The dash-dash broken lines shown in the figures depict environmental structure and portions of the article which form no part of the claimed design.

The dot-dot-dash broken lines encircling portions of the claimed design that are illustrated in enlargements form no part of the claimed design.

The grayscale tone in the drawing figures depicts a contrast in appearance.

Although lines between each unit may be visible when the display screen is turned off, those lines are not visible when the display screen is turned on, as shown in FIG. **11**, because of the brightness of the screen during its intended use.
