(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface showing our new design; and, FIG. 2 is the front view of a display screen with graphical user interface showing an alternative embodiment. The outer perimeter broken line showing a device forms no part of the claimed design. The second perimeter broken line showing the display screen, and all other broken lines showing portions of the graphical user interface, show portions of the article and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
