(57) **CLAIM**

The ornamental design for a magnetic cell phone case, as shown and described.

DESCRIPTION

FIG. 1 is a front, right-side, and top perspective view of a magnetic cell phone case showing my new design; FIG. 2 is a rear, left-side, and bottom perspective view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a left side elevational view thereof; FIG. 6 is a right side elevational view thereof; FIG. 7 is a top plan view thereof; FIG. 8 is a bottom plan view thereof; FIG. 9 is an exploded rear, right-side, and bottom perspective view thereof showing the front and rear portions of the case separated for clarity of disclosure; and, FIG. 10 is an exploded front, right-side, and top perspective view thereof showing five components of the case separated for clarity of disclosure.

For clarity of disclosure, the front and rear portions of the magnetic cell phone case are shown separated in FIG. 9 and the five components of the case are shown separated in FIG. 10. Although the magnetic cell phone case, in which the claimed design is embodied, has separable front and rear portions and includes five separable components, the claim is directed to the overall ornamental appearance of the case in its entirety and does not extend to the ornamental appearance of each of the individual portions or components in isolation.
