CLAIM

The ornamental design for a case for electronic communications device, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a case for electronic communications device showing our new design;

FIG. 2 is a rear perspective view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a right side elevational view thereof;

FIG. 7 is a top plan view thereof;

FIG. 8 is a bottom plan view thereof;

FIG. 9 is an exploded front perspective view thereof showing the components of the case separated for clarity of disclosure;

FIG. 10 is an exploded rear perspective view thereof showing the components of the case separated for clarity of disclosure;

FIG. 11 is front perspective view showing the transparent inner component of the case in isolation for clarity of disclosure;

FIG. 12 is rear perspective view showing the transparent inner component of the case in isolation for clarity of disclosure;

FIG. 13 is front perspective view showing the outer frame component of the case in isolation for clarity of disclosure;

FIG. 14 is rear perspective view showing the outer frame component of the case in isolation for clarity of disclosure;

FIG. 15 is front perspective view showing the storage compartment cover component of the case in isolation for clarity of disclosure;

FIG. 16 is a rear perspective view showing the storage compartment cover component of the case in isolation for clarity of disclosure; and,

FIG. 17 is a rear perspective view of the case for electronic communications device showing the storage compartment cover in an open position.

Although the case for electronic communications device, in which the claimed design is embodied, consists of a transparent inner component, an outer frame and a storage compartment cover, the claim is directed to the ornamental appearance of the case for electronic communications device in its entirety and does not extend to the ornamental appearance of the individual components of the case for electronic communications device.

The broken lines throughout the drawing figures depict portions of the case for electronic communications device that form no part of the claimed design. The broken lines and regions bounded by broken lines form no part of the claimed design.
