(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 illustrates a first image in a sequence for a display screen with graphical user interface.

FIG. 2 illustrates a second image in the sequence for a display screen with graphical user interface.

FIG. 3 illustrates a third image in the sequence for a display screen with graphical user interface.

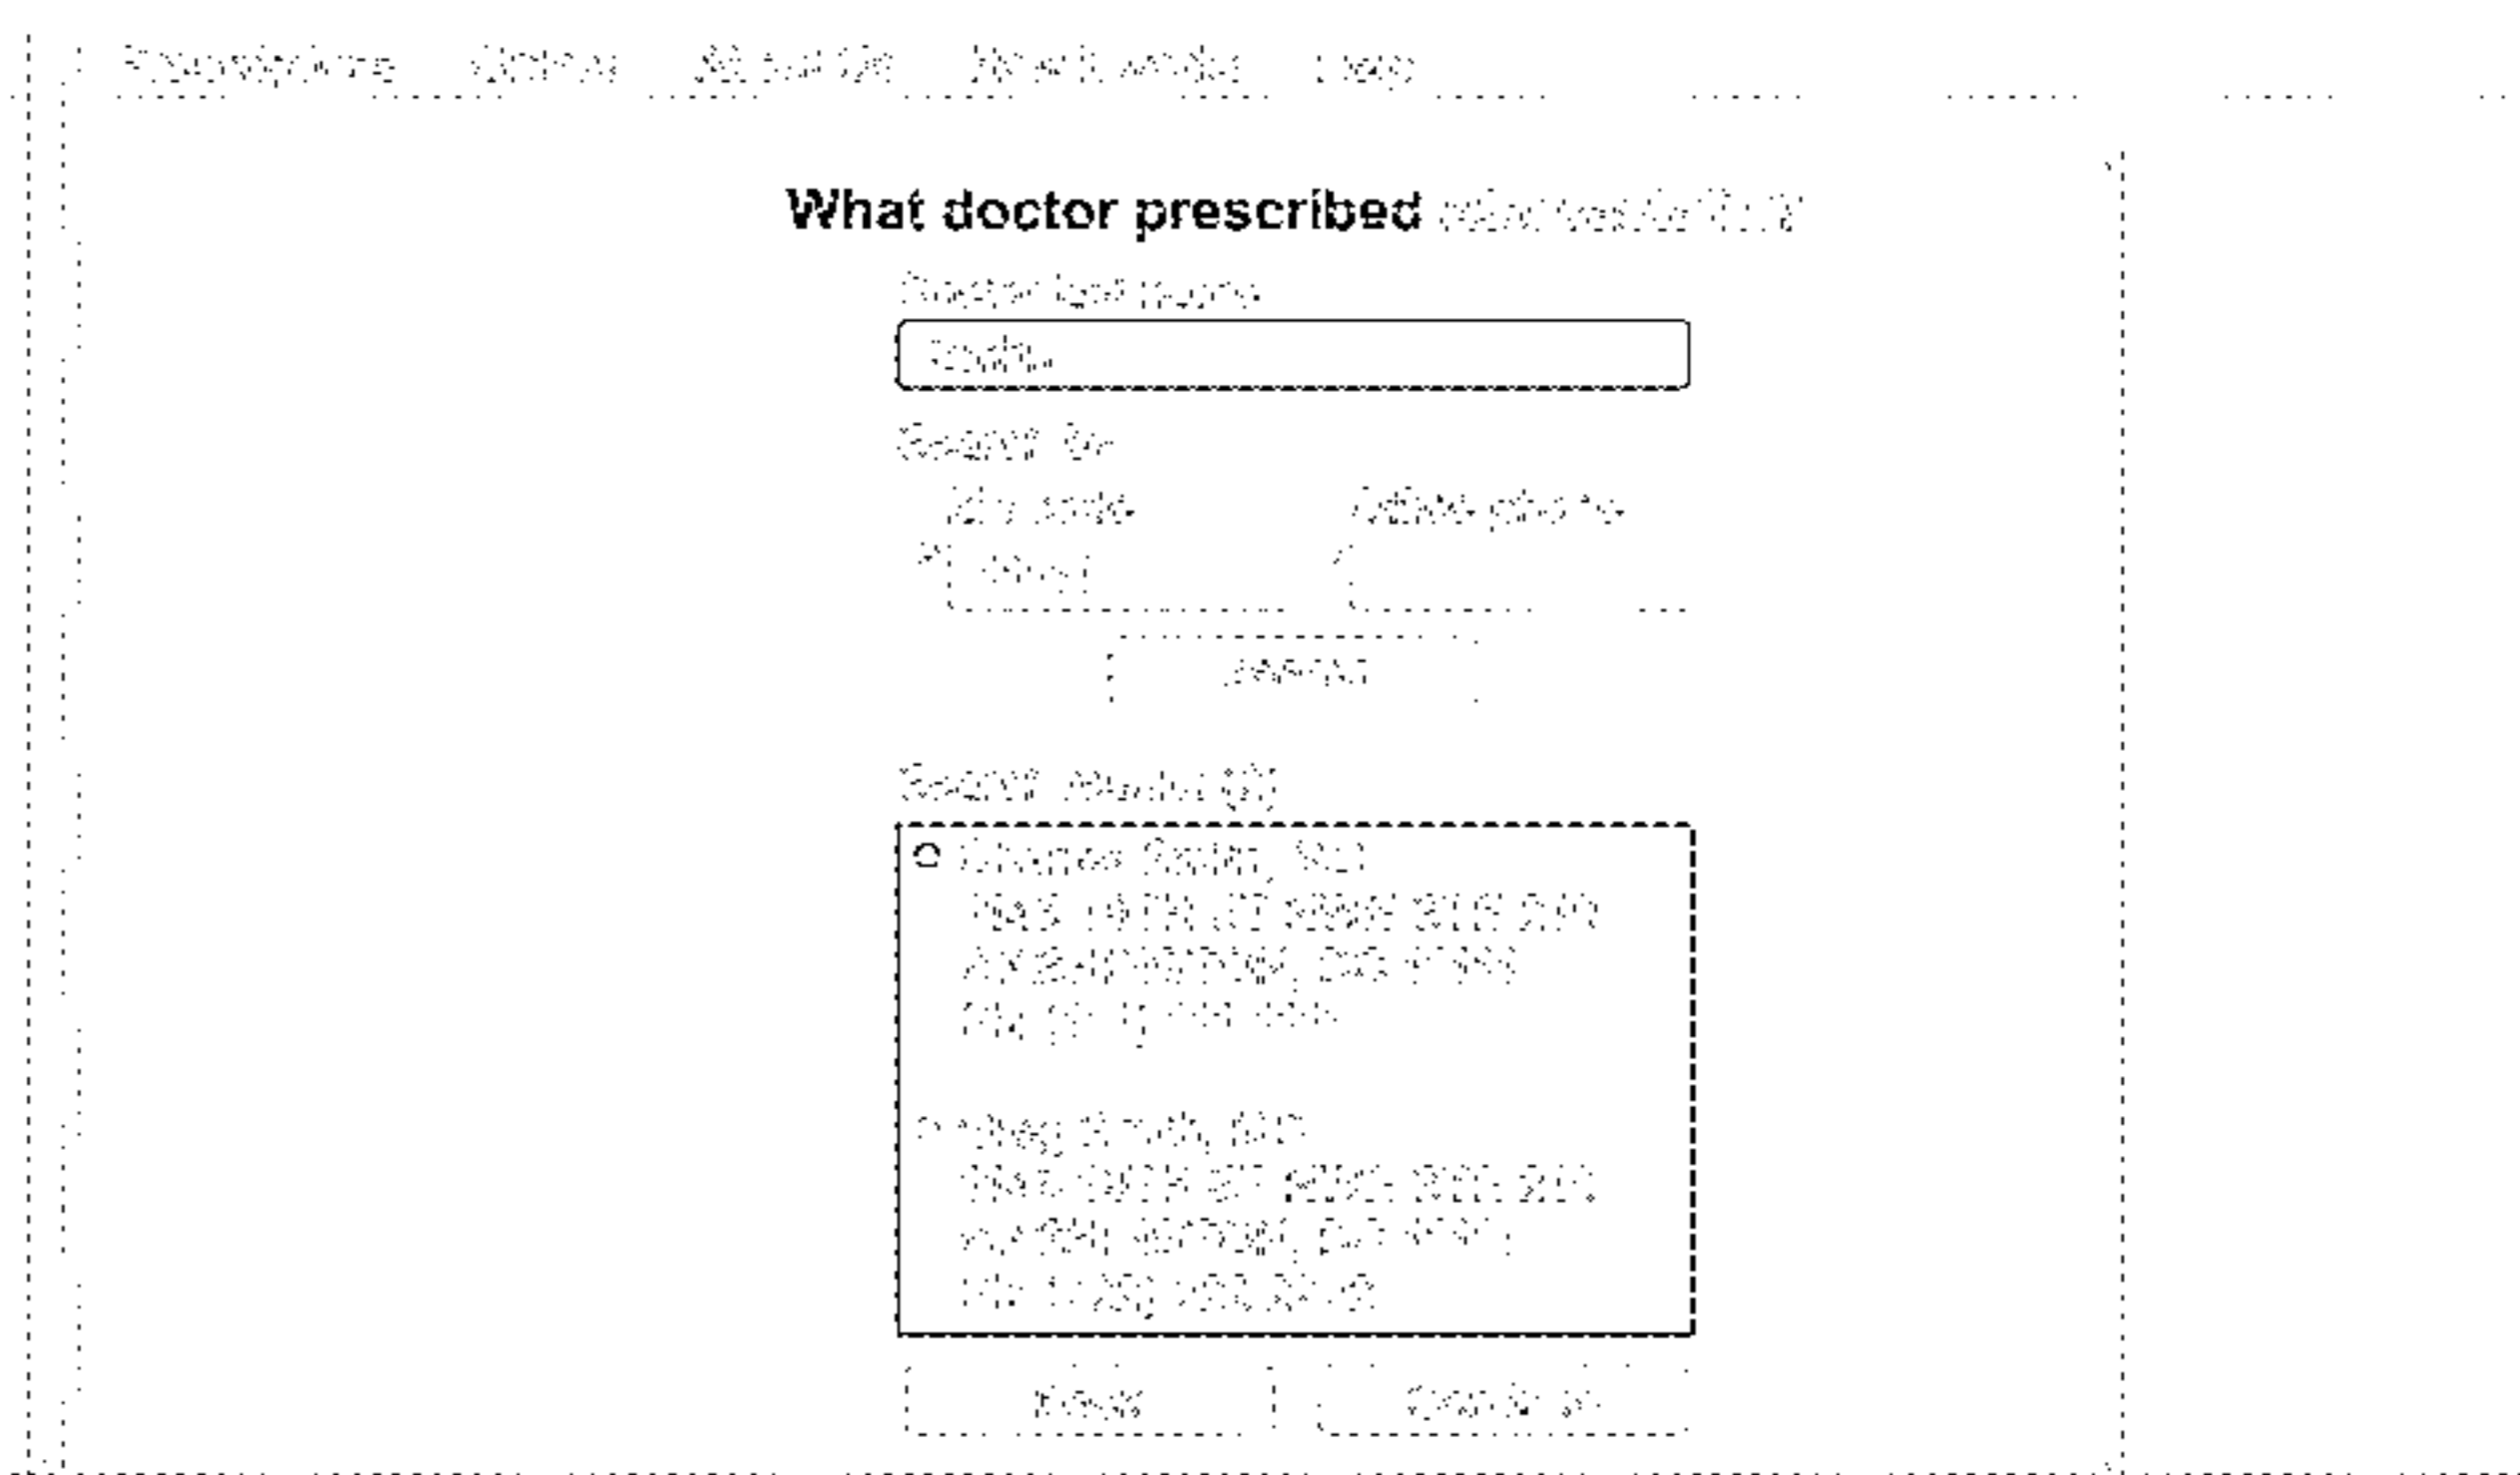

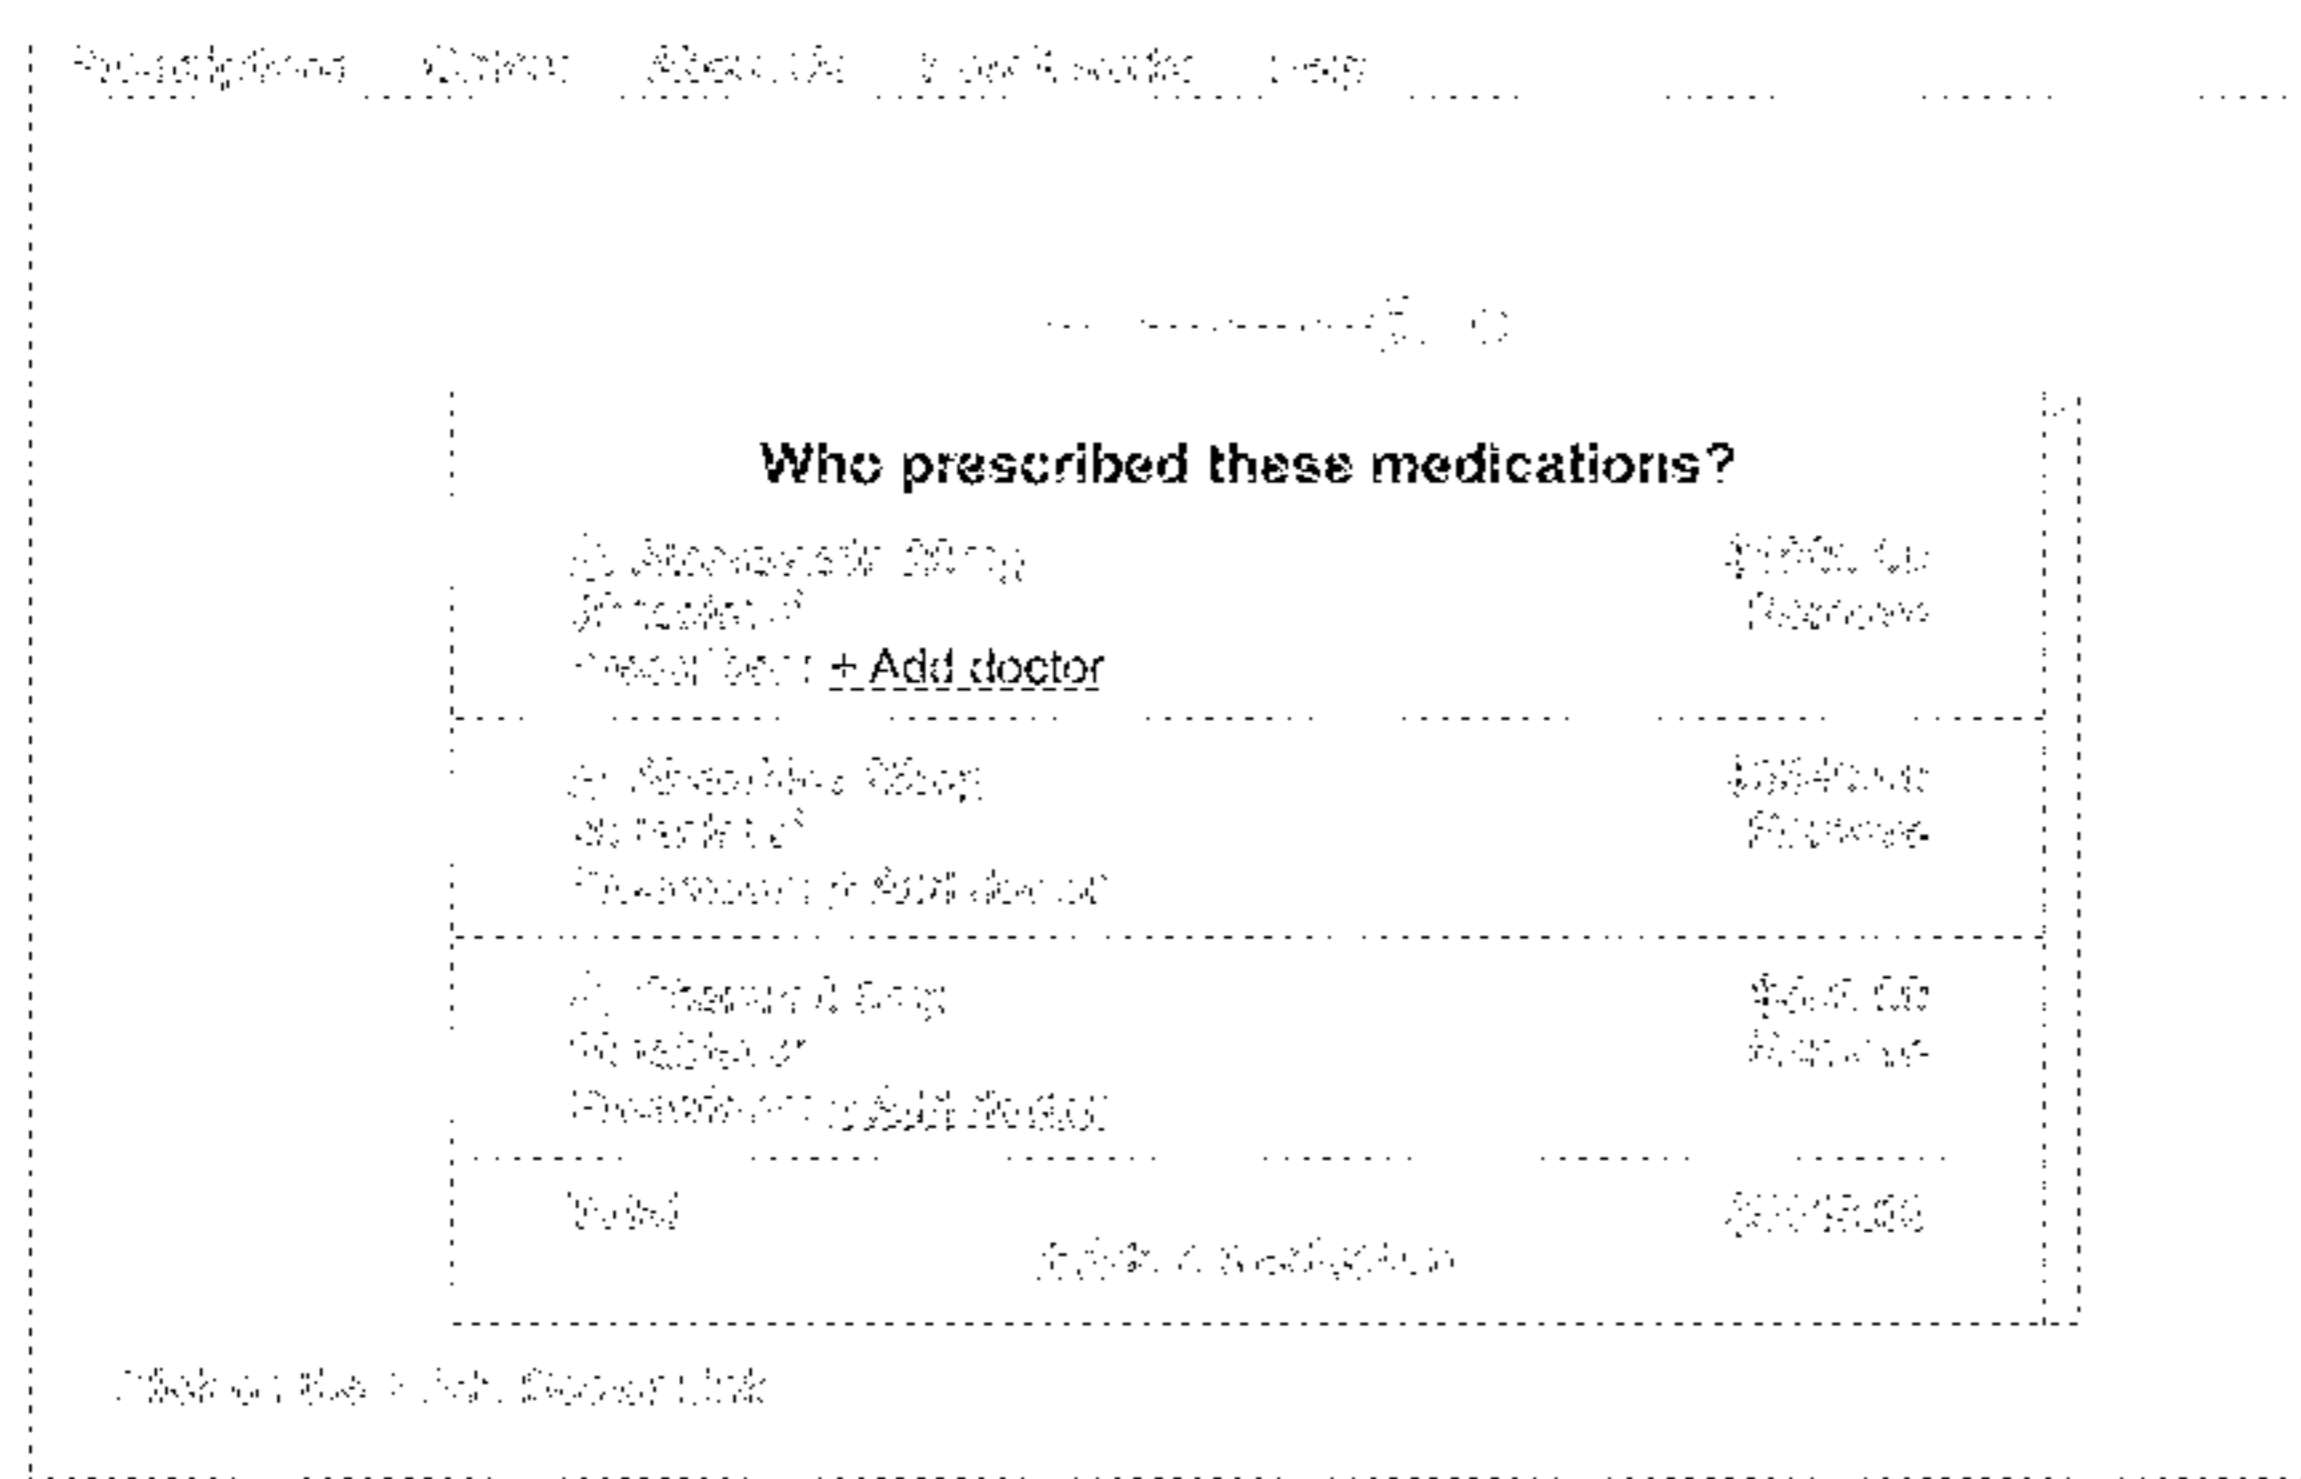

FIG. 4 illustrates a fourth image in the sequence for a display screen with graphical user interface; and,

FIG. 5 illustrates a fifth image in the sequence for a display screen with graphical user interface.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing of a display screen with graphical user interface is included for the purpose of showing portions of the article which form no part of the claim.
