Primary Examiner — Cary M Robinson

(57) **CLAIM**

The ornamental design for a display screen with icon, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE is a front view of an image of a display screen with icon, showing the new design.

The broken lines of uneven length illustrate boundaries of a display screen and the broken lines of even length illustrate portions of the icon. None of the broken lines form part of the claimed design.
