(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of tire in accordance with the present invention;

FIG. 2 is a front view thereof;

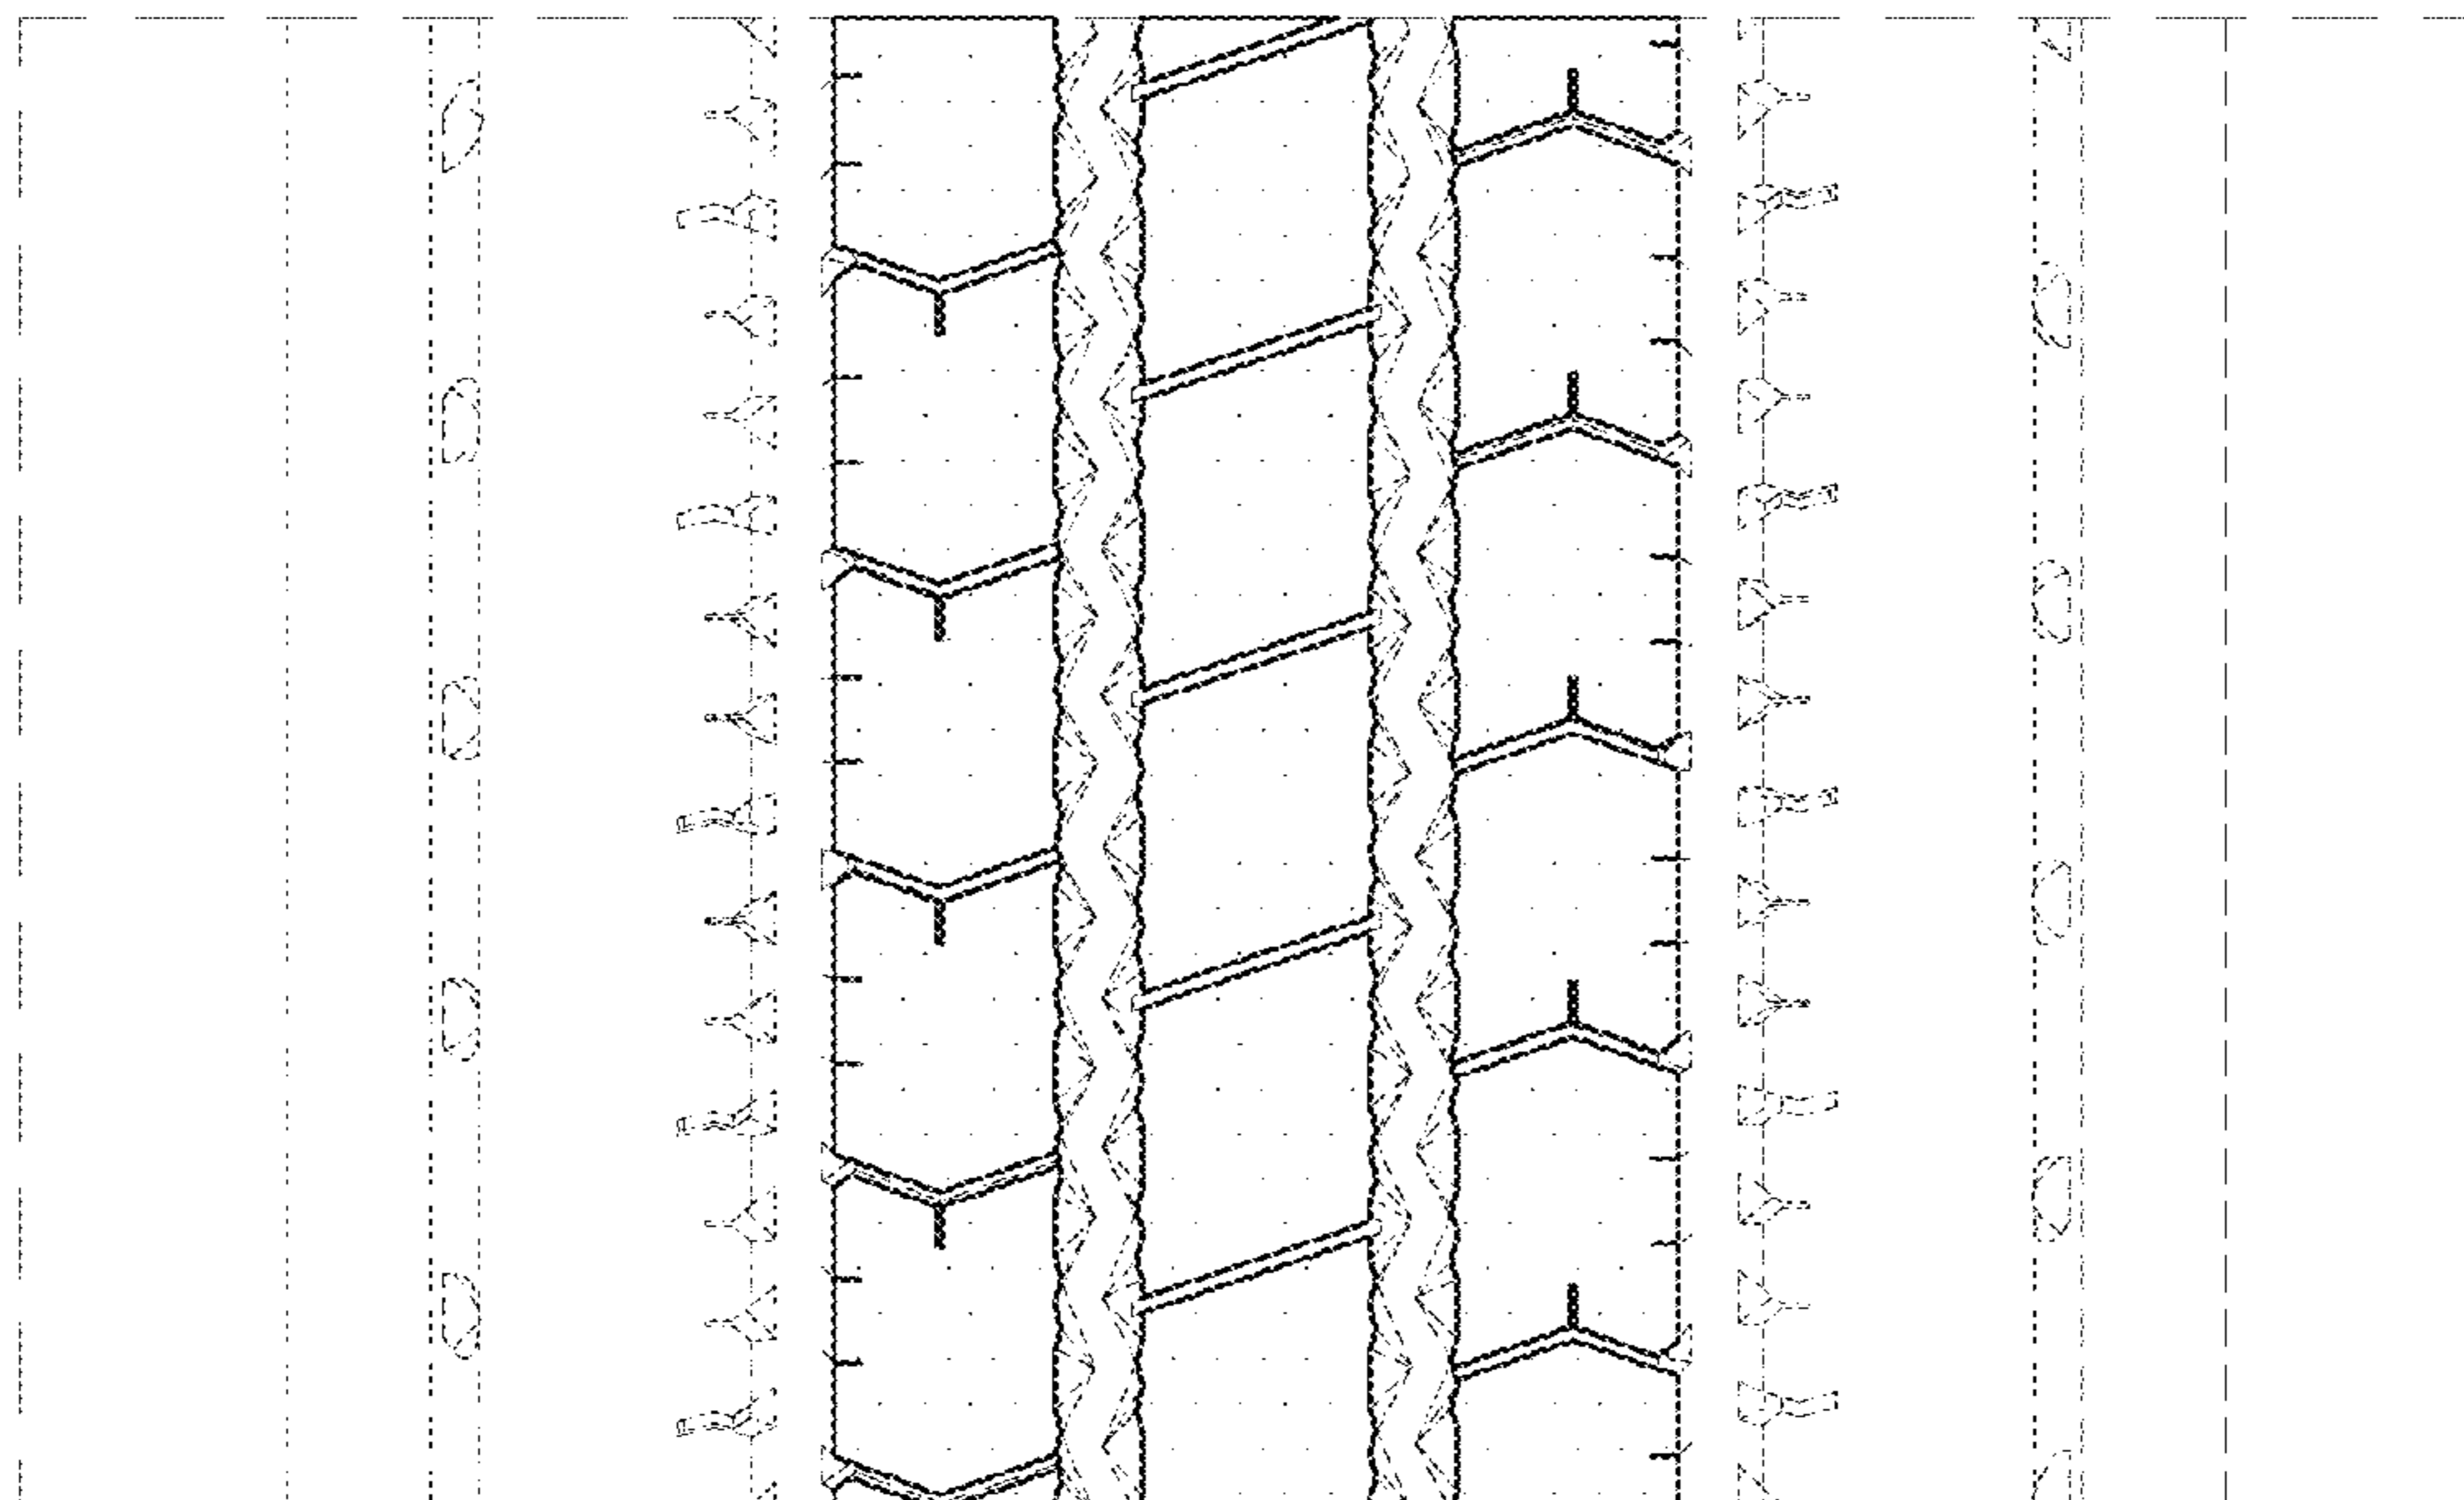

FIG. 3 is a side view thereof; and,

FIG. 4 is an enlarged sectional view thereof.

The features shown in broken lines in the various Figures are for illustrating environmental structure and form no part of the claimed design. The surfaces of the tire are not limited to any color designations.

Generally, the invention pertains to an ornamental design for an article of manufacture. The article is not limited to the scale shown herein. As indicated in the title, the article of manufacture to which the ornamental design has been applied is tire.
