DESCRIPTION

FIG. 1 is a top front isometric view of a first component of a brake caliper hardware in accordance with the new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a left side elevational view thereof; FIG. 4 is a right side elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a rear elevational view thereof; and FIG. 7 is a bottom plan view thereof. FIG. 8 is a top front isometric view of a second component of a brake caliper hardware in accordance with the new design; FIG. 9 is a front elevational view thereof; FIG. 10 is a left side elevational view thereof; FIG. 11 is a right side elevational view thereof; FIG. 12 is a rear elevational view thereof; FIG. 13 is a top plan view thereof; and, FIG. 14 is a bottom plan view thereof. FIG. 15 is a top front isometric view of the first and second components of the brake caliper hardware, shown positioned in a brake caliper. The dash dot broken lines in FIG. 15 illustrate portions of the environmental structure and form no part of the claimed design.
