(57) **CLAIM**

The ornamental design for a signage system, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a signage system according to the invention;
FIG. 2 is a rear perspective view of a signage system according to the invention;
FIG. 3 is a front elevational view of a signage system according to the invention;
FIG. 4 is a rear elevational view of a signage system according to the invention;
FIG. 5 is a left elevational view of a signage system according to the invention;
FIG. 6 is a right elevational view of a signage system according to the invention;
FIG. 7 is a top plan view of a signage system according to the invention; and,
FIG. 8 is a bottom plan view of a signage system according to the invention.
The broken lines illustrate portions of the signage system that form no part of the claimed design.
