(57) **CLAIM**

I claim the ornamental design for an electrical interface, as shown and described.

DESCRIPTION

FIG. **1** is a left front bottom perspective view of an electrical interface.

FIG. **2** is a right front bottom perspective view of the electrical interface shown in FIG. **1**.

FIG. **3** is a right rear bottom perspective view of the electrical interface shown in FIG. **1**.

FIG. **4** is a left rear bottom perspective view of the electrical interface shown in FIG. **1**.

FIG. **5** is a front view of the electrical interface shown in FIG. **1**; and,

FIG. **6** is a bottom view of the electrical interface shown in FIG. **1**.

The even broken lines represent portions of the electrical interface that form no part of the claimed design. The uneven broken lines represent boundaries of the design and form no part of the claimed design.

With respect to FIGS. **1-6**, the claimed electrical interface is not visible in the orthogonal right side, orthogonal left side, and orthogonal top views, which are therefore omitted.
