(57) **CLAIM**

I claim a display screen with graphical user interface, as shown and described.

DESCRIPTION

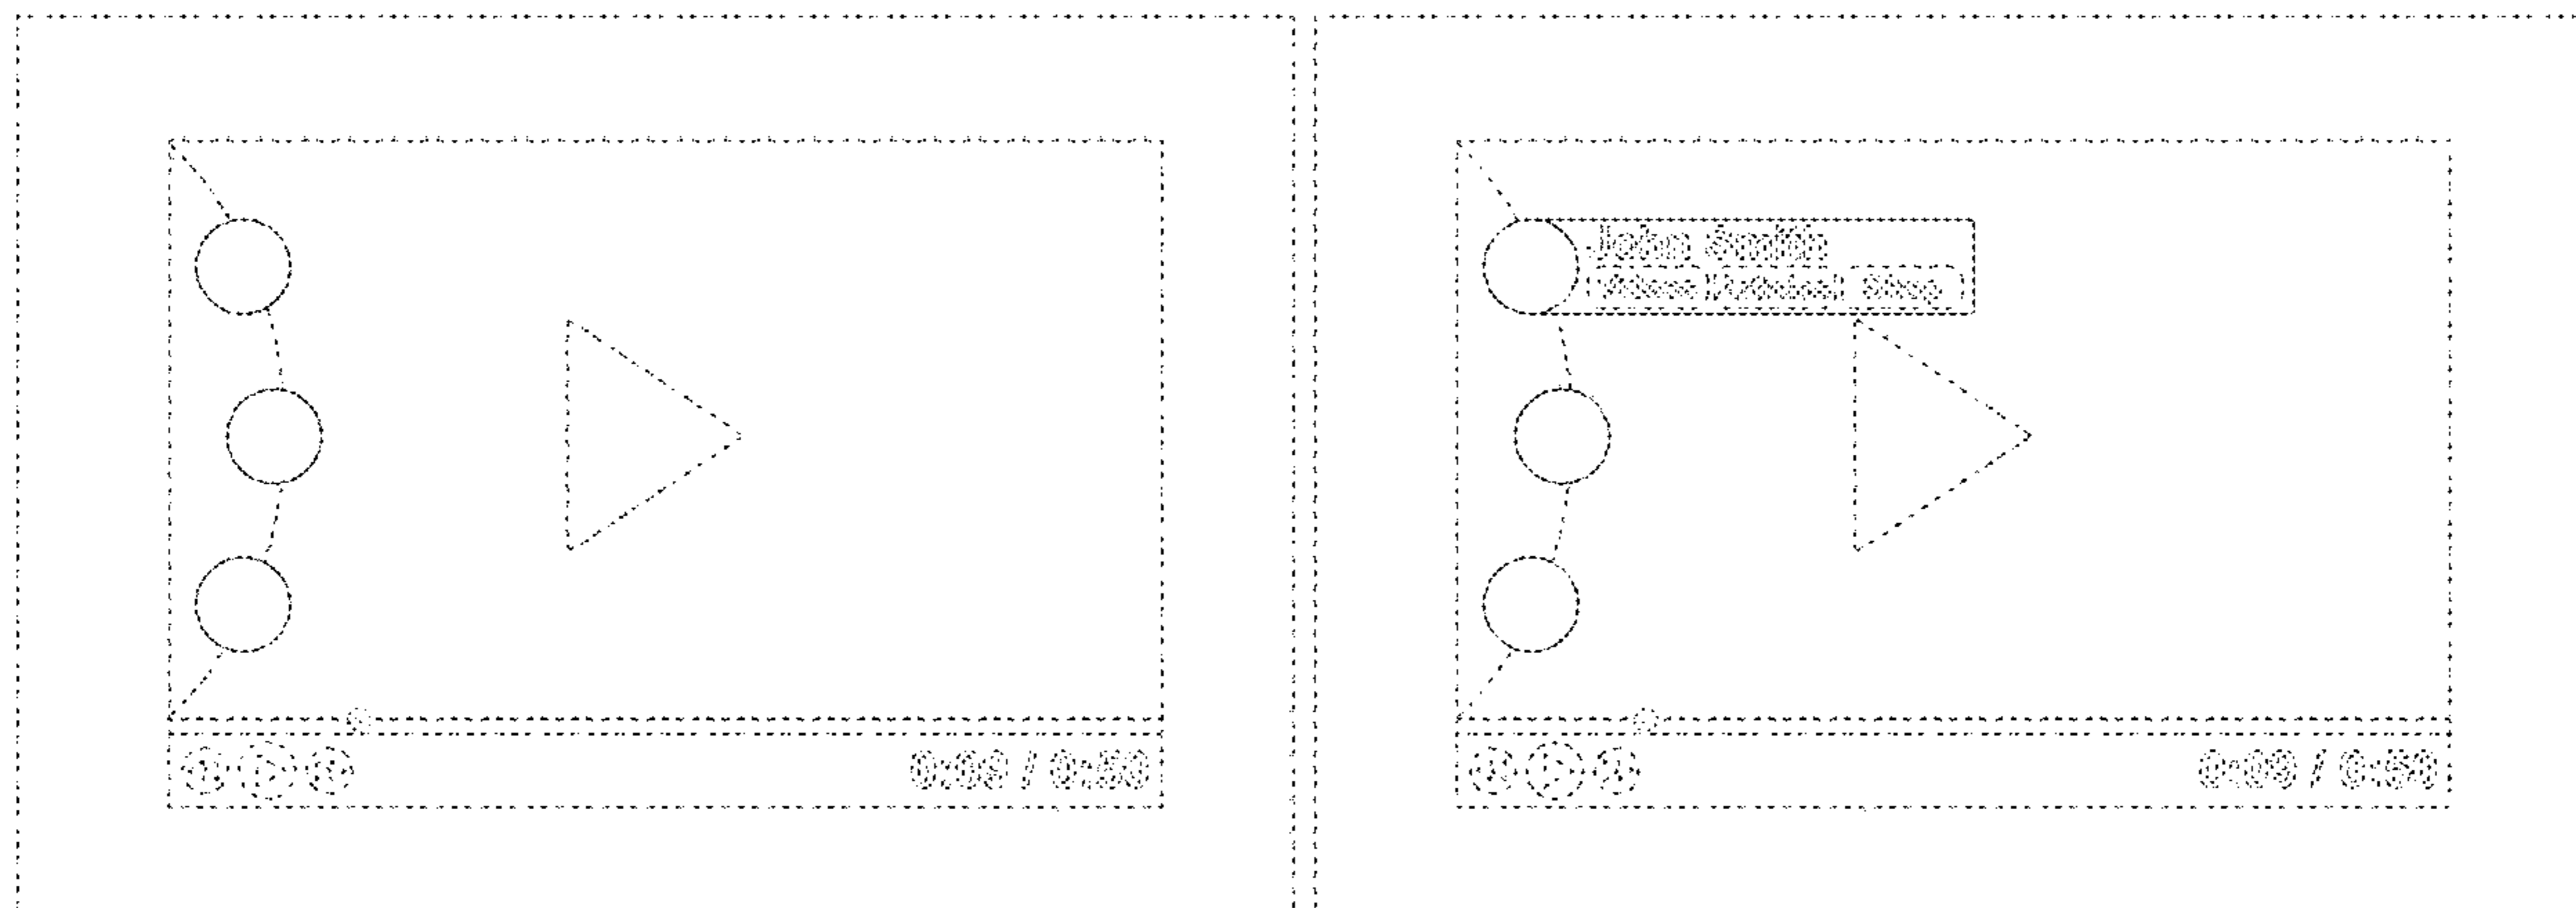

FIG. 1 is the first image in a sequence for a display screen with a graphical user interface, showing my new design; FIG. 2 is the second image thereof; and, FIG. 3 is the third image thereof.

Broken lines in the drawings denote features of the article that are included for the purpose of illustrating context, but form no part of the claimed design.

The outermost broken lines seen in the figures show the display screen.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
