(57) CLAIM

The ornamental design for a watch face, as shown and described.

DESCRIPTION

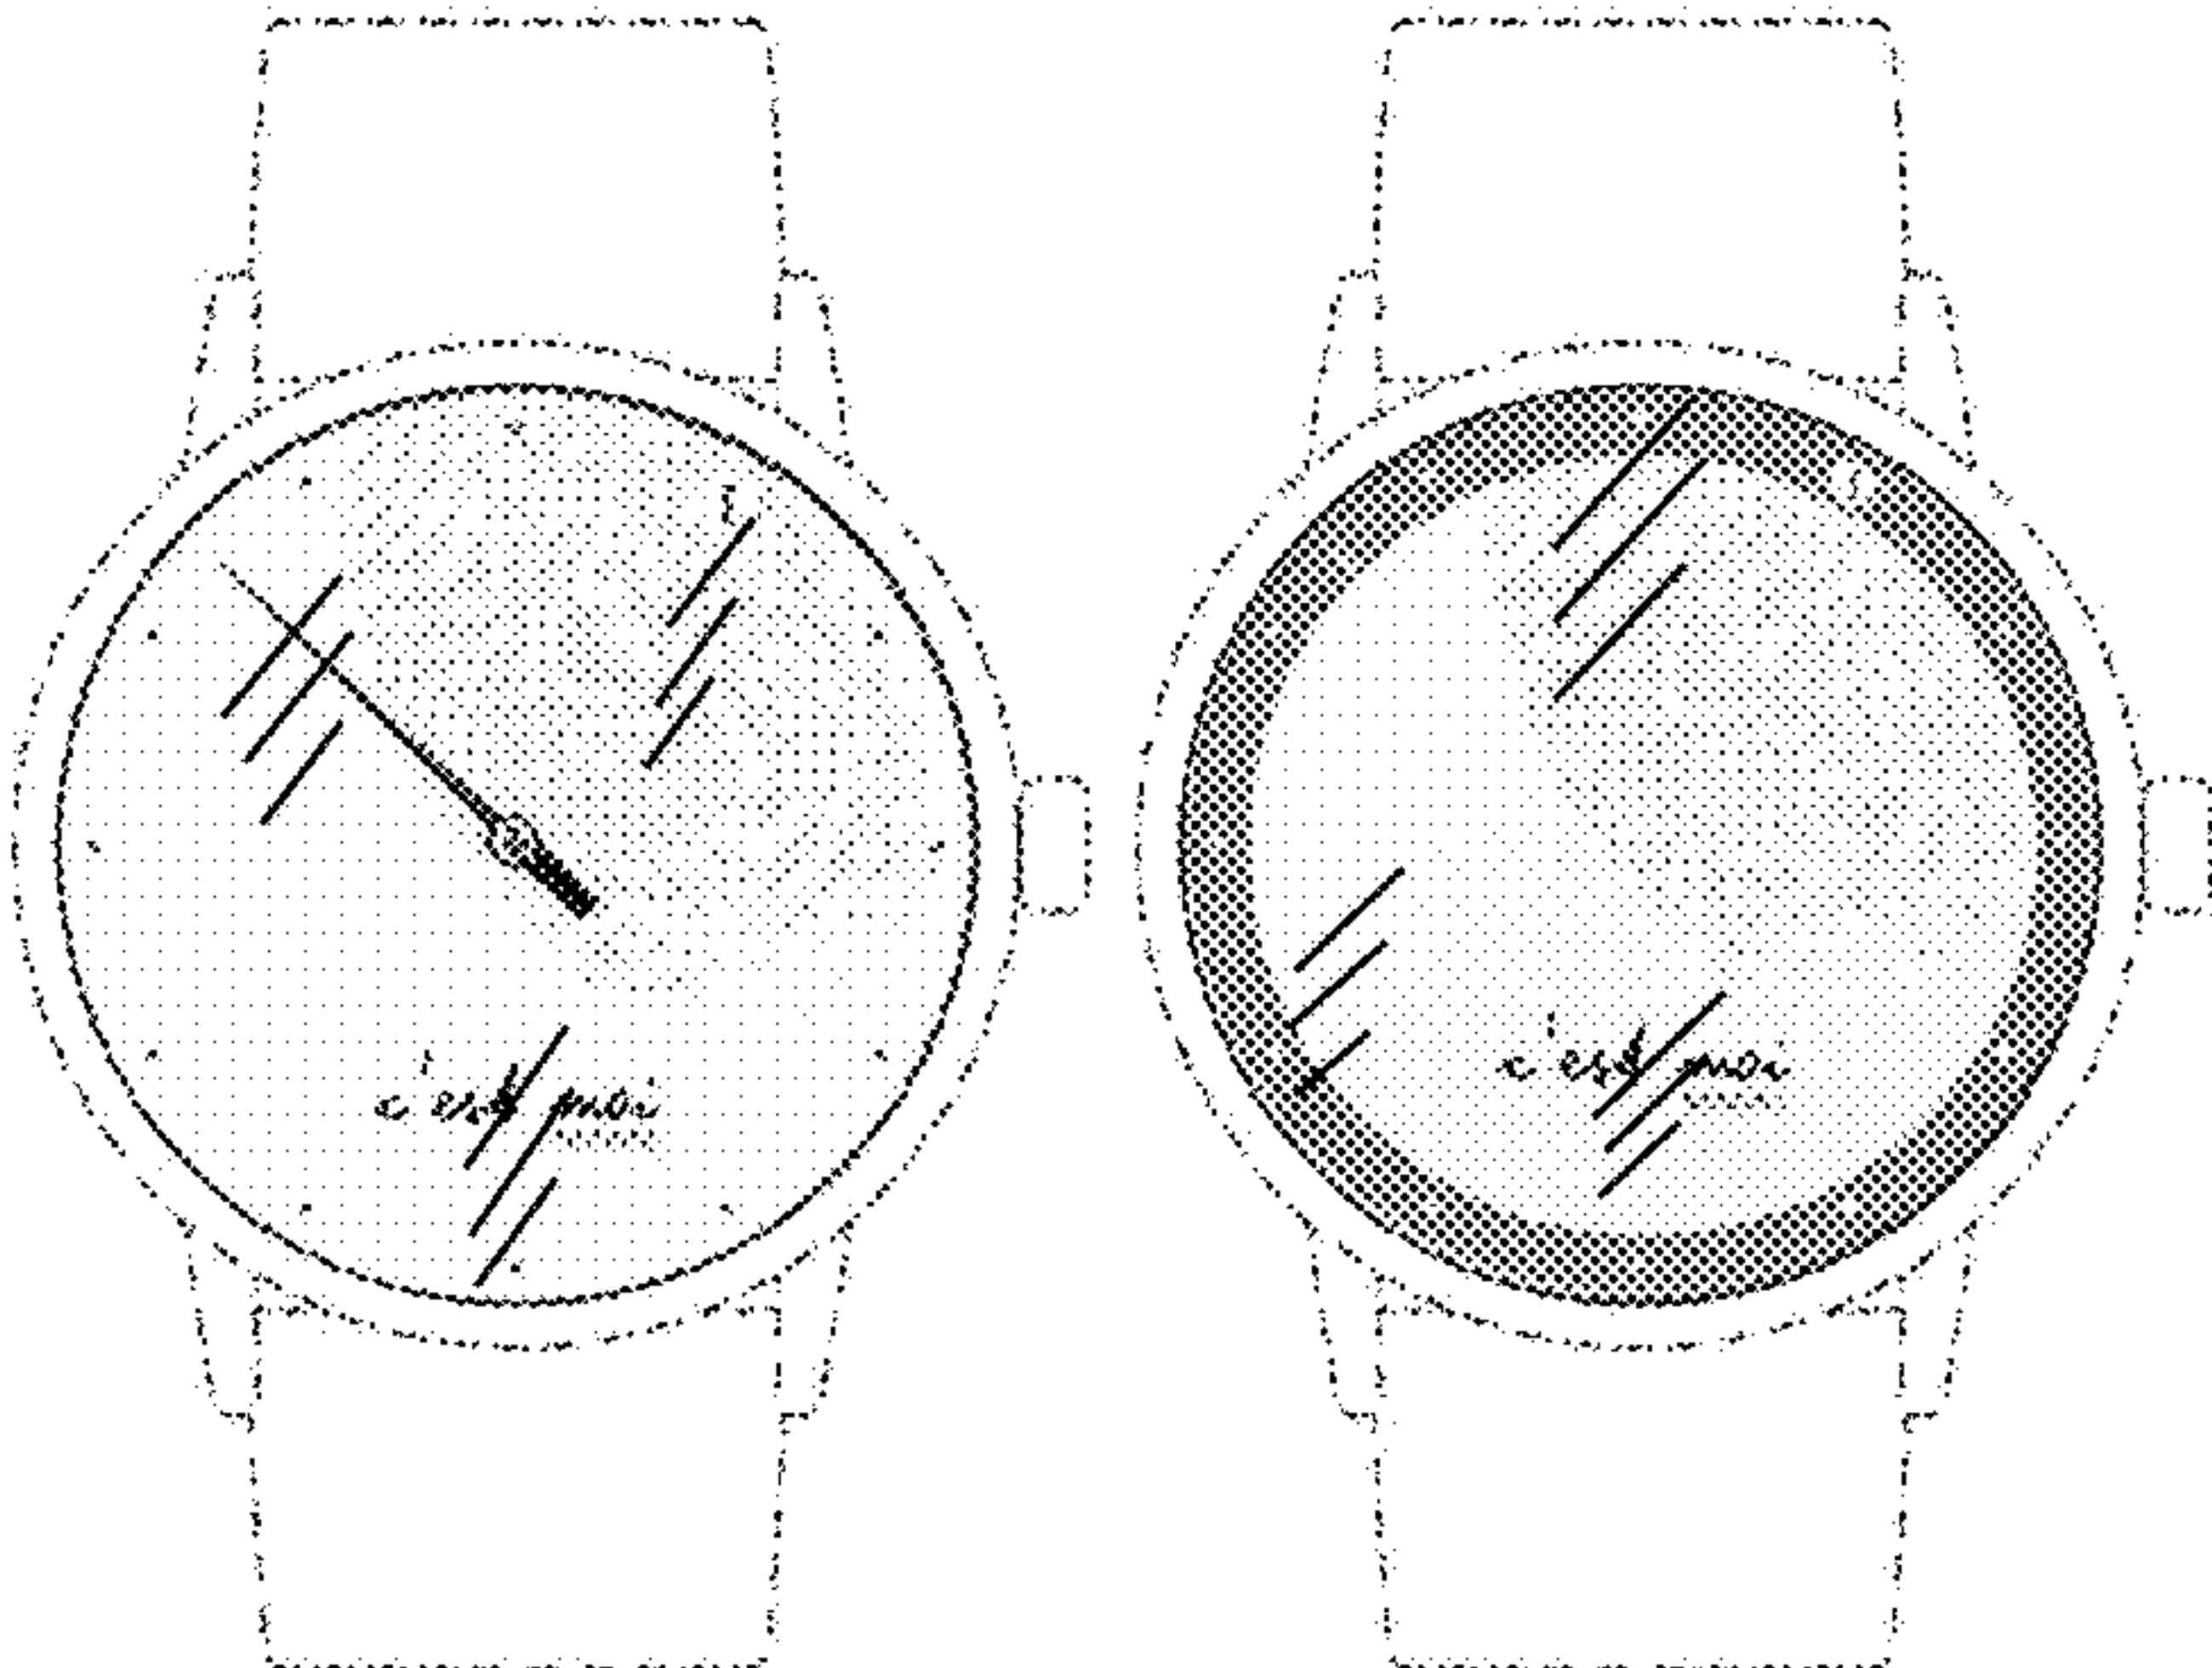

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front elevation view of a watch face according to a first embodiment of the present invention; and, FIG. 2 is a front elevation view of a watch face according to a second embodiment of the present invention.

In the drawings, the broken lines illustrating portions of the watch face form no part of the claimed design.

The broken line showing of the watch case and band are for environmental purposes and form no part of the claimed design.

(Continued)

The design herein is flat and coplanar with all elements being coplanar.
