(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen with transitional graphical user interface showing a first image in a sequence for a display screen with transitional graphical user interface according to the claimed design;  
FIG. 2 is a front view of a second image thereof;  
FIG. 3 is a front view of a third image thereof; and,  
FIG. 4 is a front view of a fourth image thereof.  
The appearance of the transition is sequential from FIG. 1 to FIG. 4. The process or period in which an image transitions to another image forms no part of the claimed design.  
The shading is part of the claim. The outermost broken line illustrates the display screen and a boundary and forms no part of the claimed design.
