The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of an electronic device with pair of display screens or portions thereof each with graphical user interface showing our new design; and, FIG. 2 is a top view thereof.

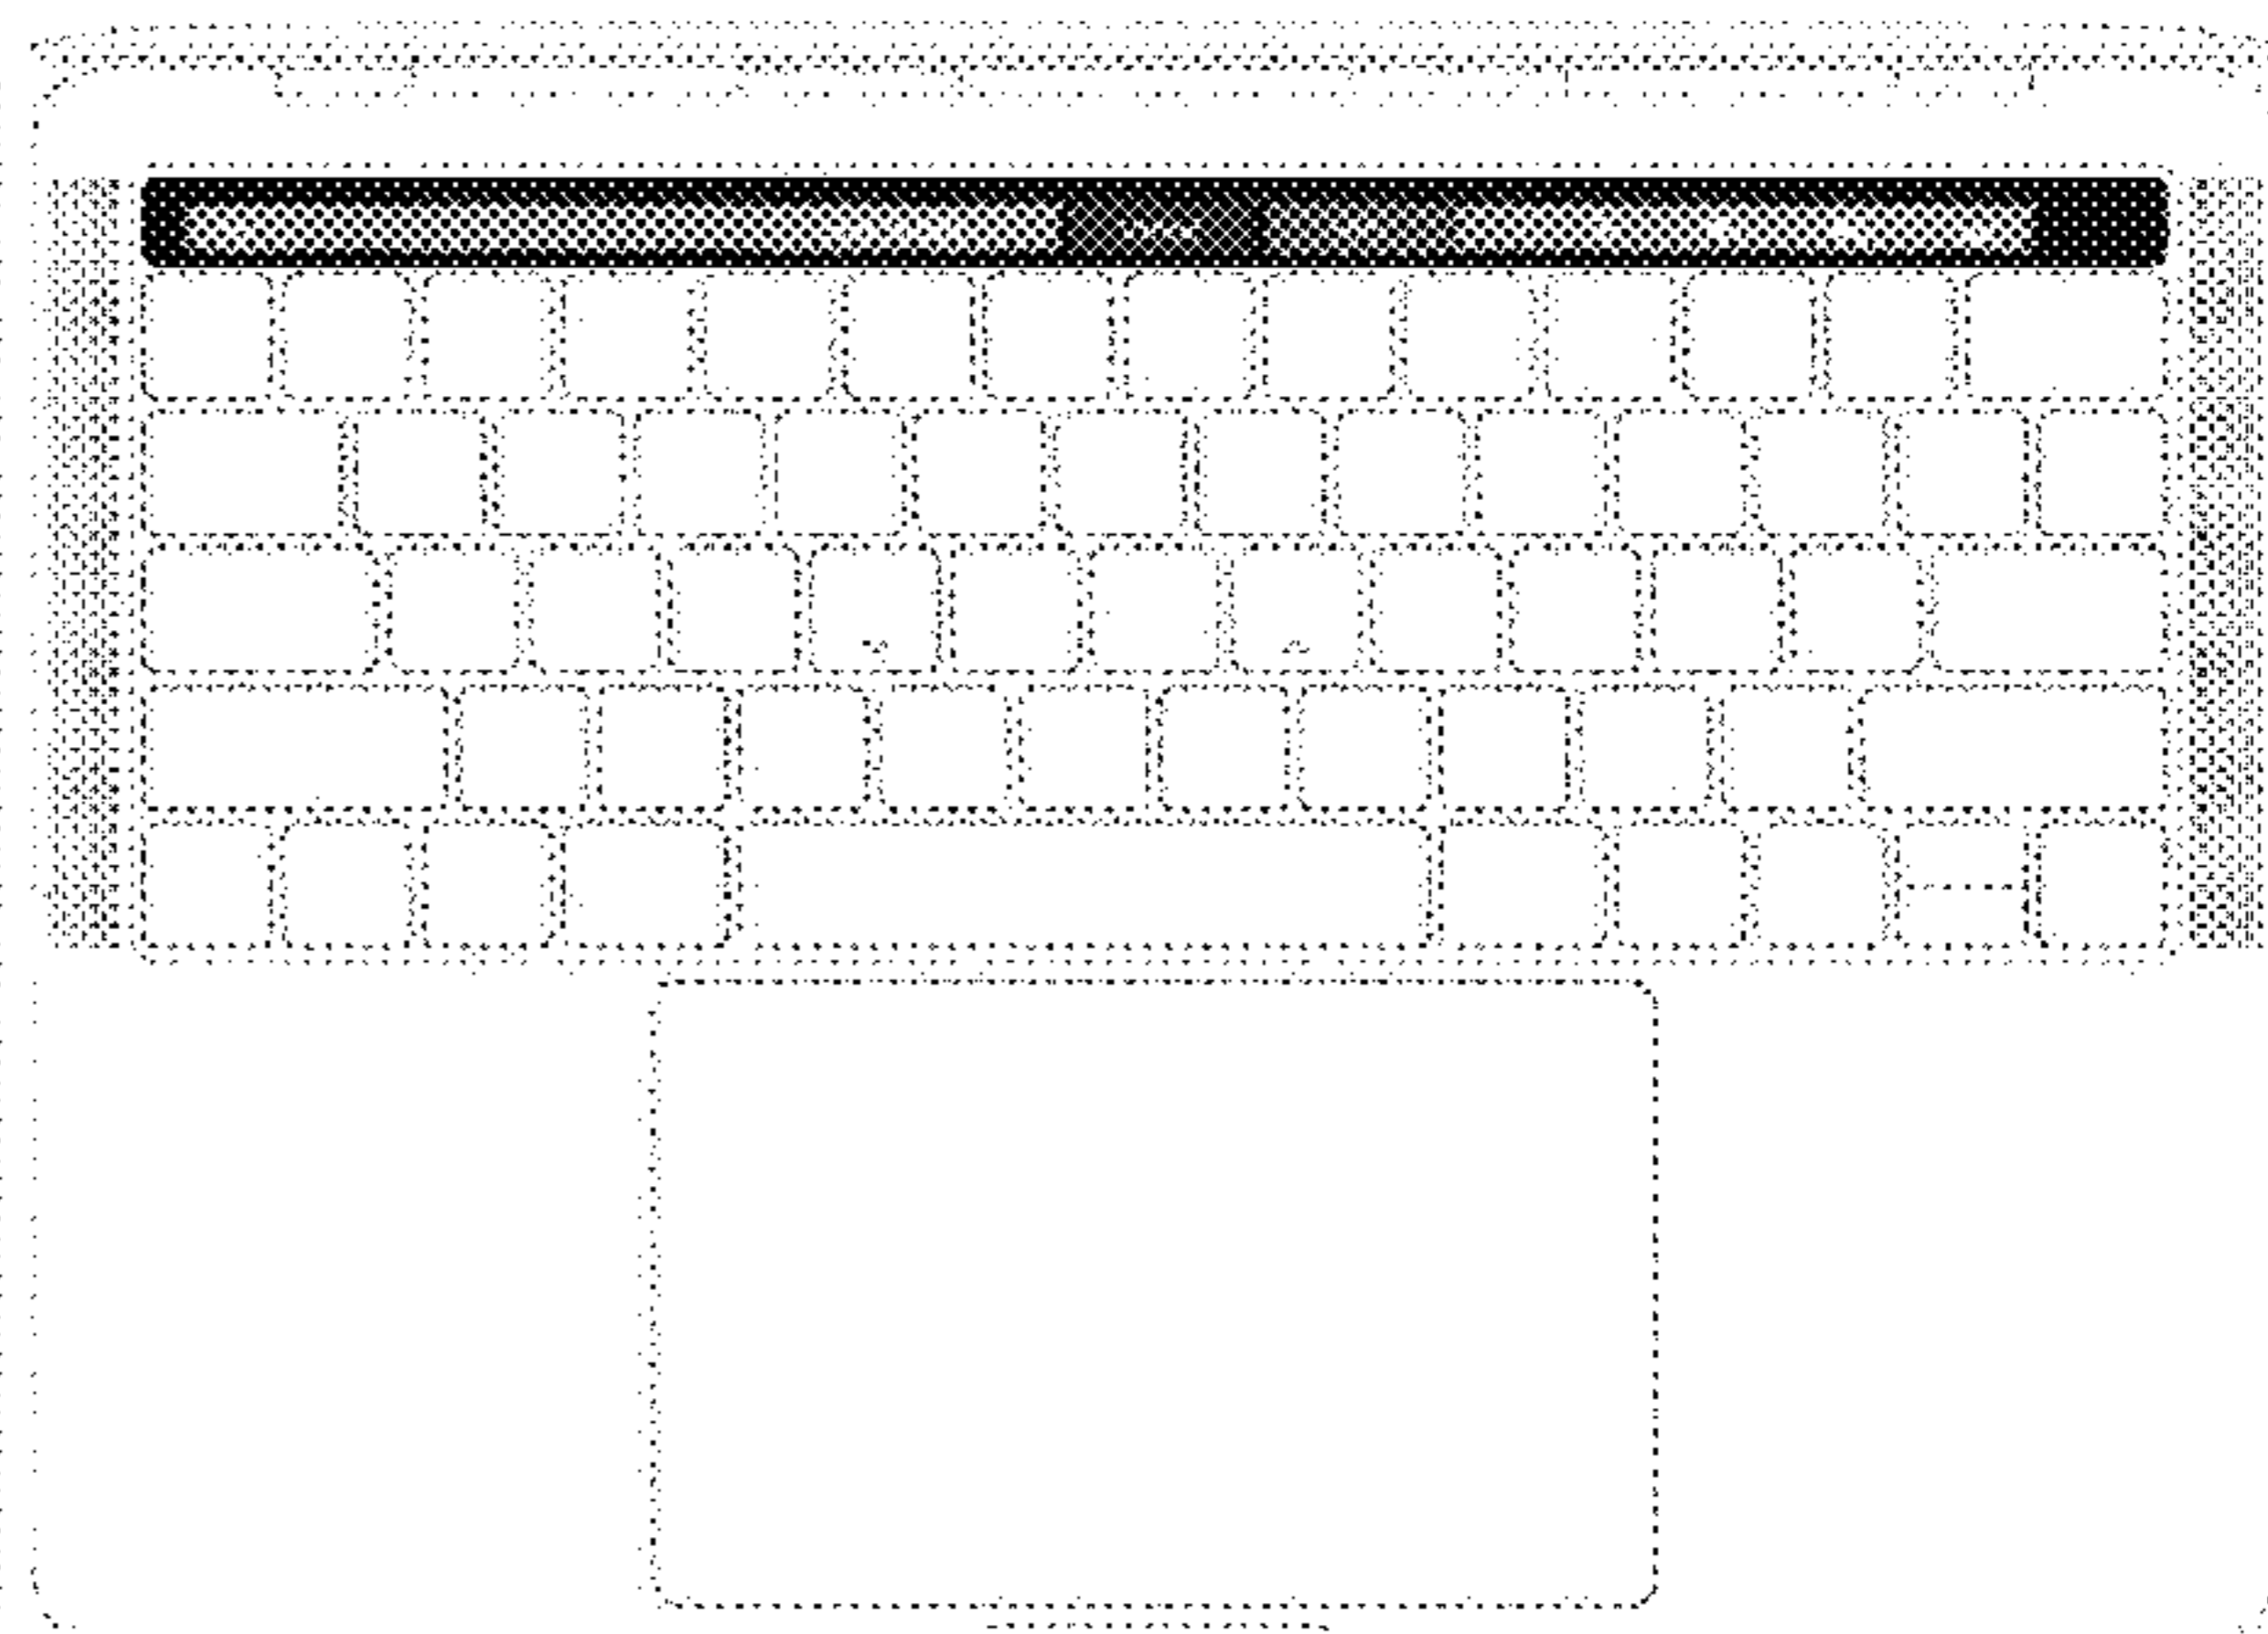

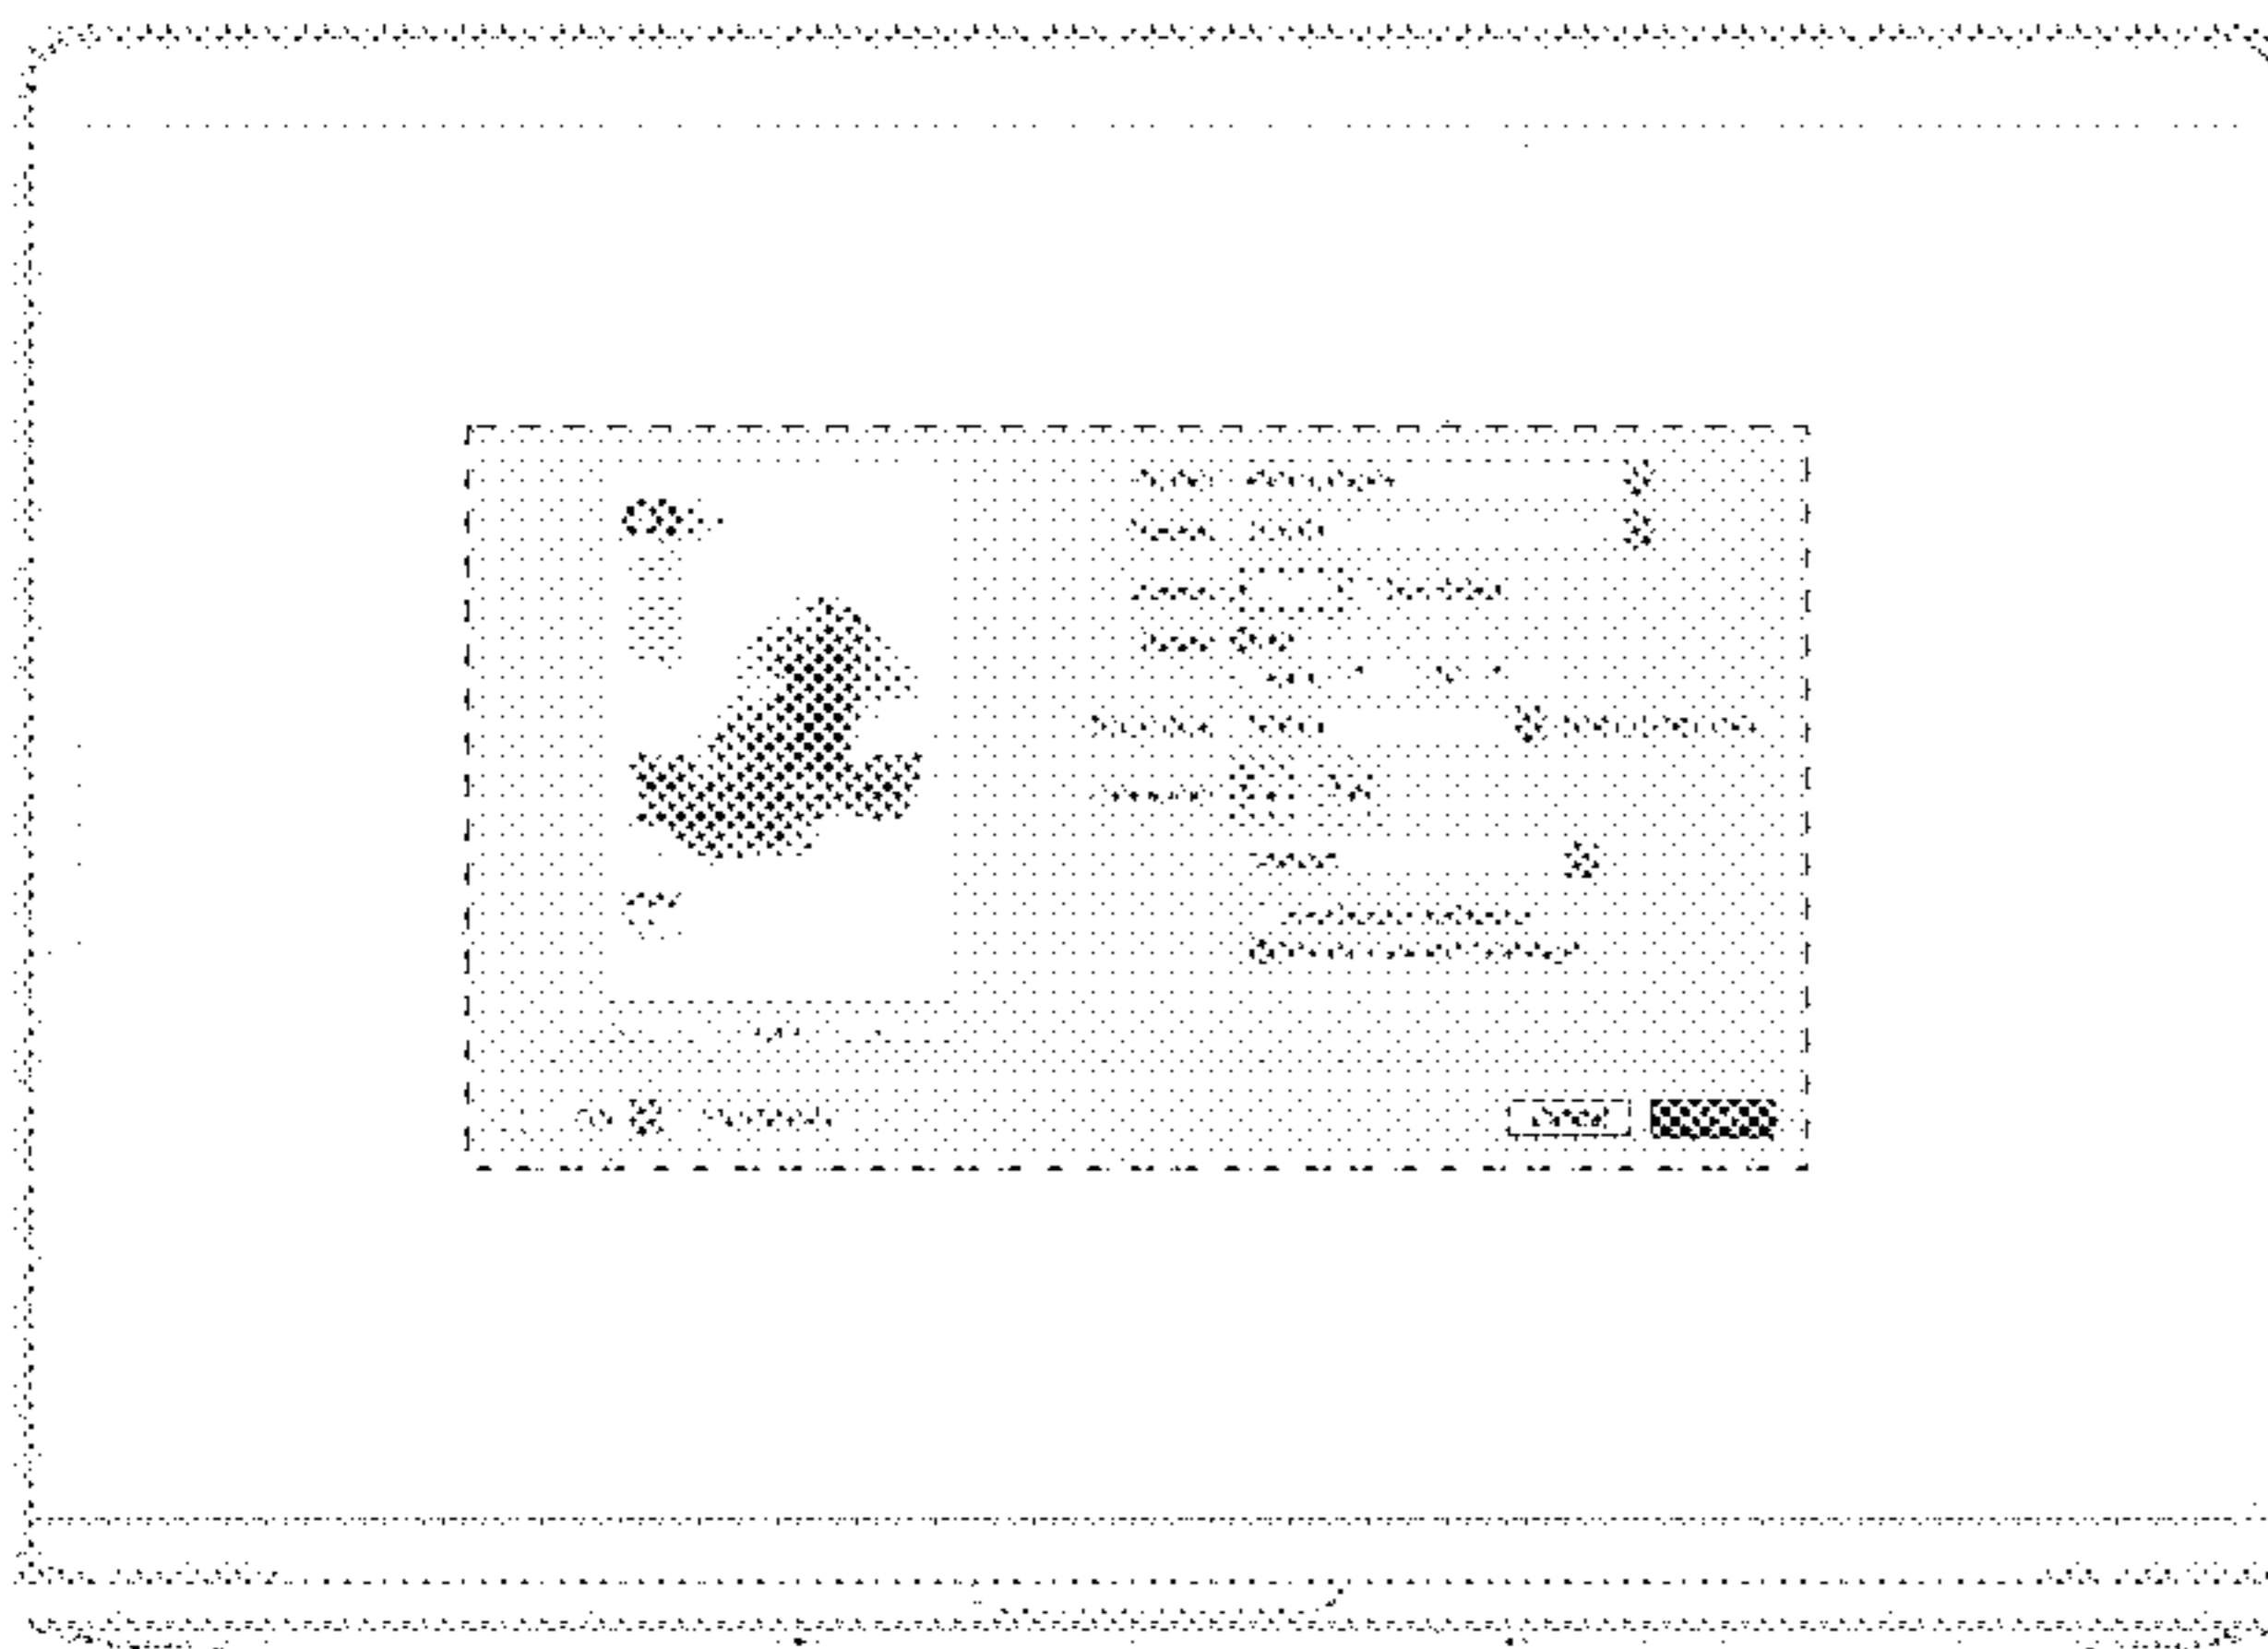

The electronic device illustrated in broken lines forms no part of the claimed design. The dashed broken lines in FIG. 1 illustrate a display screen portion, and form no part of the claimed design, and the lightened tone area, text, images, and icons between the dashed broken lines and the solid black lines forms no part of the claimed design. In FIG. 2, the dotted broken lines within the graphical user interface and the lightened tone rectangles within the dotted lines form no part of the claimed design.
