(57) **CLAIM**

The ornamental design for a callus remover, as shown and described.

DESCRIPTION

FIG. 1 is a front side elevation view of a callus remover showing our new design, the rear side being the same as the front side;

FIG. 2 is a front side perspective view, taken from below, thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

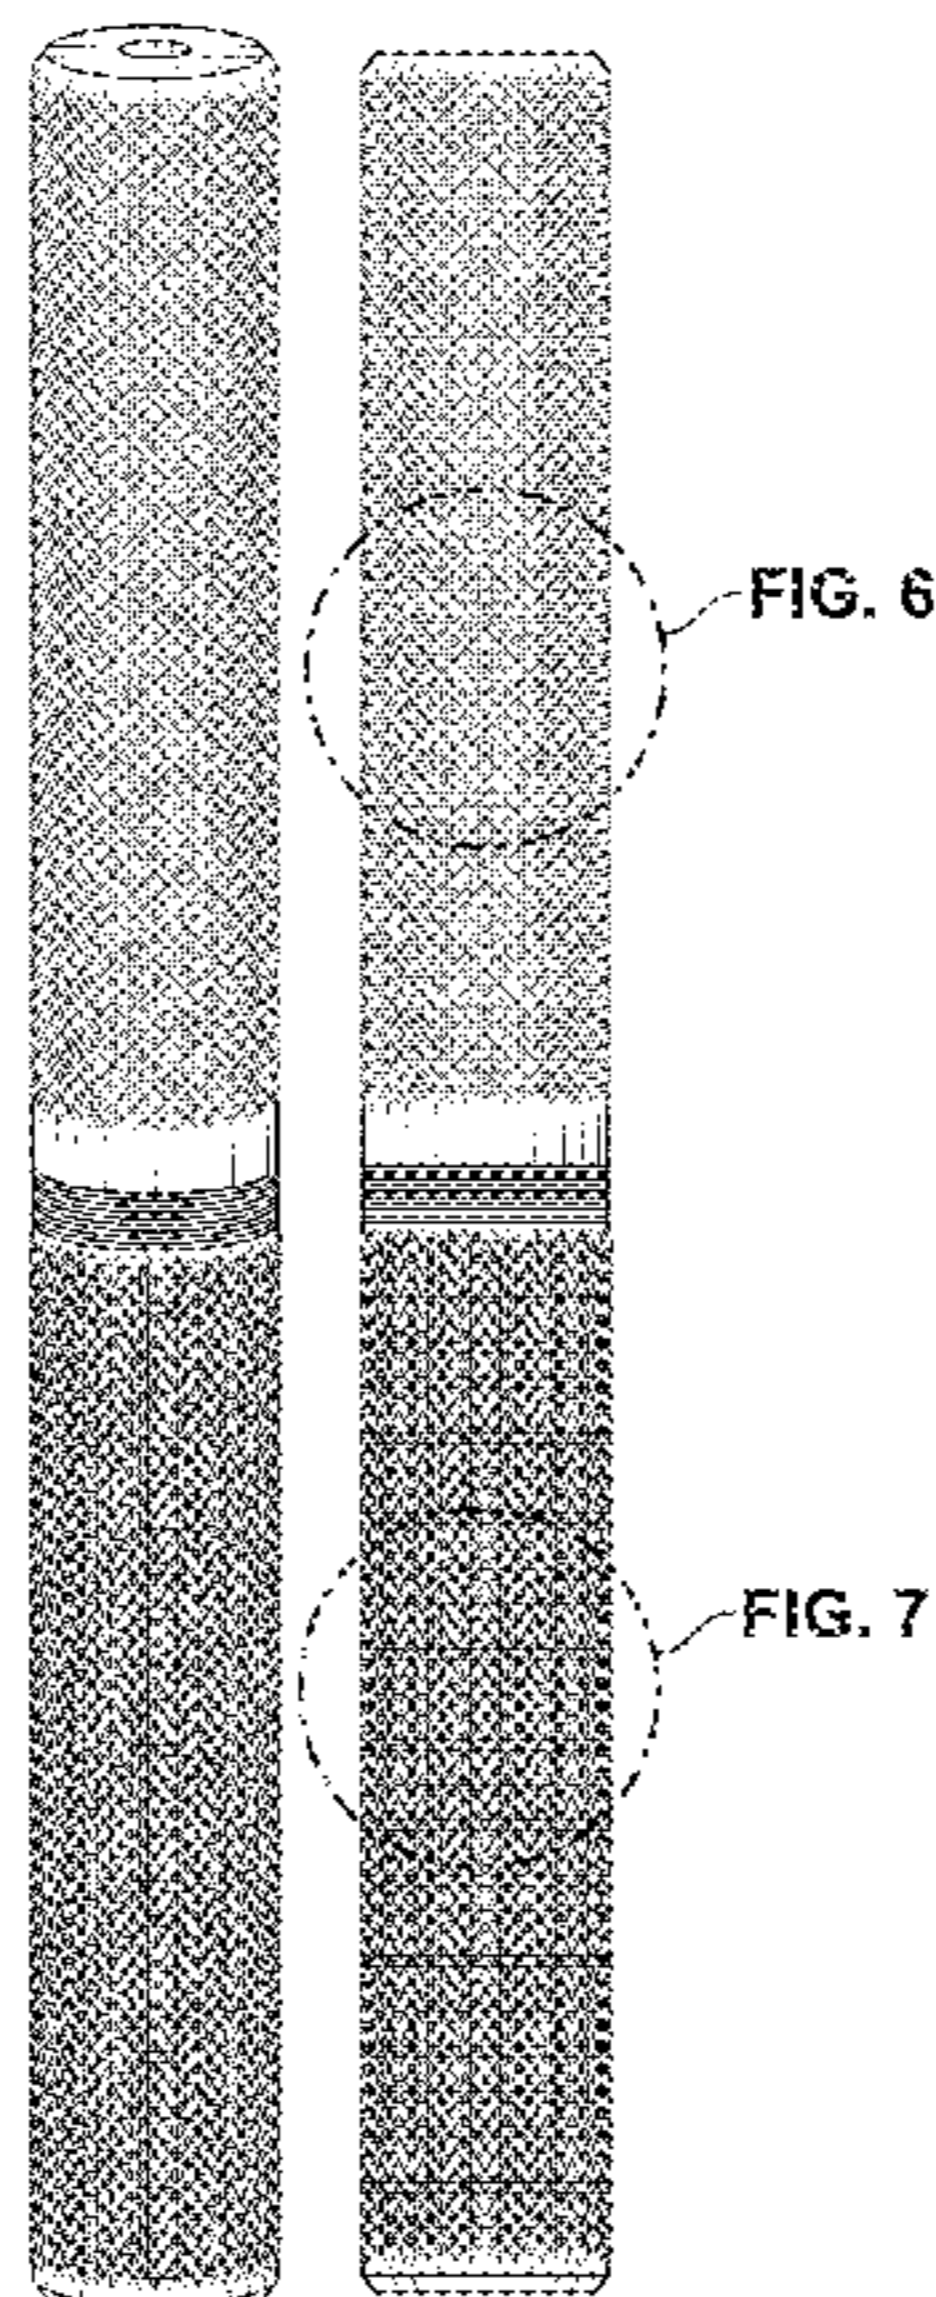

FIG. 6 is an enlarged front view of the detailed portion of FIG. 3; and,

FIG. 7 is an enlarged front view of the detailed portion of FIG. 3.

The showing of the dot-dash boundary line demarcates an enlargement of the textured areas of FIG. 3 and is to illustrate closeups of figures as shown in FIGS. 6 and 7.

The portions of the callus remover, shown in broken lines, including the broken line area in the upper textured portion, form no part of the claimed design. The showing of the dot-dash boundary line demarcates an enlargement of the textured areas of FIG. 3 with FIG. 6 showing portions that form no part of the claimed design and FIG. 7 showing portions that form part of the claimed design.
