(57) **CLAIM**

The ornamental design for a display panel portion with an animated graphical user interface, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel portion with an animated graphical user interface showing a first image in a sequence of our new design.

FIG. 2 is a second image thereof.

FIG. 3 is a third image thereof; and,

FIG. 4 is a fourth image thereof.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-4. The process or the period in which one image transitions to another image forms no part of the claimed design.

The broken lines showing a portion of a display panel and portions of the animated graphical user interface in FIGS. 1-4 form no part of the claimed design.
