(57) **CLAIM**

The ornamental design for a portion of a handle component of a handle and housing assembly, as shown and described.

DESCRIPTION

FIG. 1 is a front top right perspective view of a portion of a handle component of a handle and housing assembly showing our new design, a front top left perspective view being a mirror image thereof.

FIG. 2 is a front view thereof.

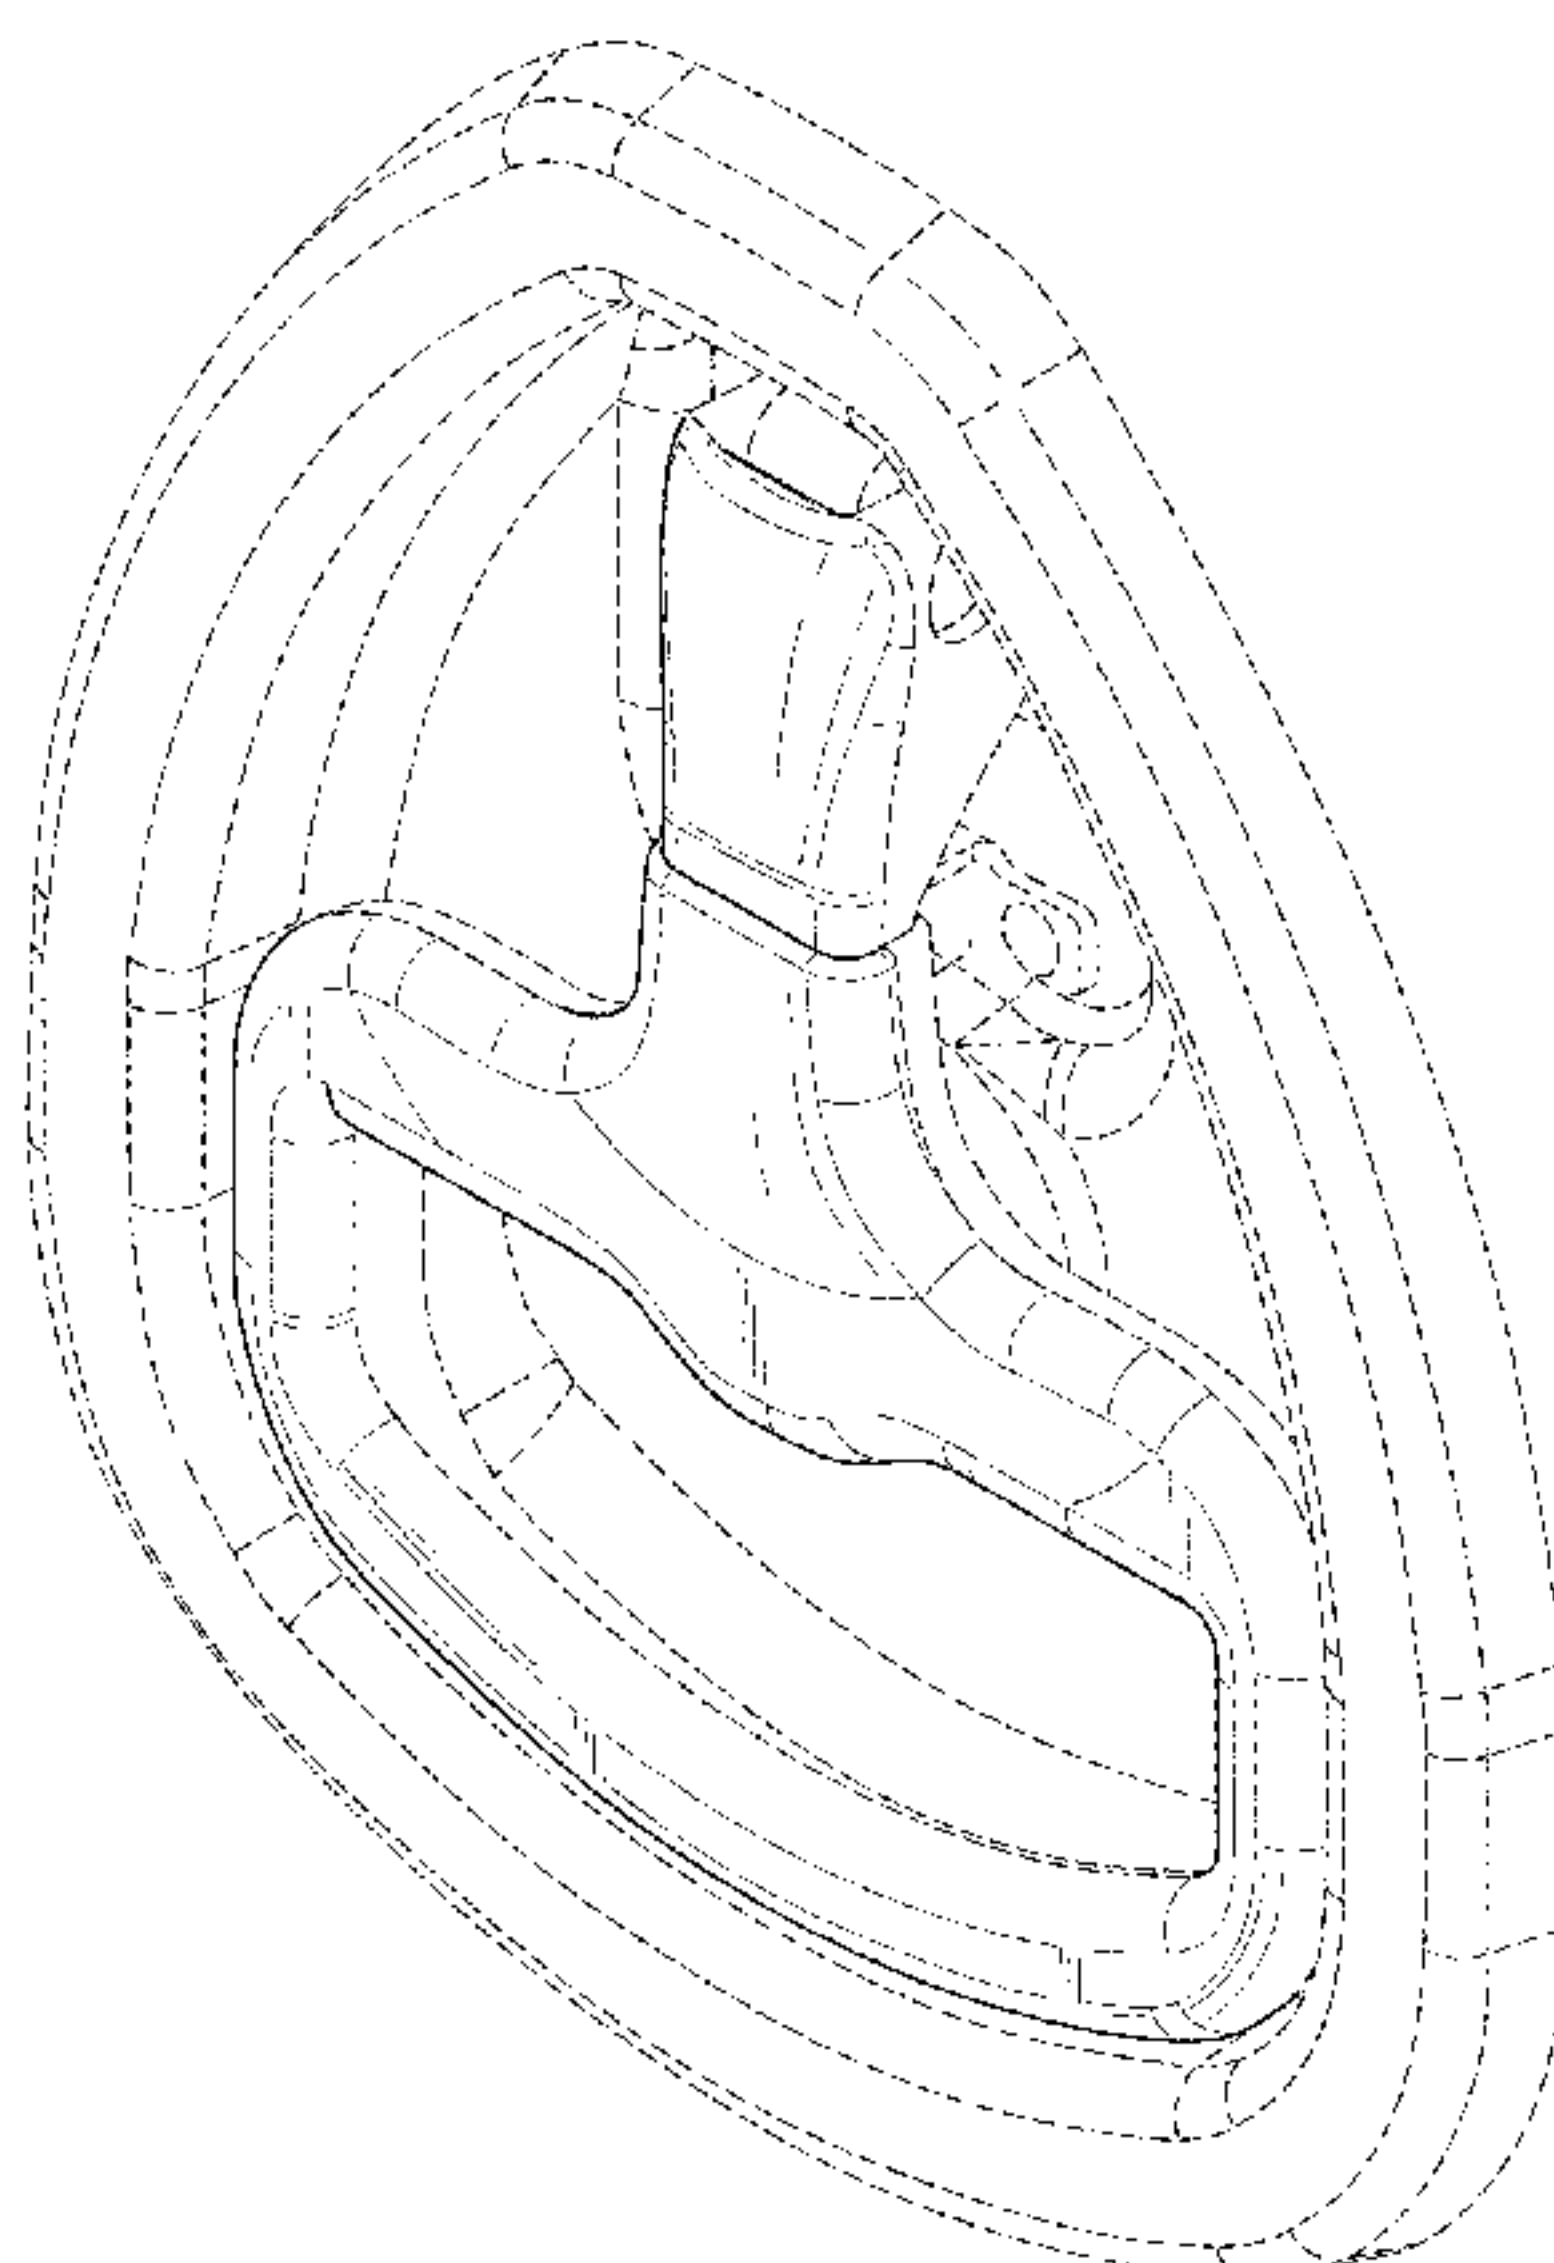

FIG. 3 is a right side view thereof, it being understood that a left side view is identical thereto by the mirror image reversal thereof.

FIG. 4 is a top view thereof; and,

FIG. 5 is a bottom view thereof.

The broken lines in the drawings depict portions of the handle component of a handle and housing assembly that form no part of the claimed design.
