FIG. 1 is a front view of a first image of an electronic display for a wearable device presenting a graphical user interface, showing our new design;

FIG. 2 is an enlarged front view taken from FIG. 1;

FIG. 3 is a front view of a second image thereof; and,

FIG. 4 is an enlarged front view taken from FIG. 3.

The appearance of the graphical user interface transitions sequentially between the images shown in FIGS. 1 and 3 and FIGS. 2 and 4. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of the electronic display for a wearable device presenting a graphical user interface is for the purpose of illustrating portions of the electronic display for a wearable device presenting a graphical user interface and forms no part of the claimed design.

The dot-dash broken line encircling the enlarged portions forms no part of the claimed design.
