(57) **CLAIM**

I claim the ornamental design for an infant urination shield, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front and back of a first embodiment of an infant urination shield in use showing my new design, the front and back view being mirror images of one another;

FIG. 2 is a top view thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a left view thereof;

FIG. 5 is a back view thereof;

FIG. 6 is a right view thereof;

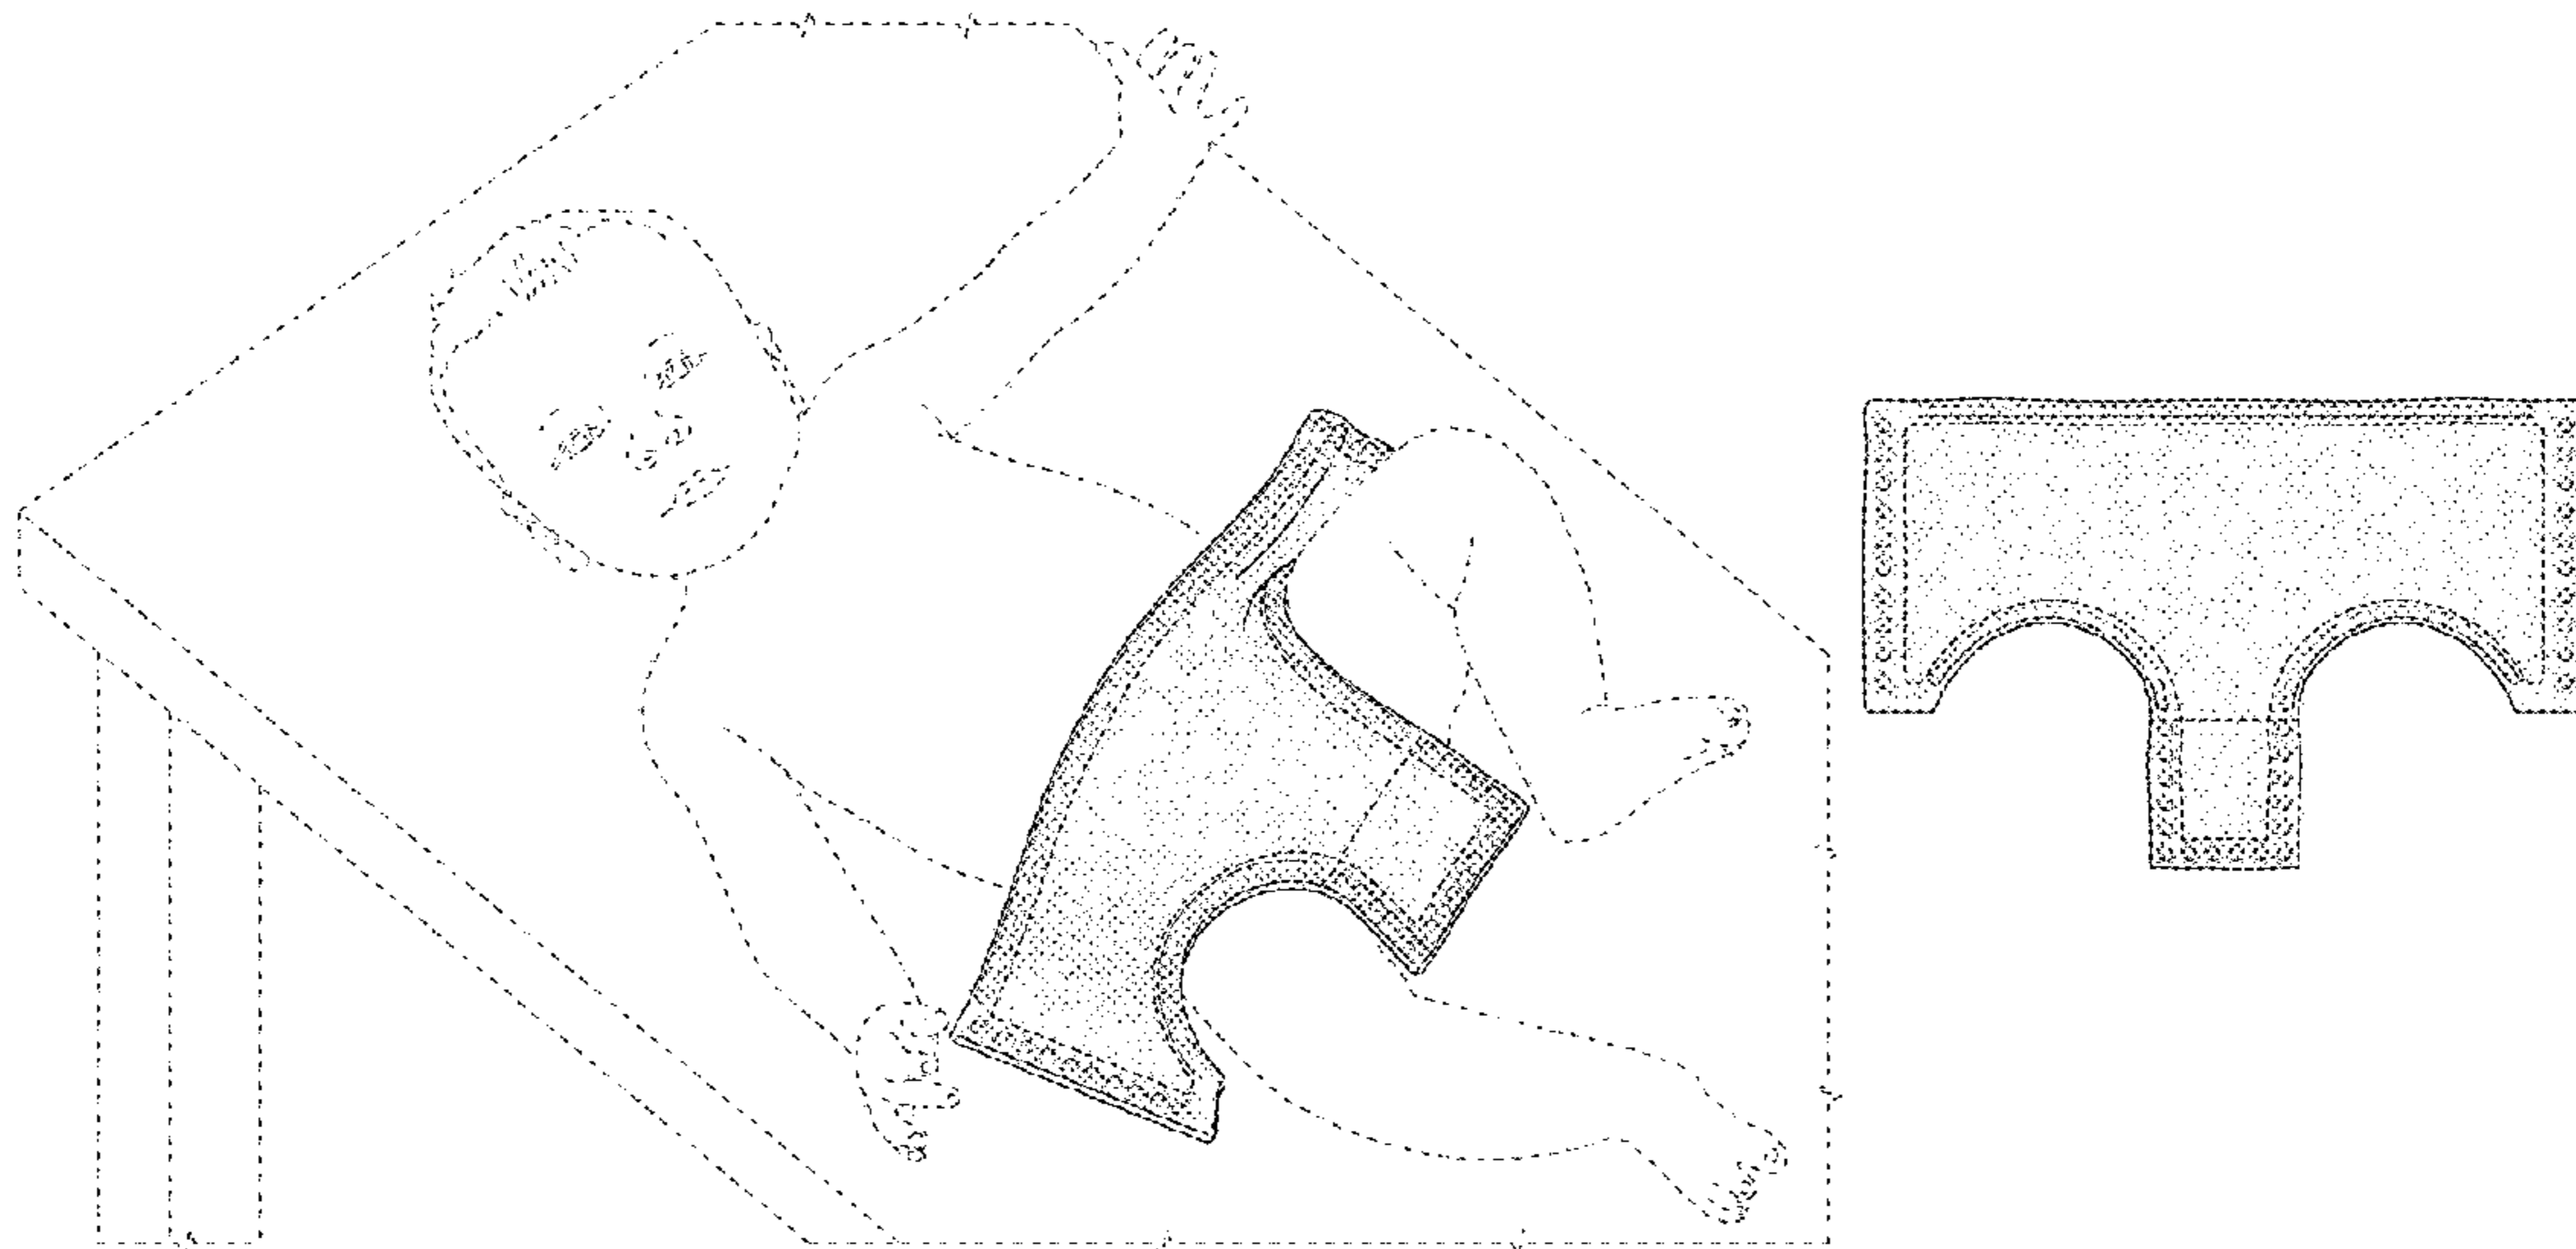

FIG. 7 is a bottom view thereof;

FIG. 8 is a back view of a second embodiment of the infant urination shield, which is identical to the first embodiment in all views with the exception of the differences caused by a wide central flap, and consequently wider infant urination shield as shown in FIG. 8 relative to FIG. 5; and,

FIG. 9 is a back view of a third embodiment of the infant urination shield, which is identical to the first embodiment in all views with the exception of the differences caused by a narrower central flap, and consequently narrower infant urination shield as shown in FIG. 9 relative to FIG. 5.

The broken lines shown in FIG. 1 that show the infant and changing table illustrate environment and form no part of the claimed design. The broken lines shown in FIGS. 1, 4, 6, 8 and 9 illustrate stitching and form no part of the claimed design.

1 Claim, 3 Drawing Sheets
