(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a first embodiment;

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a second embodiment; and,

FIG. 3 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a third embodiment.

The outermost broken line in the drawing figures illustrates a display screen or portion thereof that forms no part of the claimed design.

The remaining broken lines in the drawing figures depict portions of the graphical user interface that form no part of the claimed design.

The grayscale tones shown in the drawing figure are intended to illustrate color contrast, and not any particular shade or tone of color.
