(57) **CLAIM**

The ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with transitional graphical user interface showing a first image in a sequence according to a first embodiment of the claimed design;

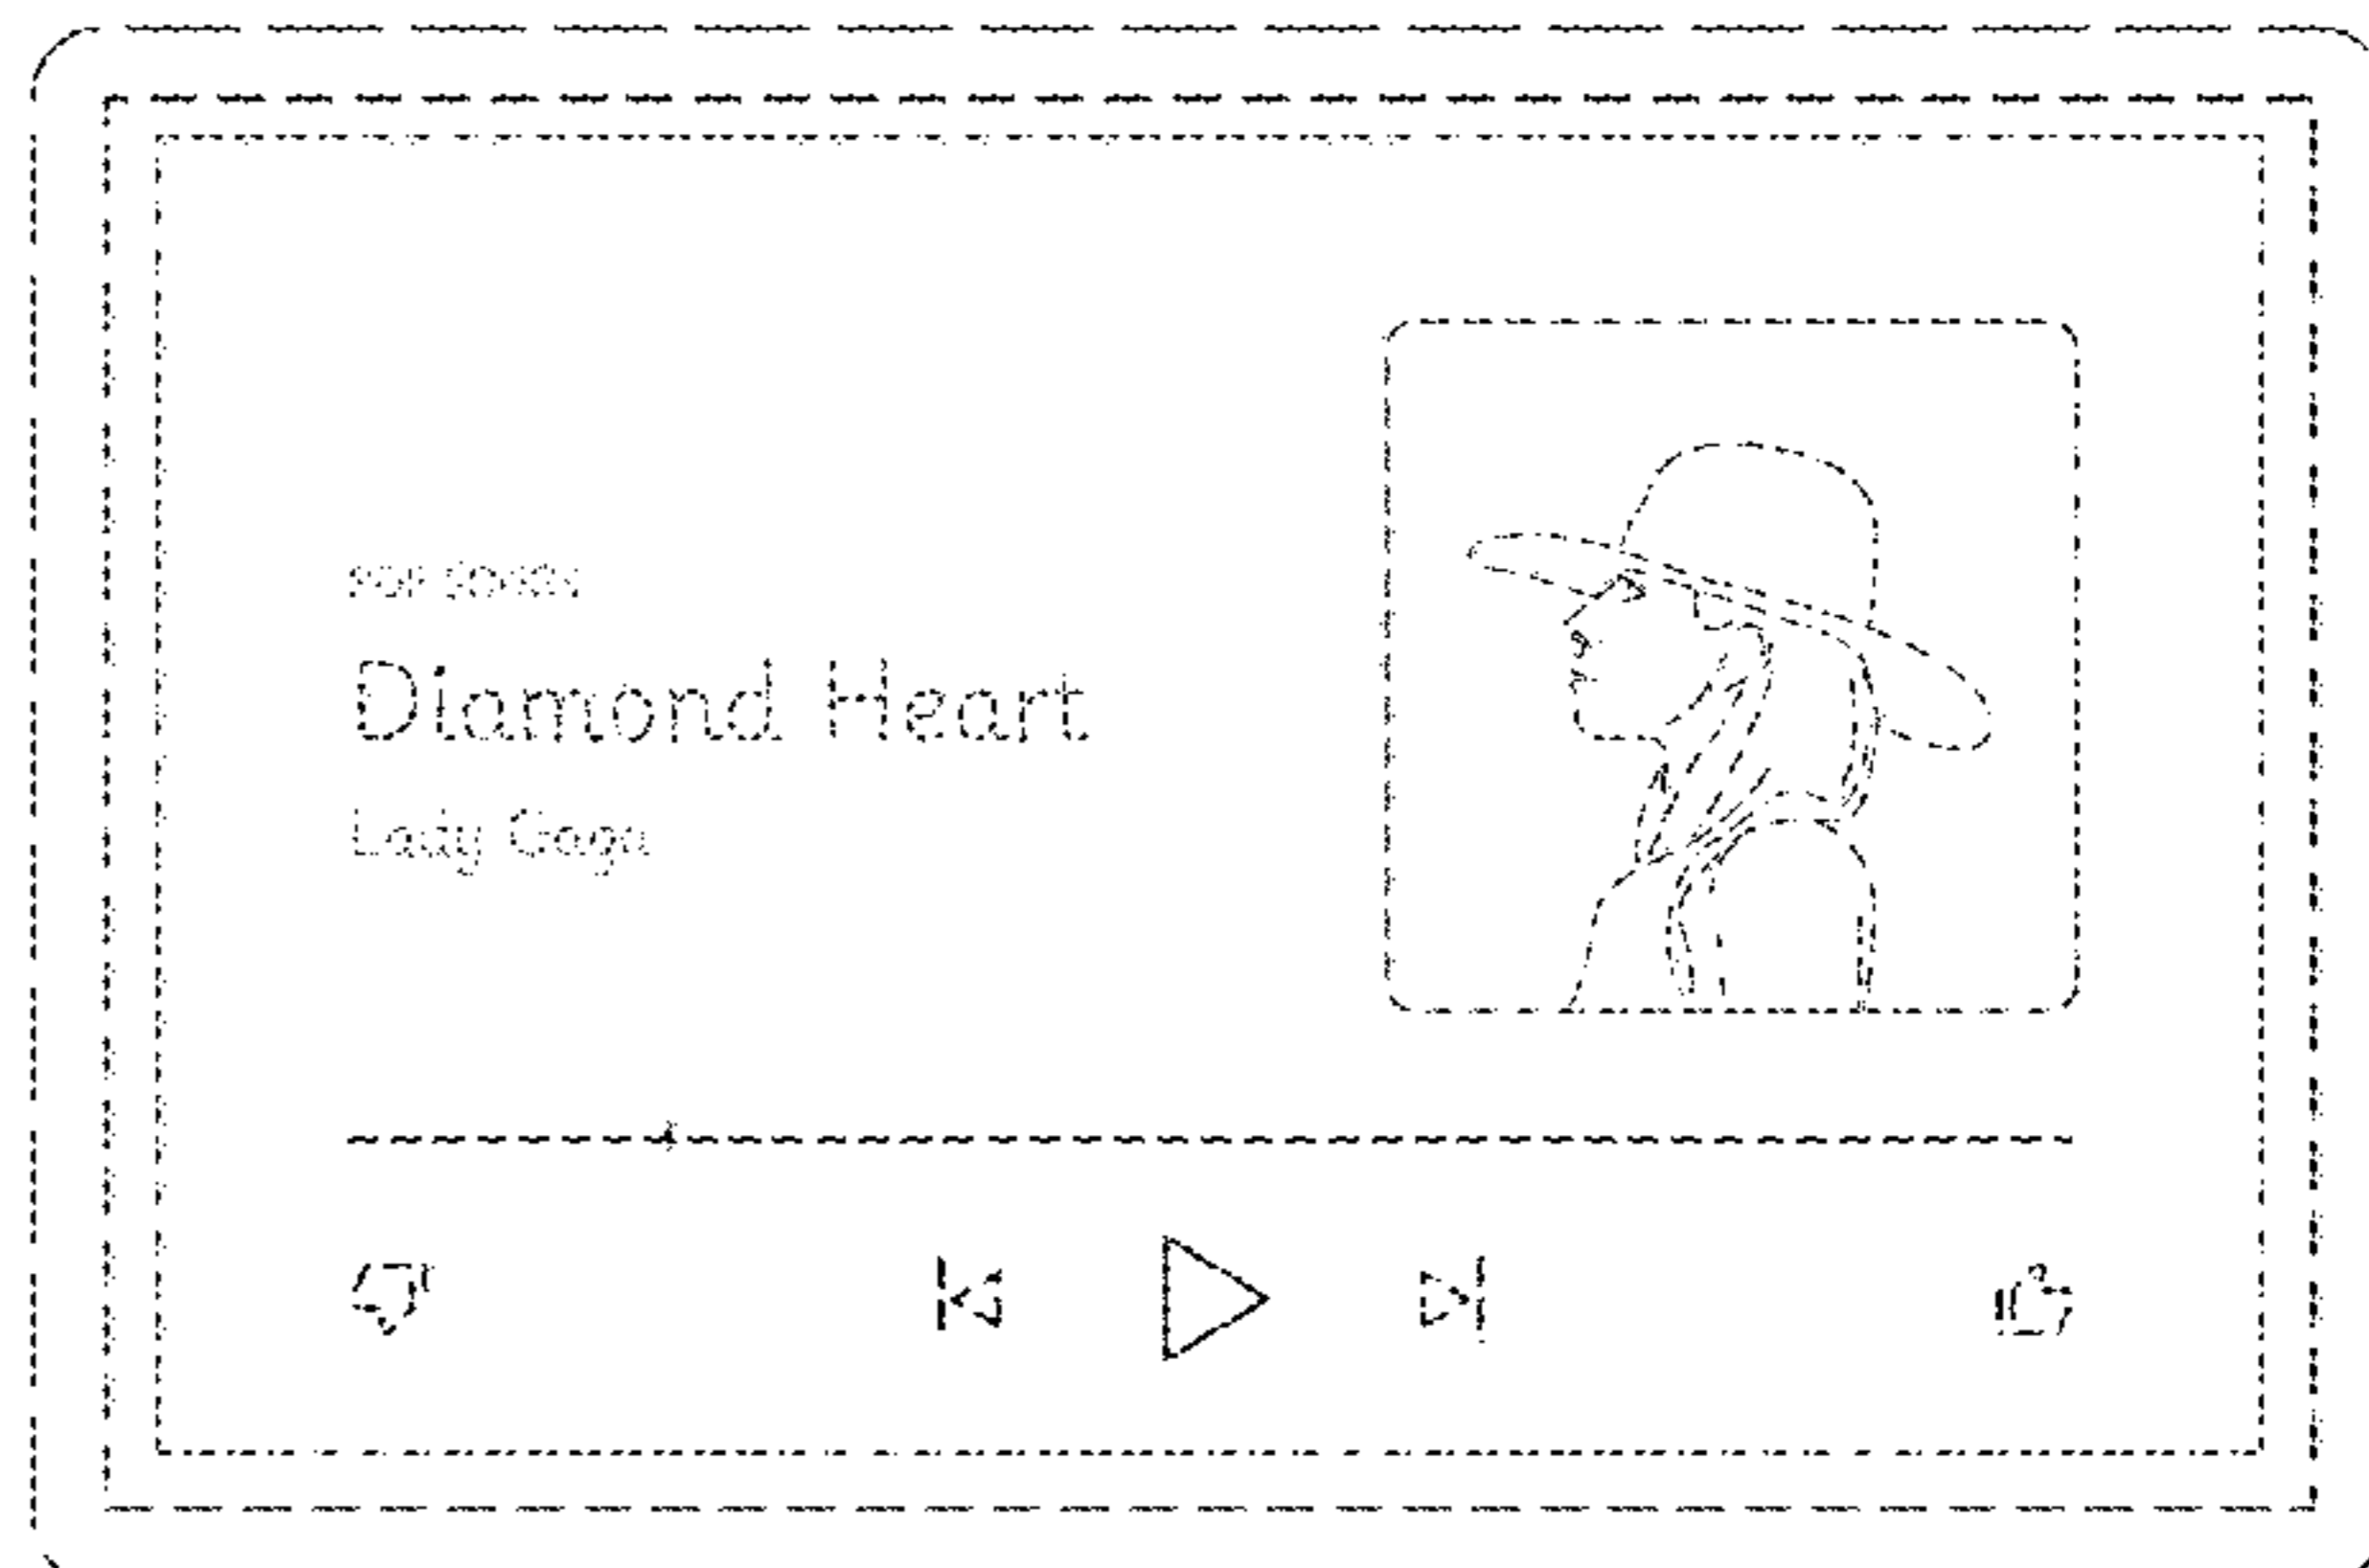

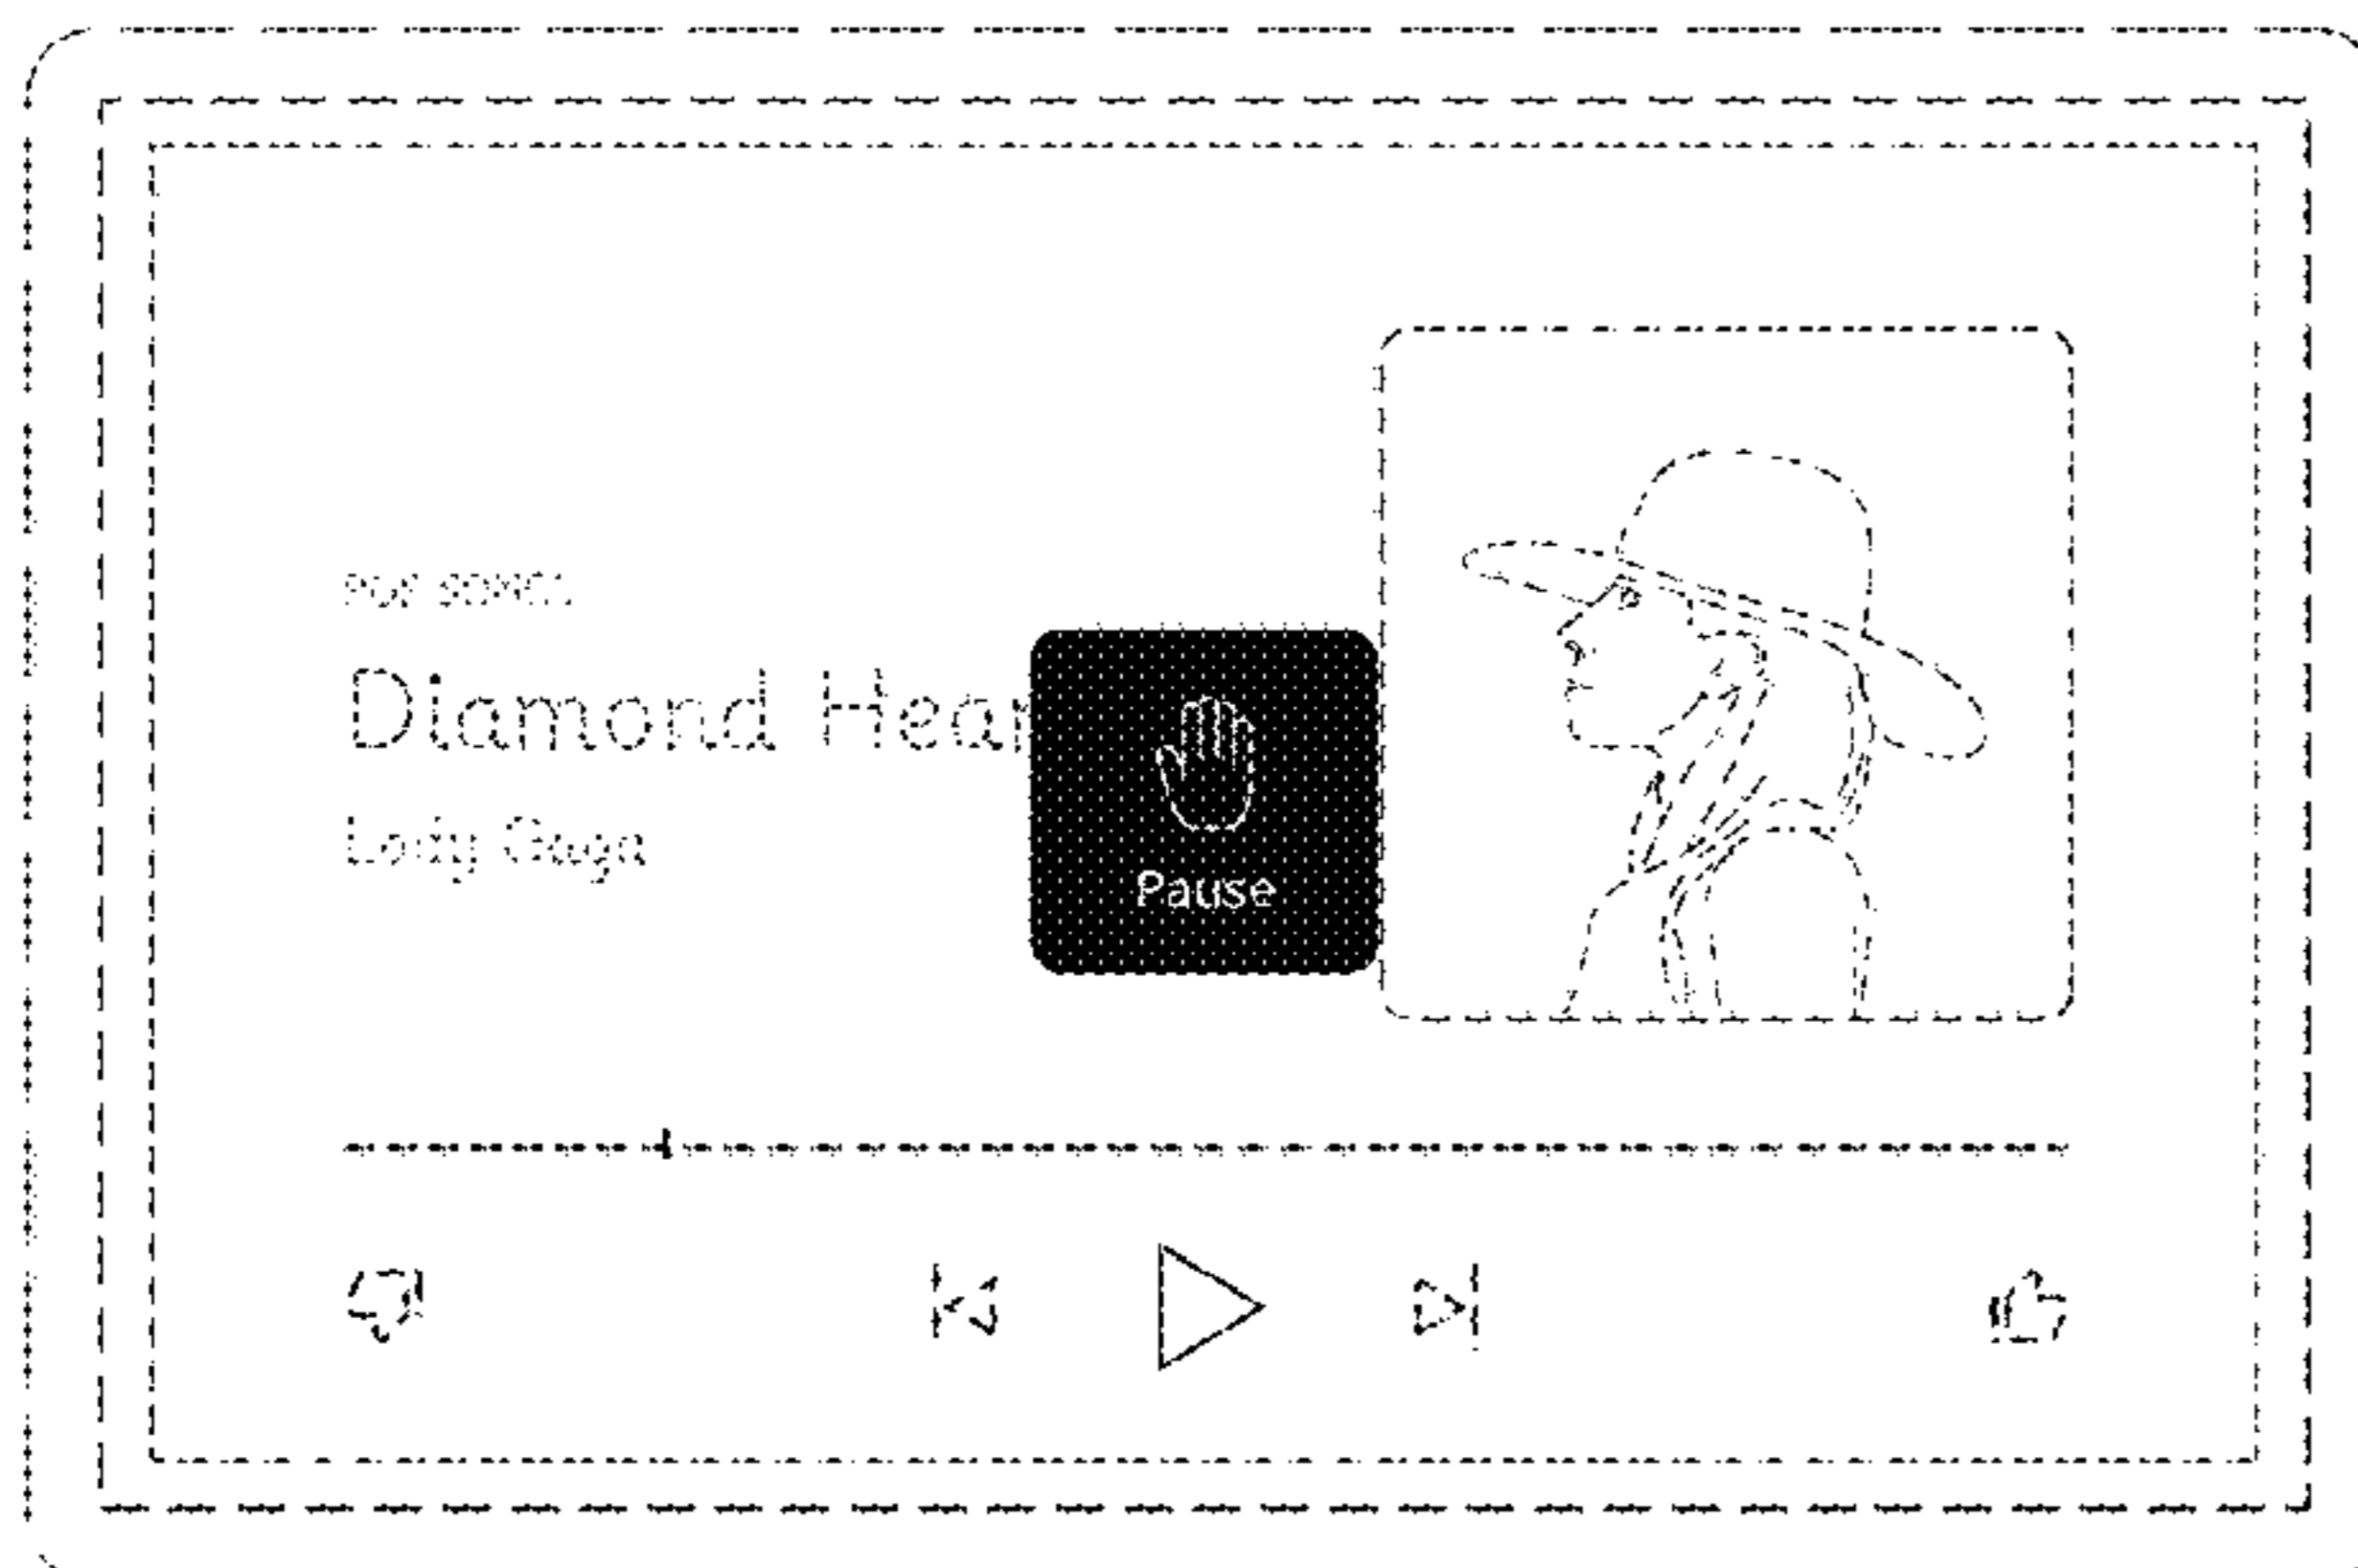

FIG. 2 is a front view of a second image in the sequence thereof;

FIG. 3 is a front view of a display screen or portion thereof with transitional graphical user interface showing a first image in a sequence according to a second embodiment of the claimed design; and,

FIG. 4 is a front view of a second image in the sequence thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIG. 1 to FIG. 2 in the first embodiment, and from FIG. 3 to FIG. 4 in the second embodiment. The process or period in which an image transitions to another image forms no part of the claimed design.

1 Claim, 2 Drawing Sheets
