(57) **CLAIM**

The ornamental design for a display screen with graphical user interface for a mobile phone application, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface for a mobile phone application showing a first image of the claimed design;

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 3 Drawing Sheets
