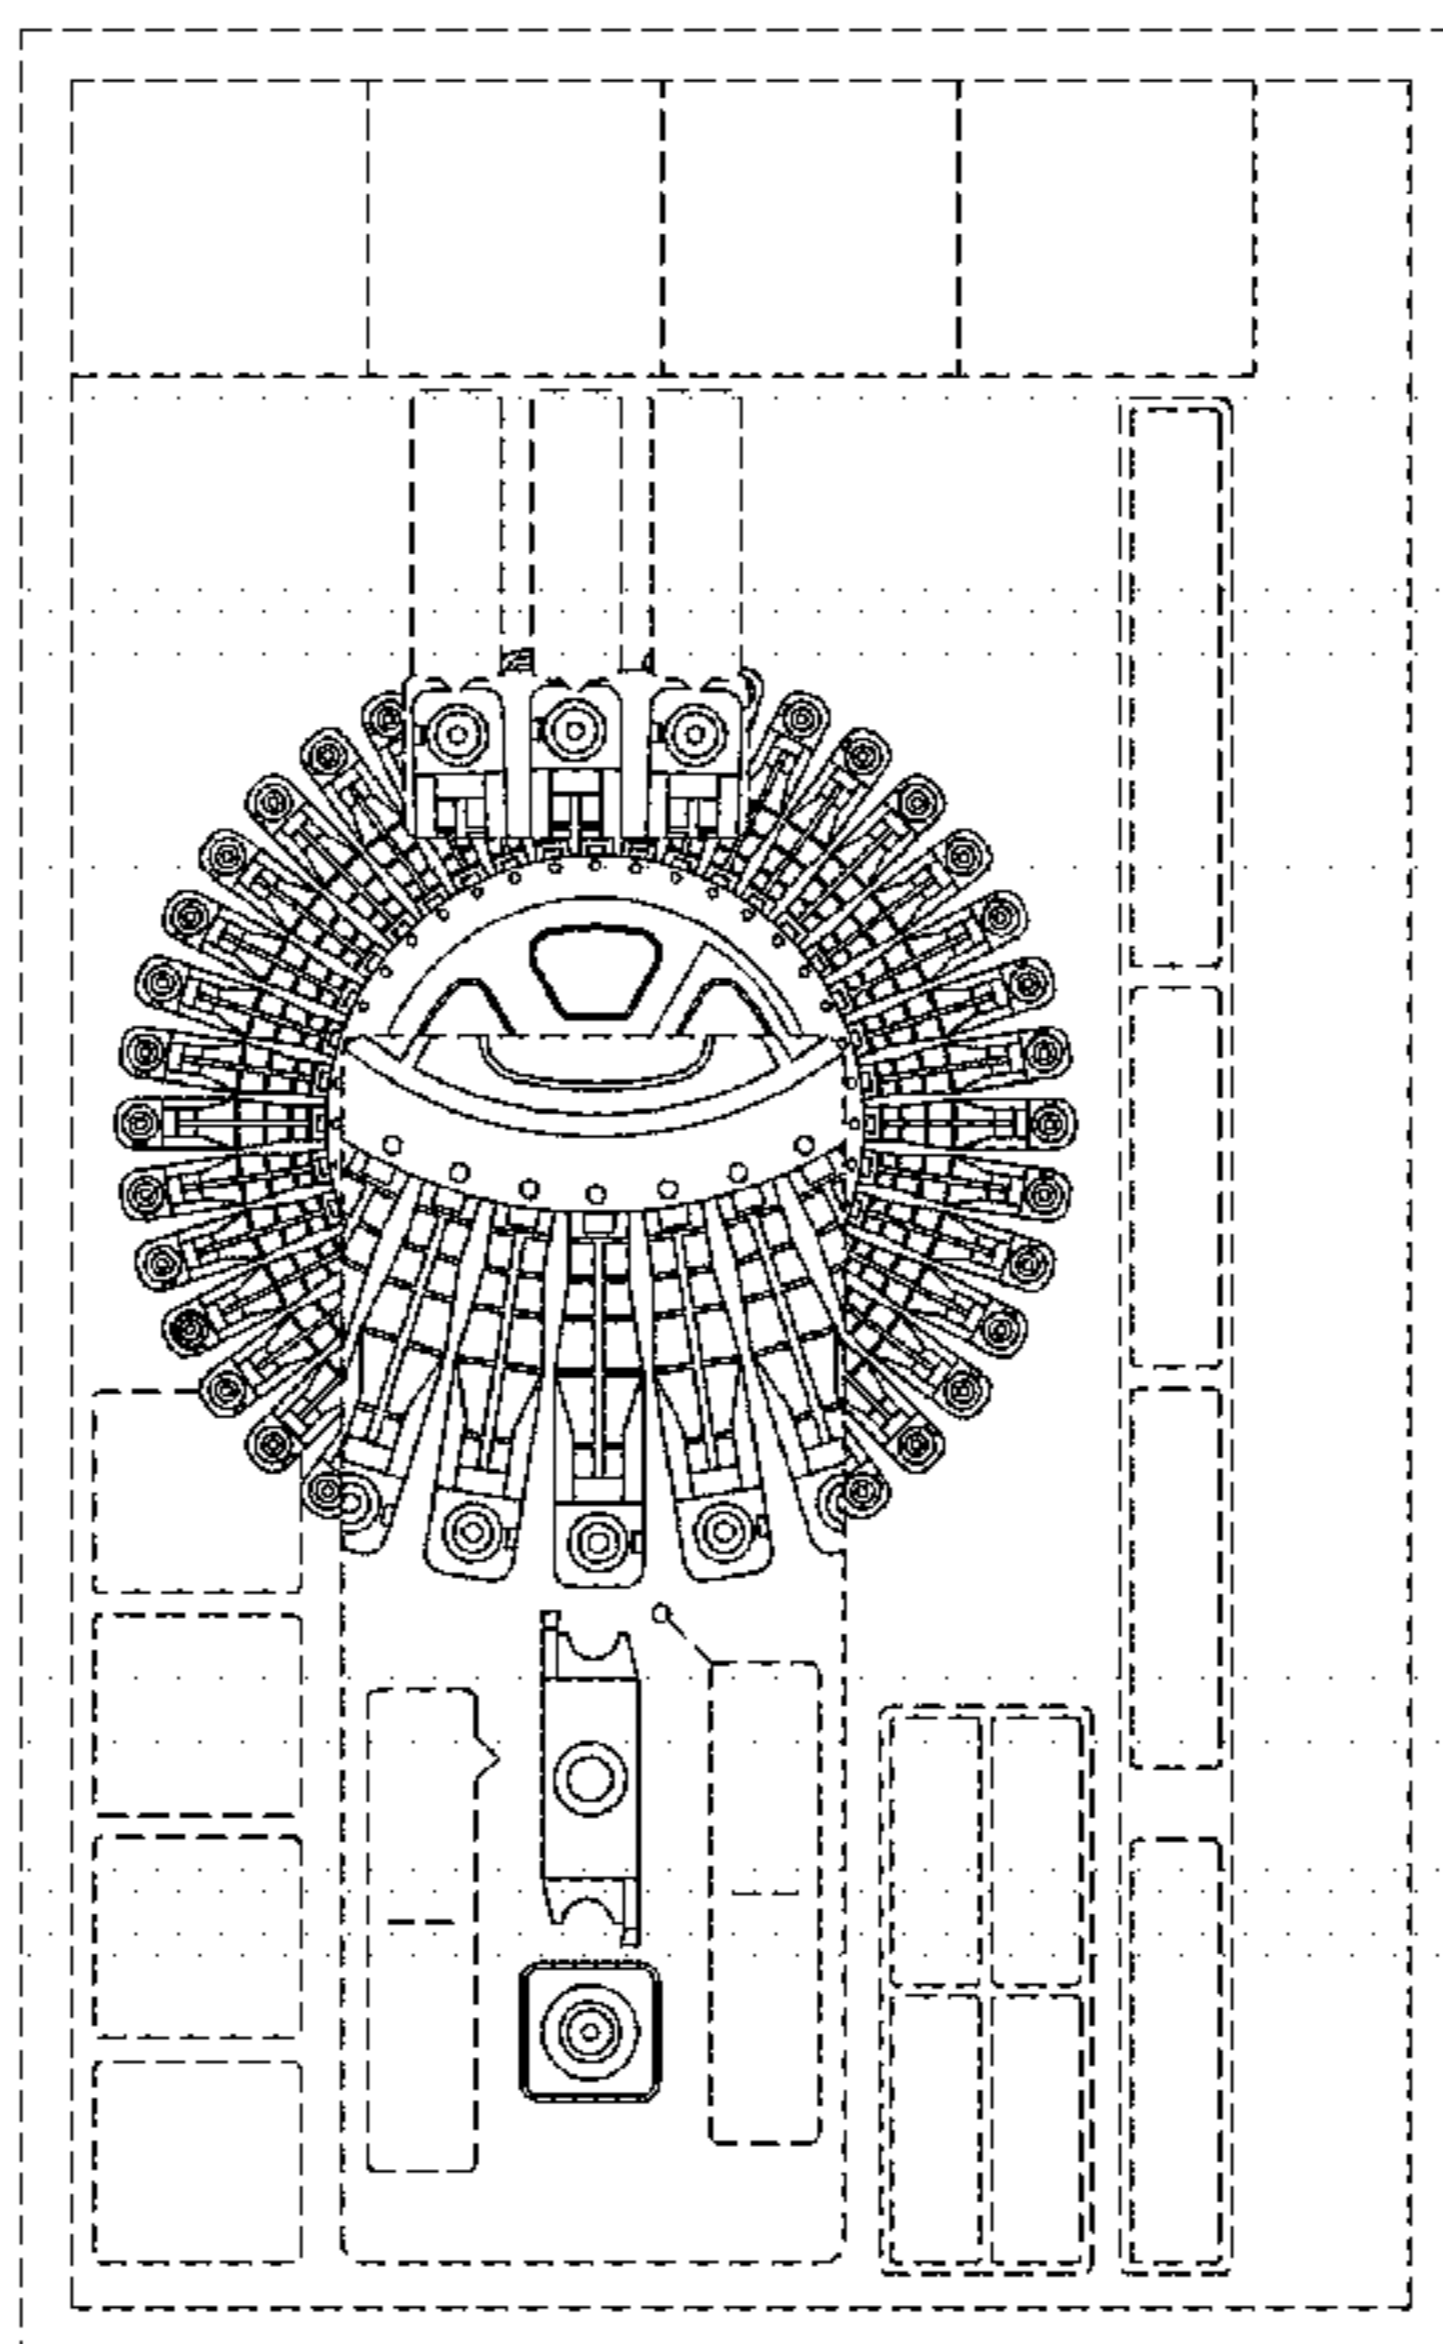

The ornamental design for a display screen with graphical user interface for machine tool, as shown and described.

DESCRIPTION

The FIGURE is a front view of the display screen with graphical user interface for machine tool showing the present design.

The outermost broken line rectangle illustrates a display screen and forms no part of the claimed design. The remaining broken lines show portions of the graphical user interface for machine tool that form no part of the claimed design.

1 Claim, 1 Drawing Sheet
