(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

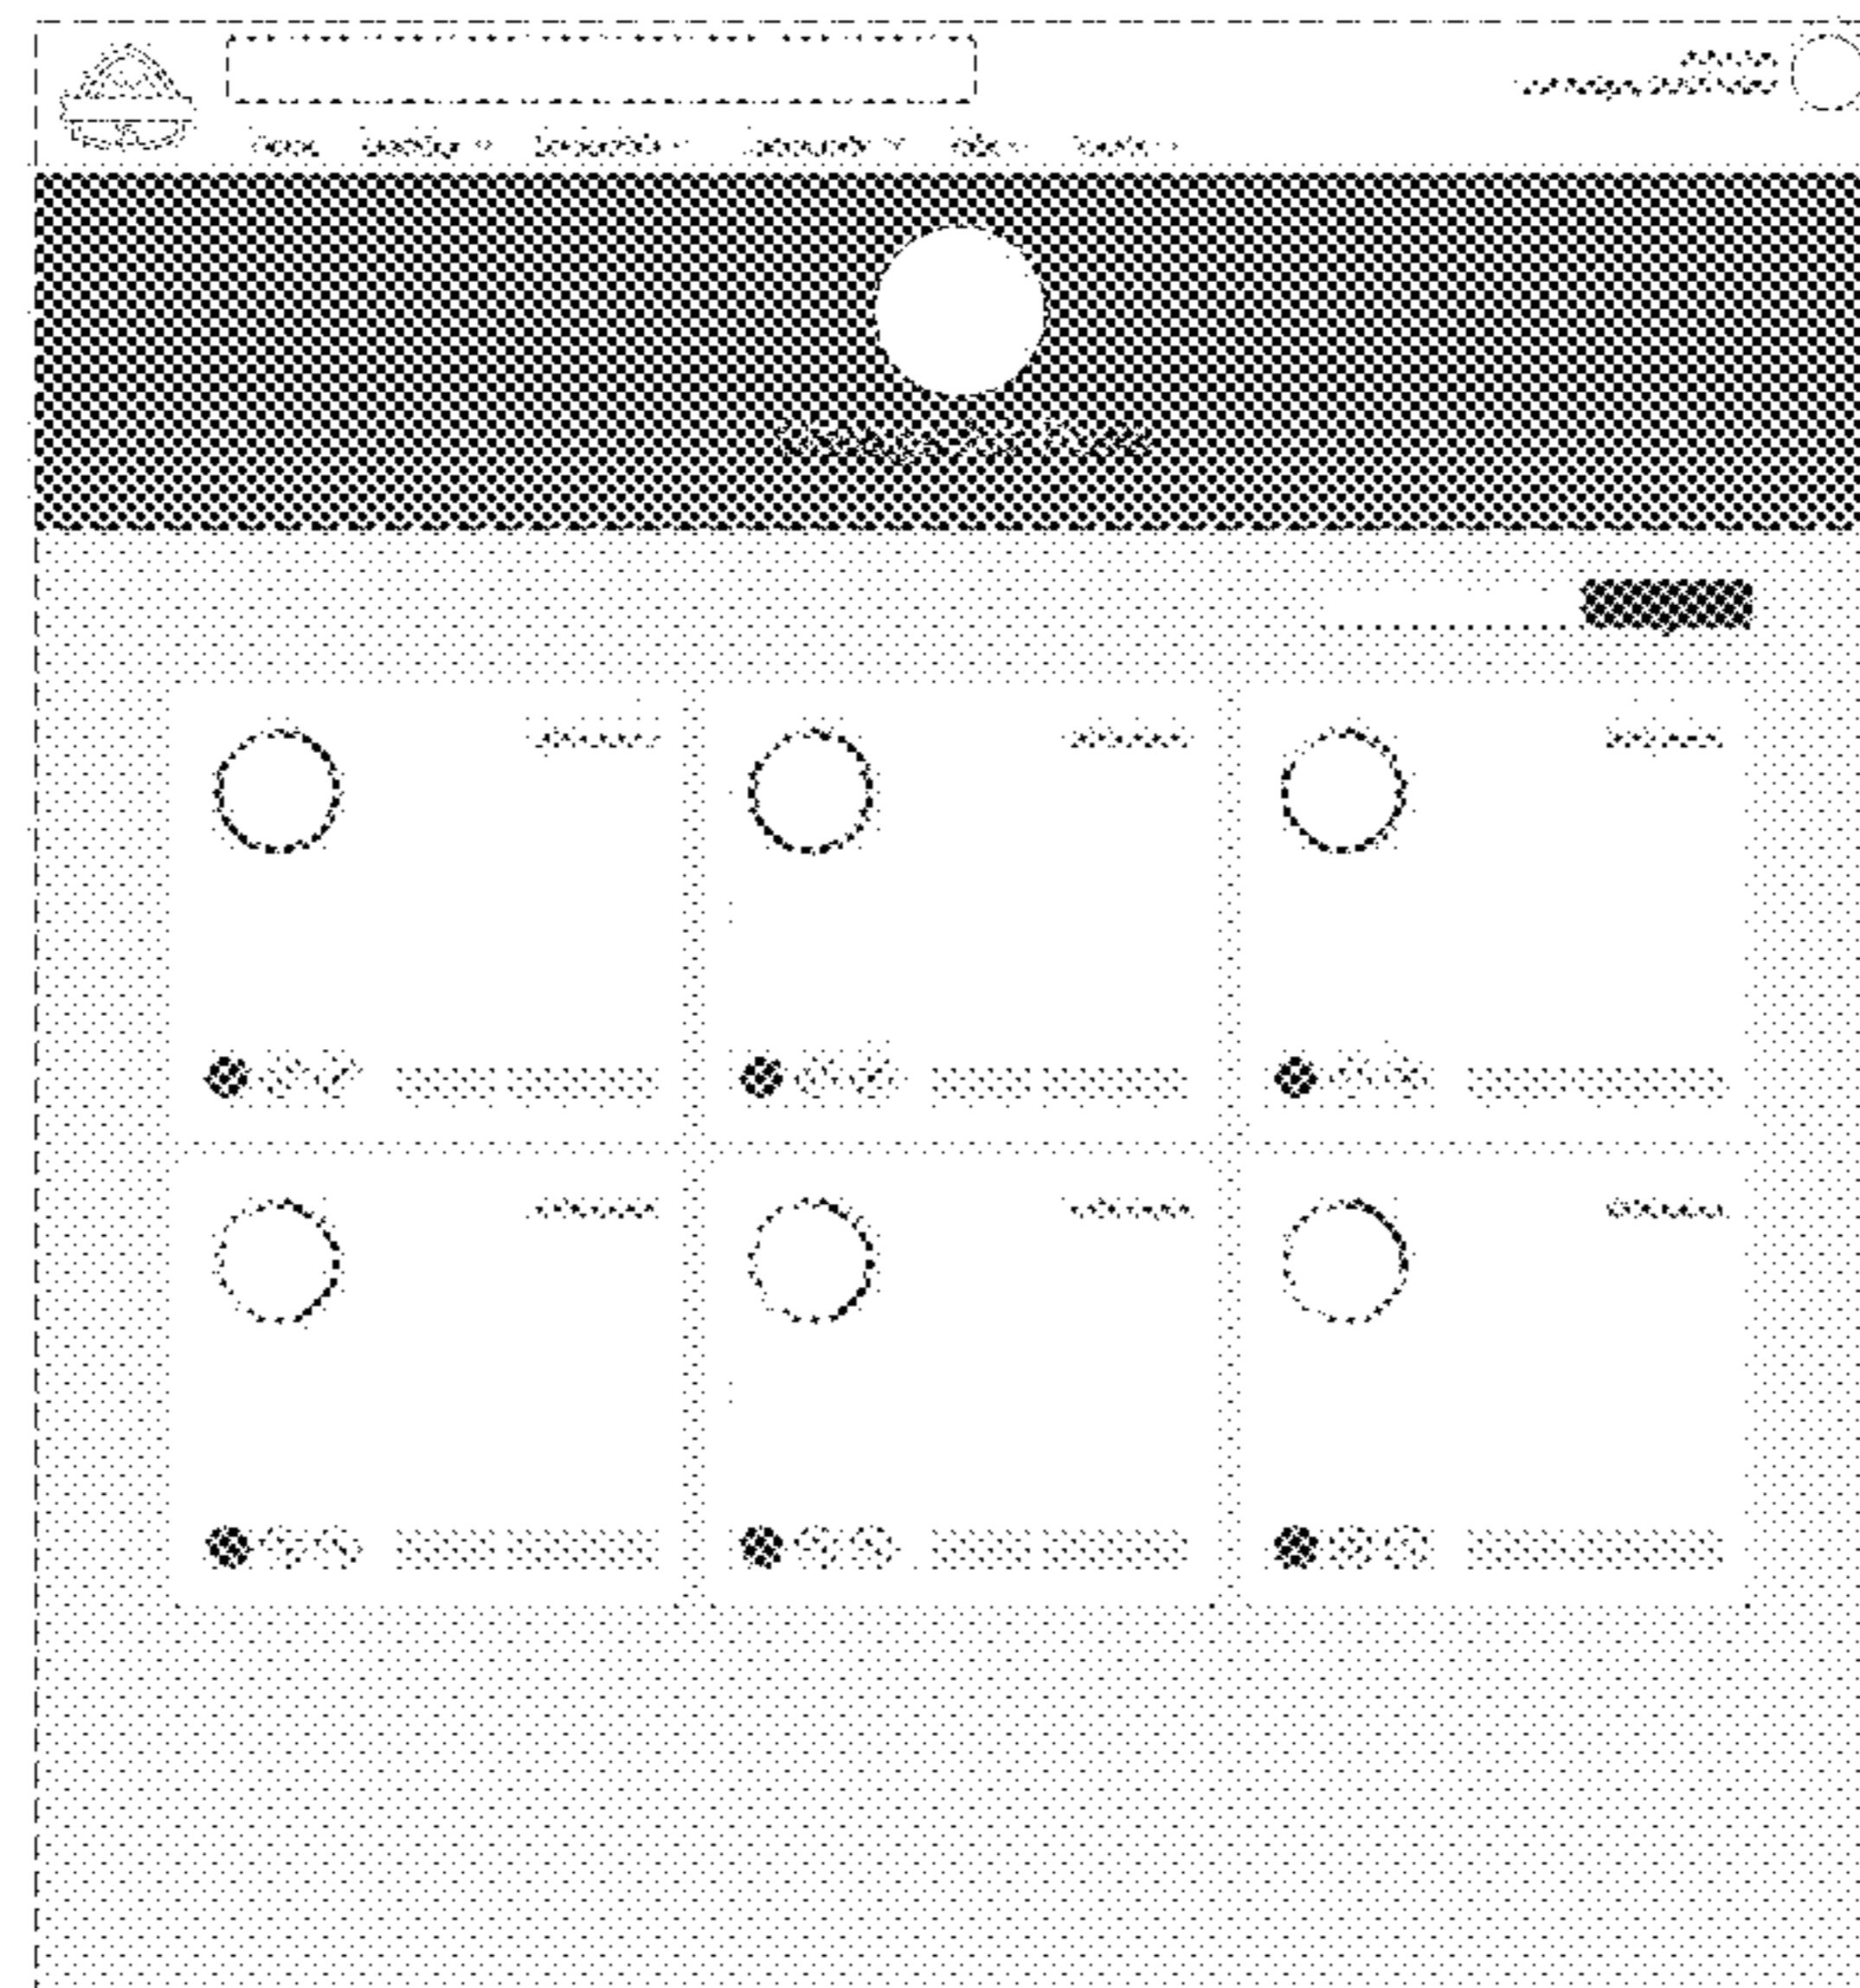

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE shows a front view of a display screen or portion thereof with graphical user interface showing the claimed design.

The outermost dashed broken lines in the FIGURE is a display screen or portion thereof, and form no part of the claimed design. The other dashed broken lines in the FIGURE show text, graphics, and other elements that form no part of the claimed design.
