(57) **CLAIM**

The ornamental design for a watch face, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front elevation view of a watch face according to a first embodiment of the present invention;

FIG. 2 is a front perspective view thereof, shown with the hand removed;

FIG. 3 is a front elevation view thereof, shown with the hand removed;

FIG. 4 is a side elevation view in accordance with the first and second embodiment of the present invention, viewed from the six o'clock position;

FIG. 5 is a side elevation view in accordance with the first and second embodiment of the present invention, viewed from the twelve o'clock position;

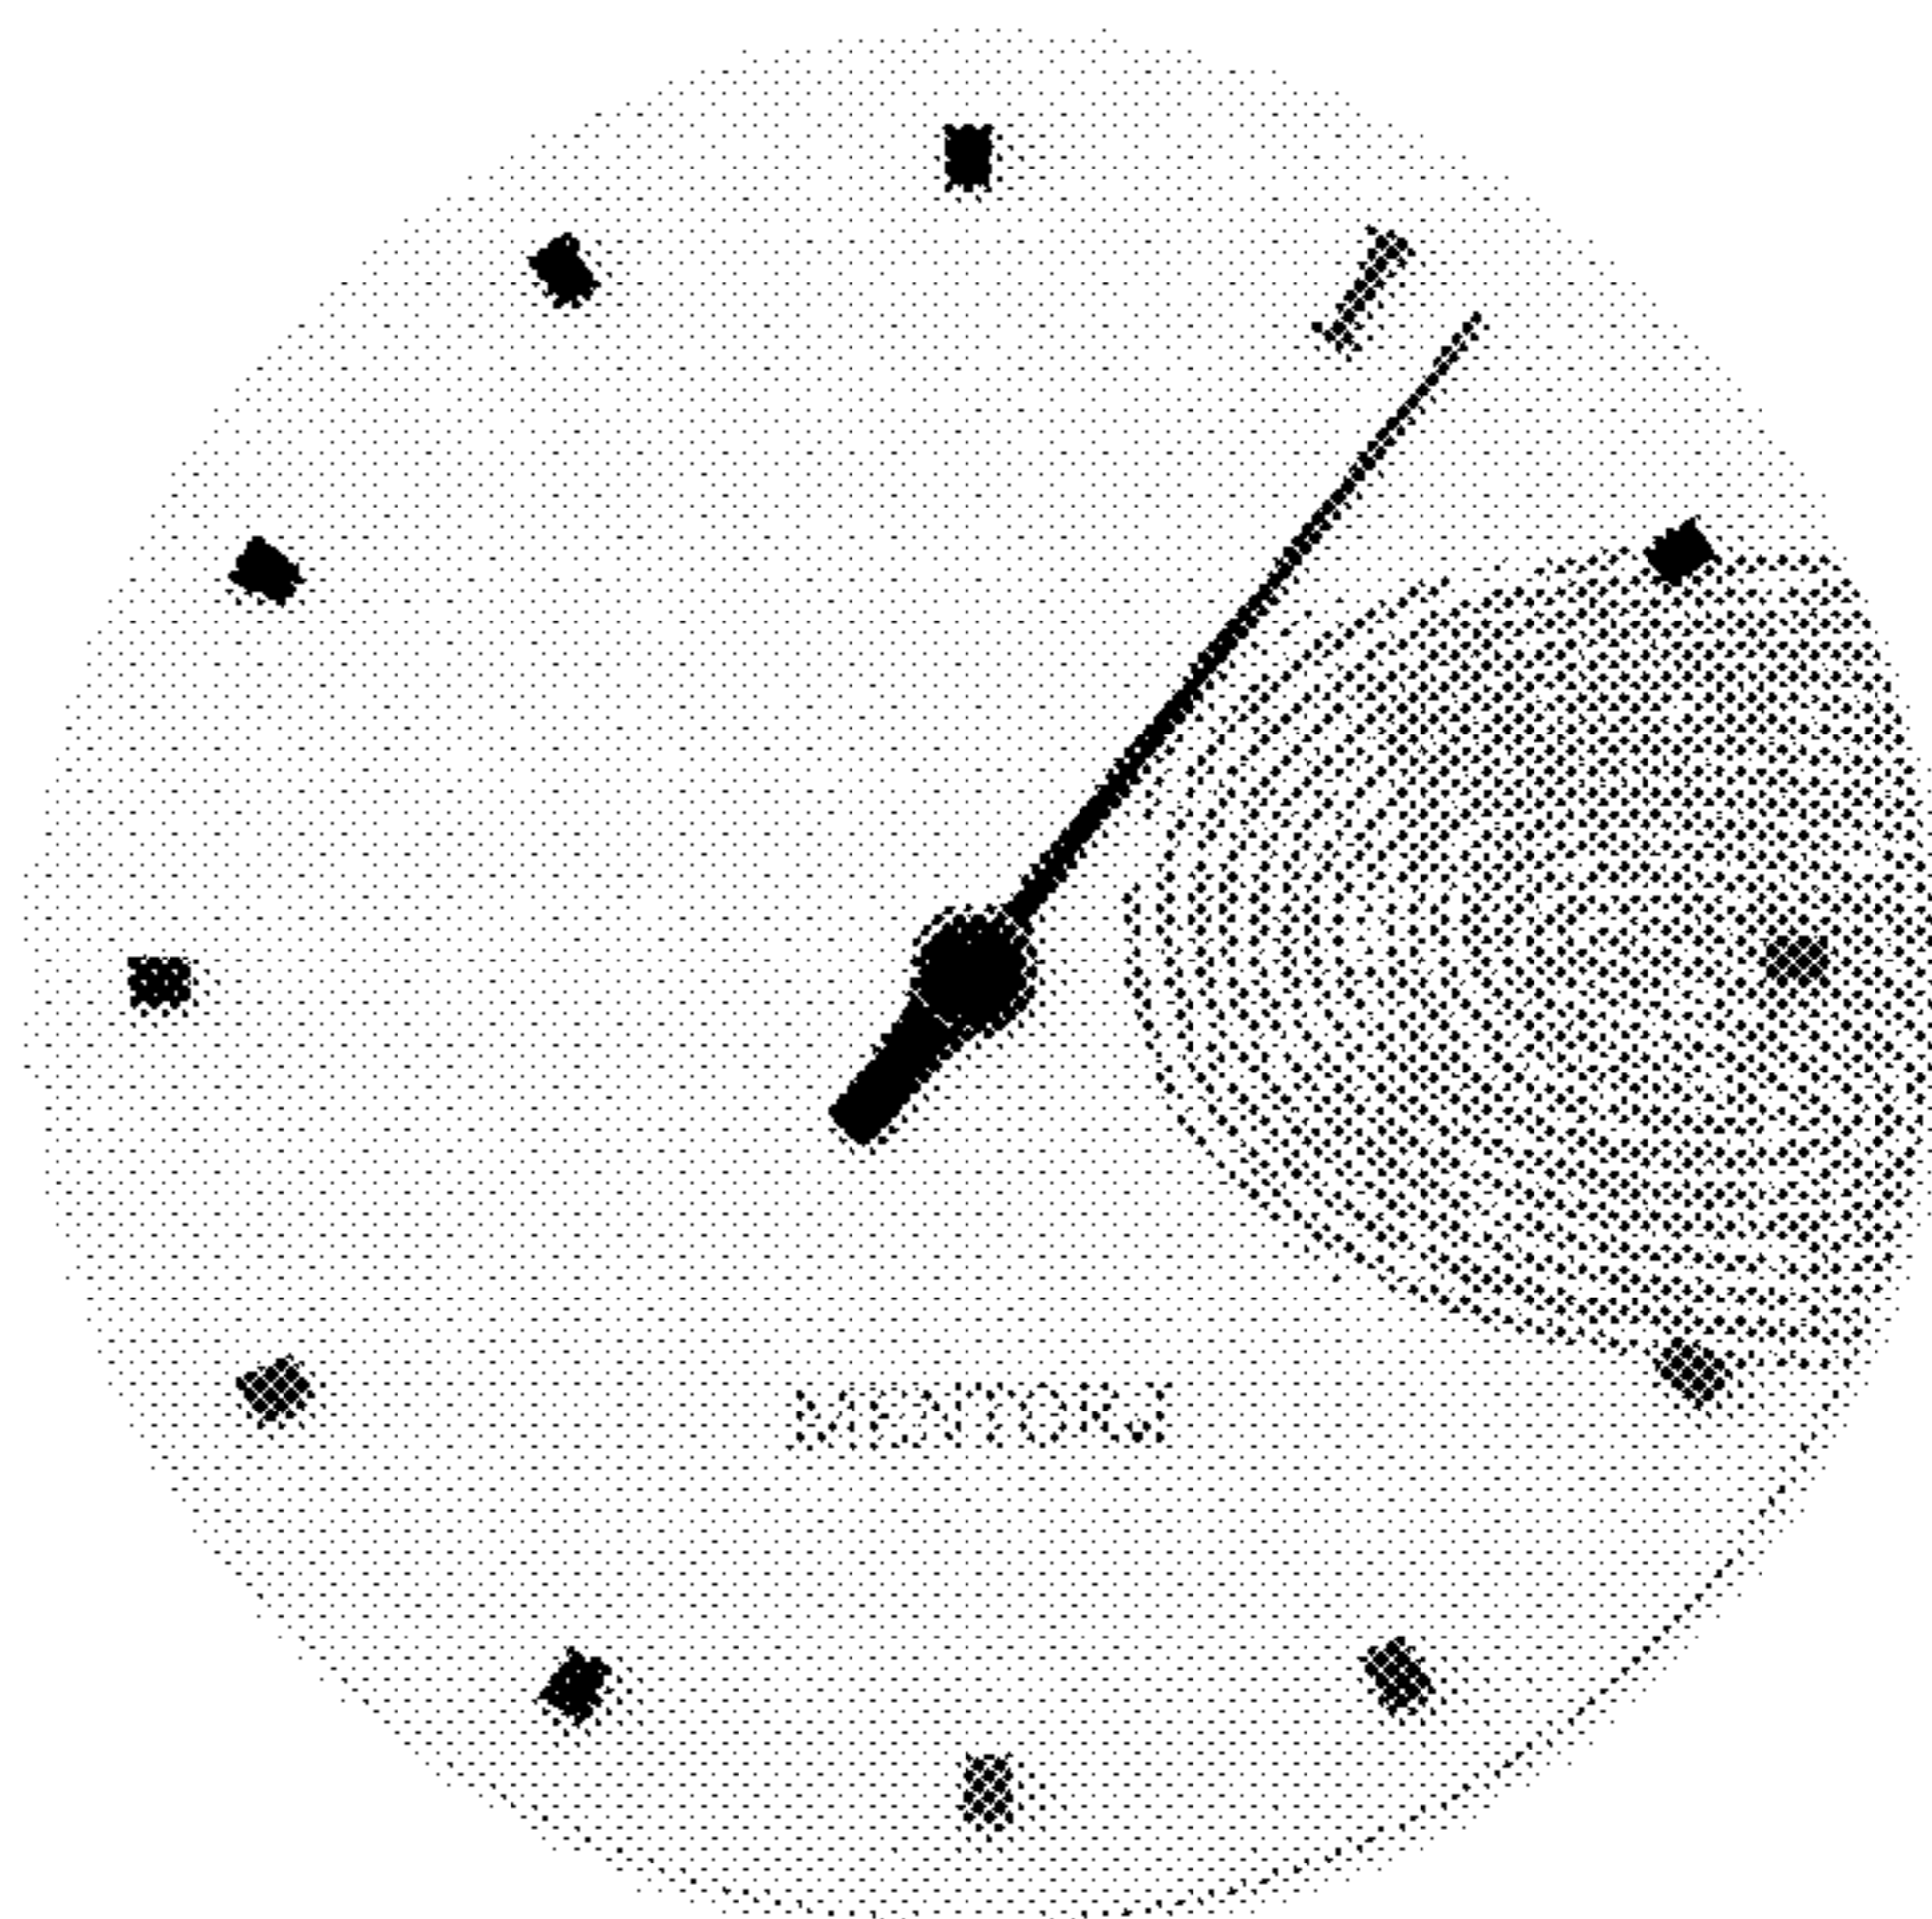

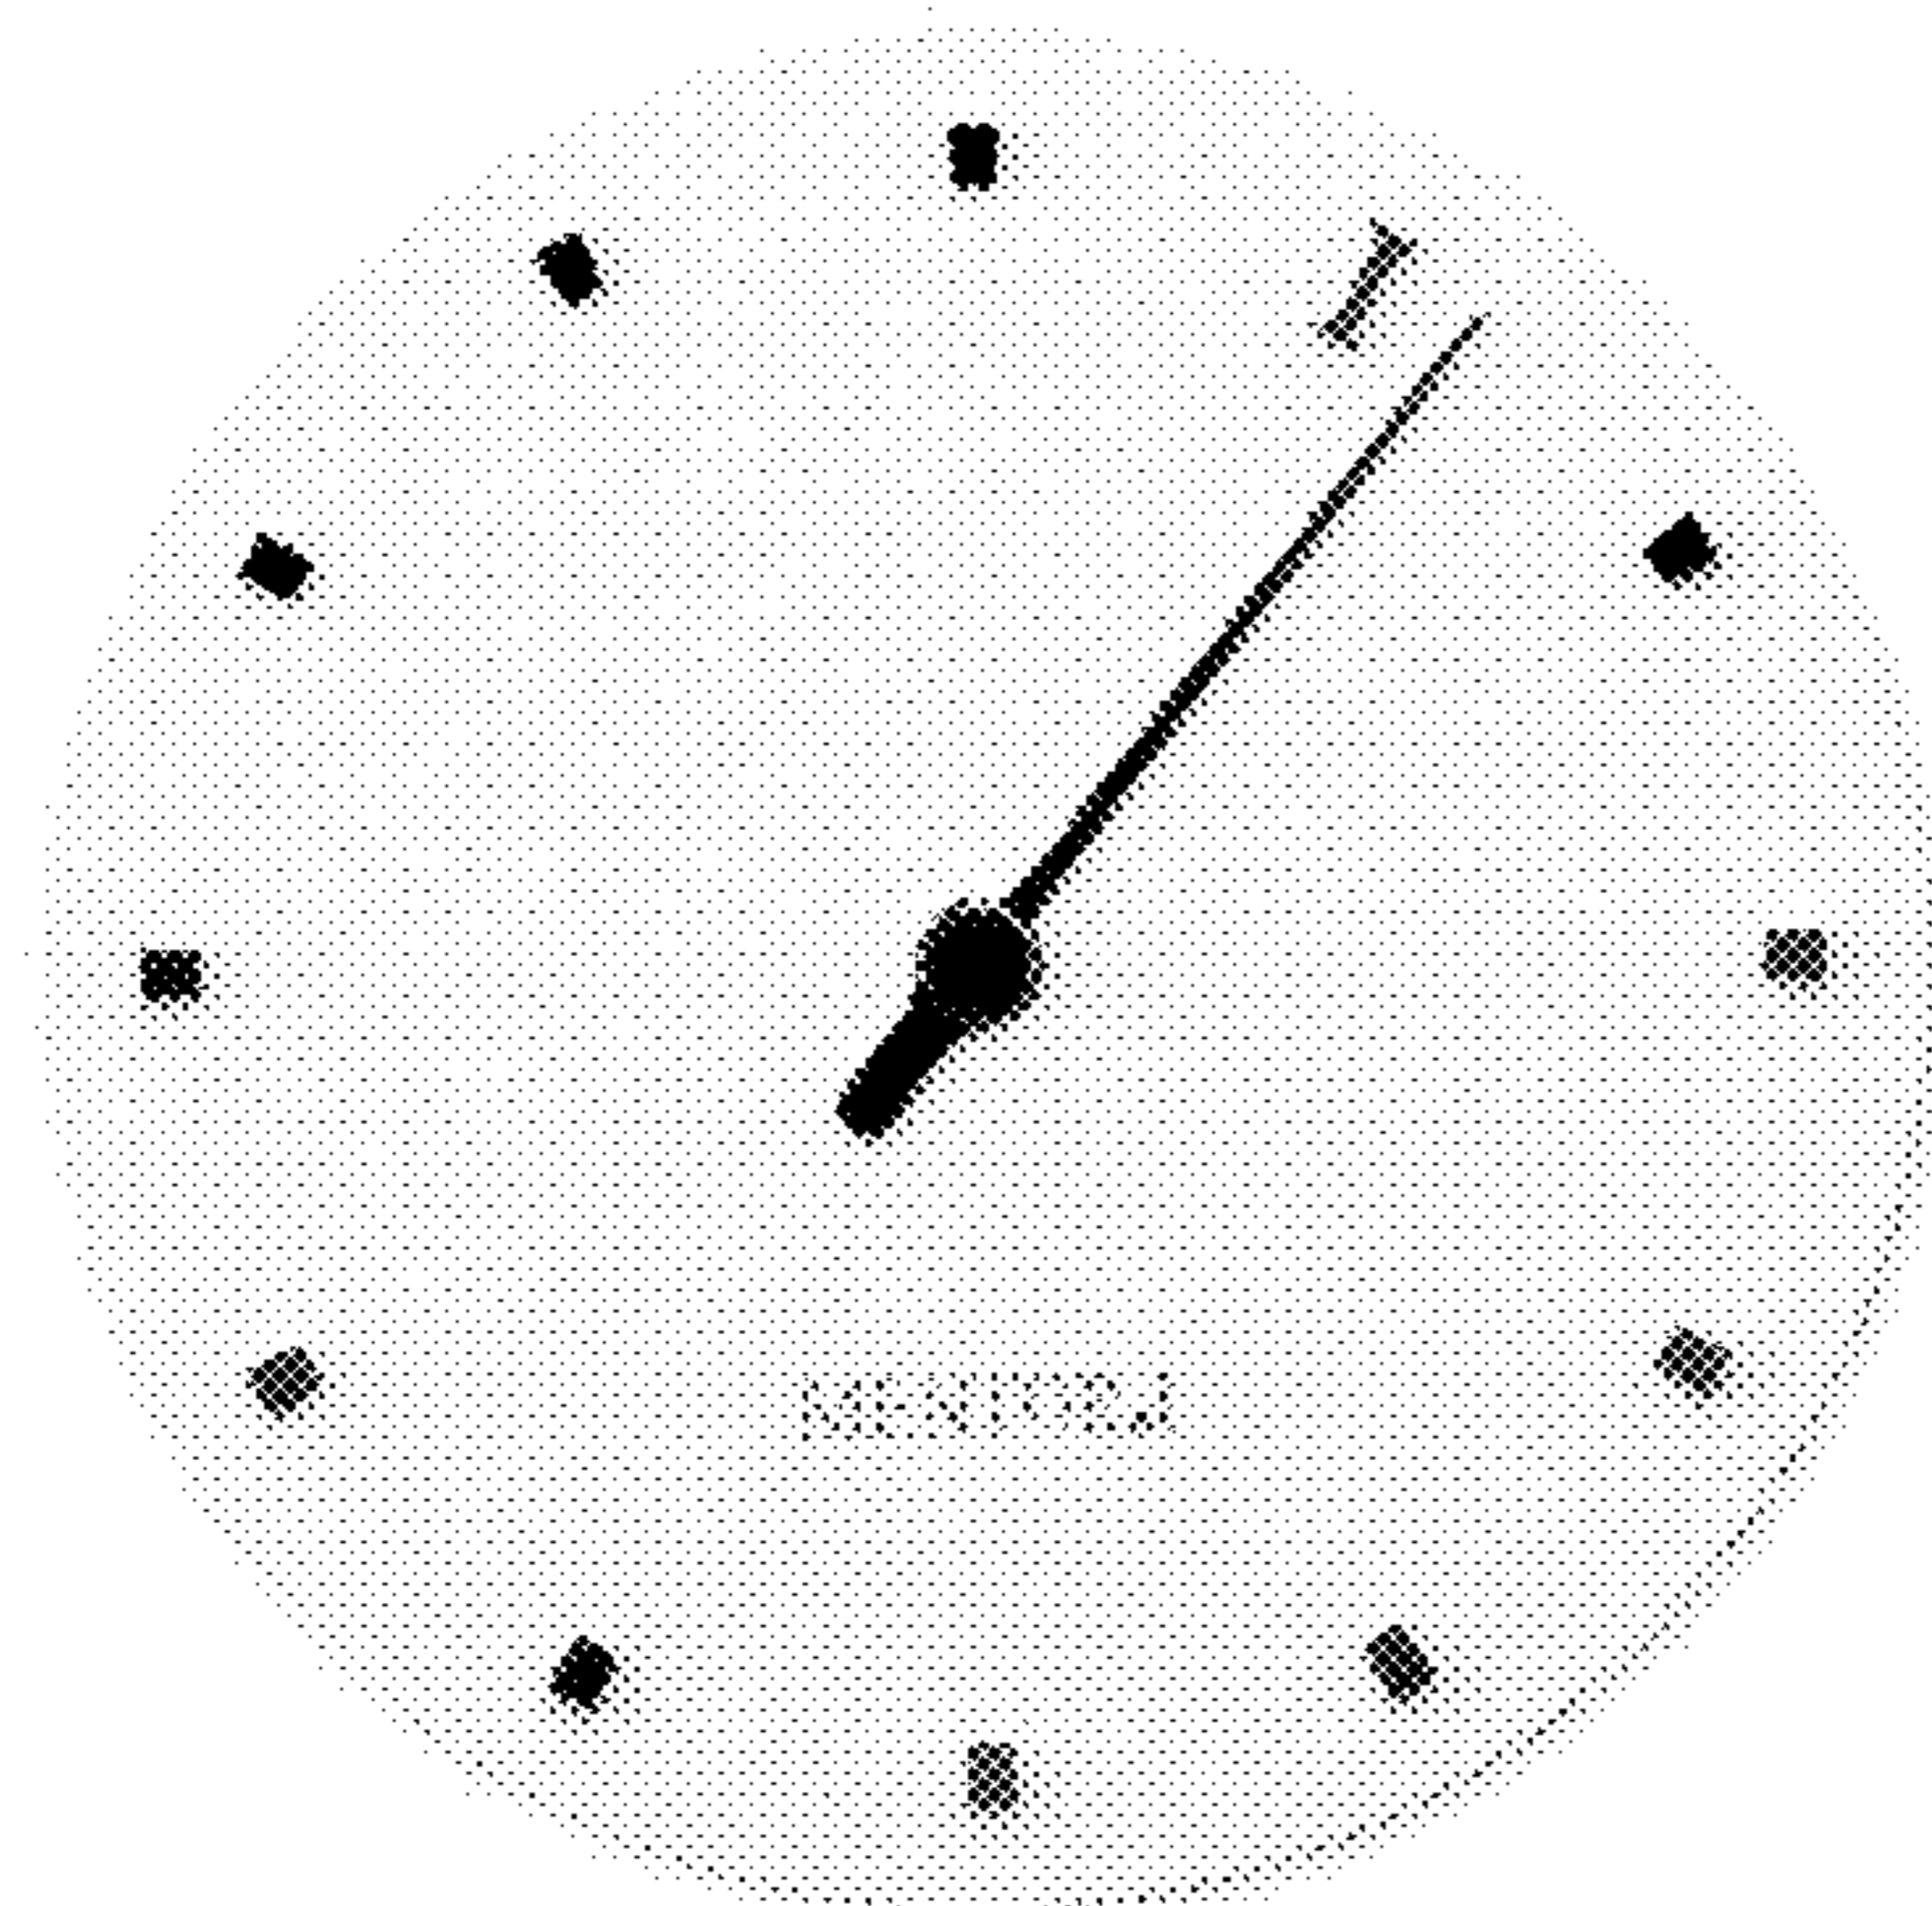

FIG. 6 is a front perspective view of the hand in accordance with the first and second embodiment of the present invention, shown removed for ease of illustration;

FIG. 7 is a front elevation view of the hand in accordance with the first and second embodiment of the present invention, shown removed for ease of illustration;

FIG. 8 is a front elevation view of the watch face according to a second embodiment of the present invention; and,

FIG. 9 is a front elevation view of the watch face of FIG. 8, shown with the hand removed.
