(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

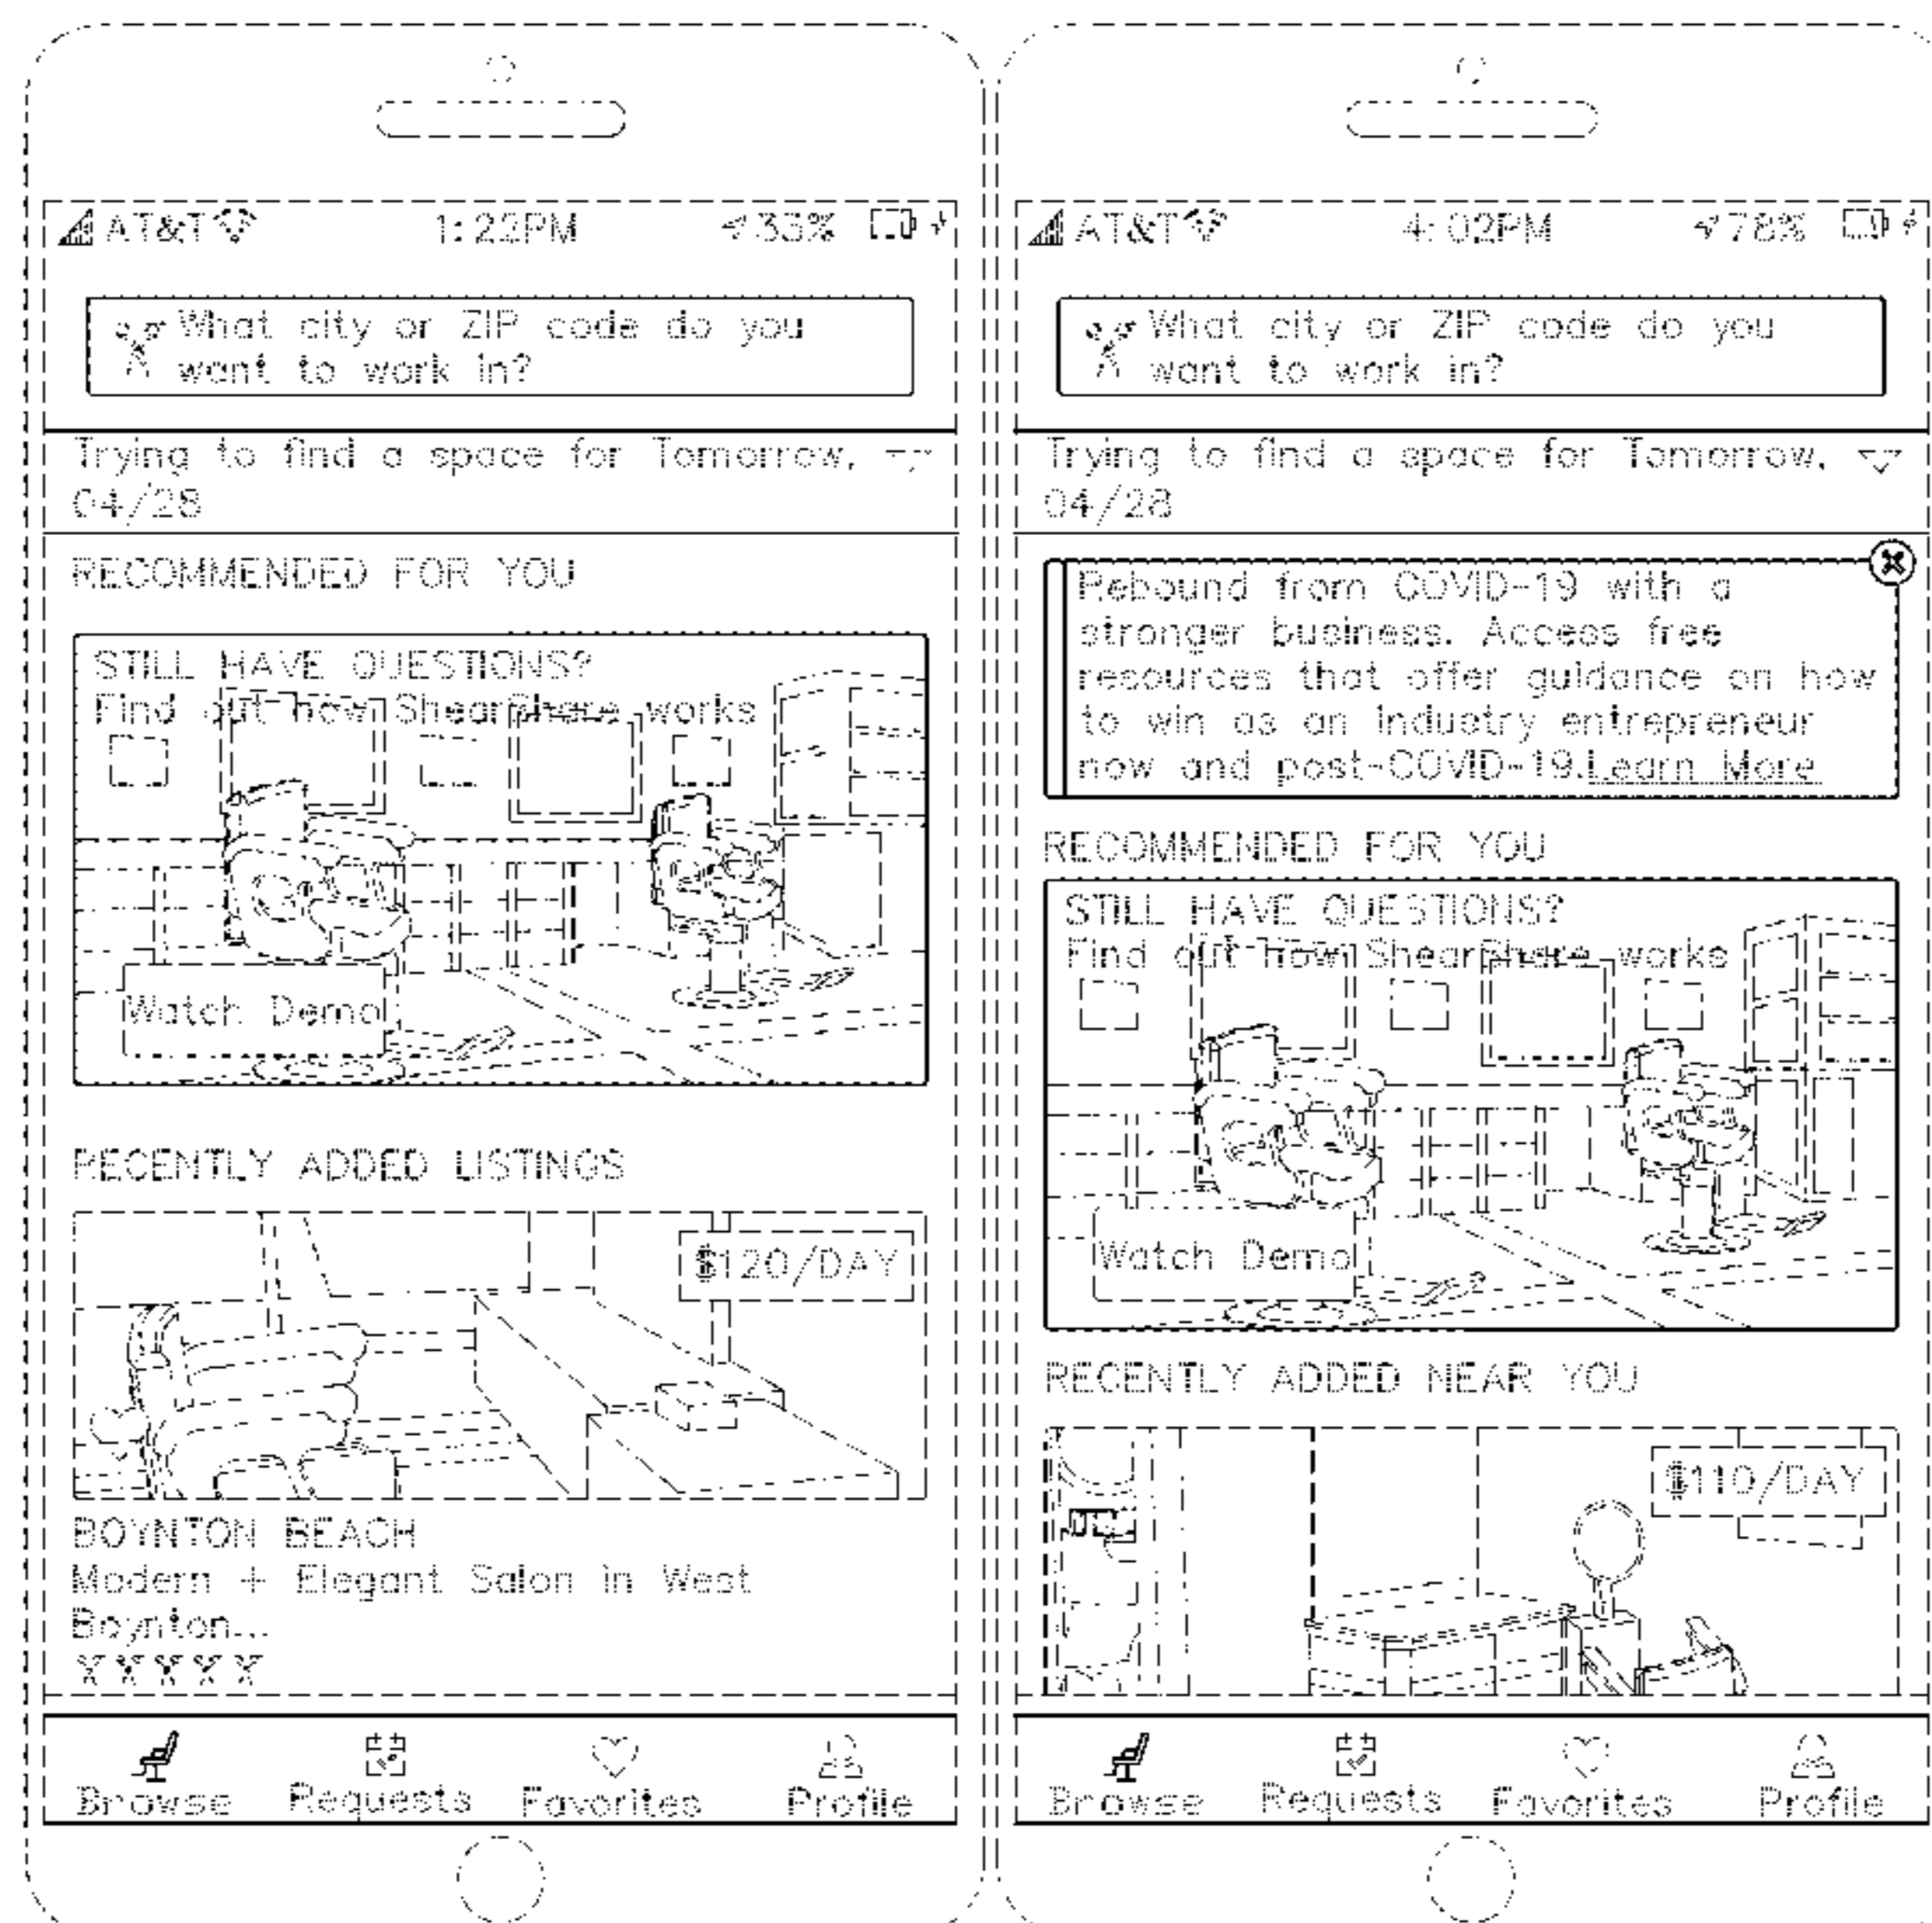

DESCRIPTION

FIG. 1 illustrates a front view of a display screen with graphical user interface, showing a first image of the design; FIG. 2 showing a second image thereof; FIG. 3 showing a third image thereof; FIG. 4 showing a fourth image thereof; and, FIG. 5 showing a fifth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

In the drawings, the broken lines are for the purpose of illustrating a display screen and portions of the graphical user interface, which form no part of the claimed design.

1 Claim, 5 Drawing Sheets
