(57) **CLAIM**

The ornamental design for a quick change adapter and socket cover assembly, as shown and described.

DESCRIPTION

The patent application file contains at least one drawing executed in color. Copies of this patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front, right side perspective view of a quick change adapter and socket cover assembly showing our new design in an assembled state;

FIG. 2 is a front, right side perspective view of the quick change adapter and socket cover assembly showing our new design in an exploded view;

FIG. 3 is a right side elevational view thereof, in the assembled state, the left side view being identical;

FIG. 4 is a right side elevational view thereof, in an exploded view, the left side view being identical;

FIG. 5 is a top plan view thereof, in the assembled state, the bottom plan view being identical;

FIG. 6 is a rear elevational view thereof;

FIG. 7 is a front elevational view thereof; and,

FIG. 8 is a top plan view thereof, in an exploded view, the bottom plan view being identical.
