The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a graphical user interface for a display screen or portion thereof showing our new design. The outermost perimeter of broken lines depicts the game display screen or portion thereof, and form no part of the claimed design.

The internal broken line boxes showing portions of the game display screen with graphical user interface represent unclaimed regions or portions within a claimed design where neither the broken line boundaries nor the “faded” content within the broken lines forms a part of the claimed design.
