(57) **CLAIM**

The ornamental design for a portion of monitor displayed with animated graphical user interface, as shown and described.

DESCRIPTION

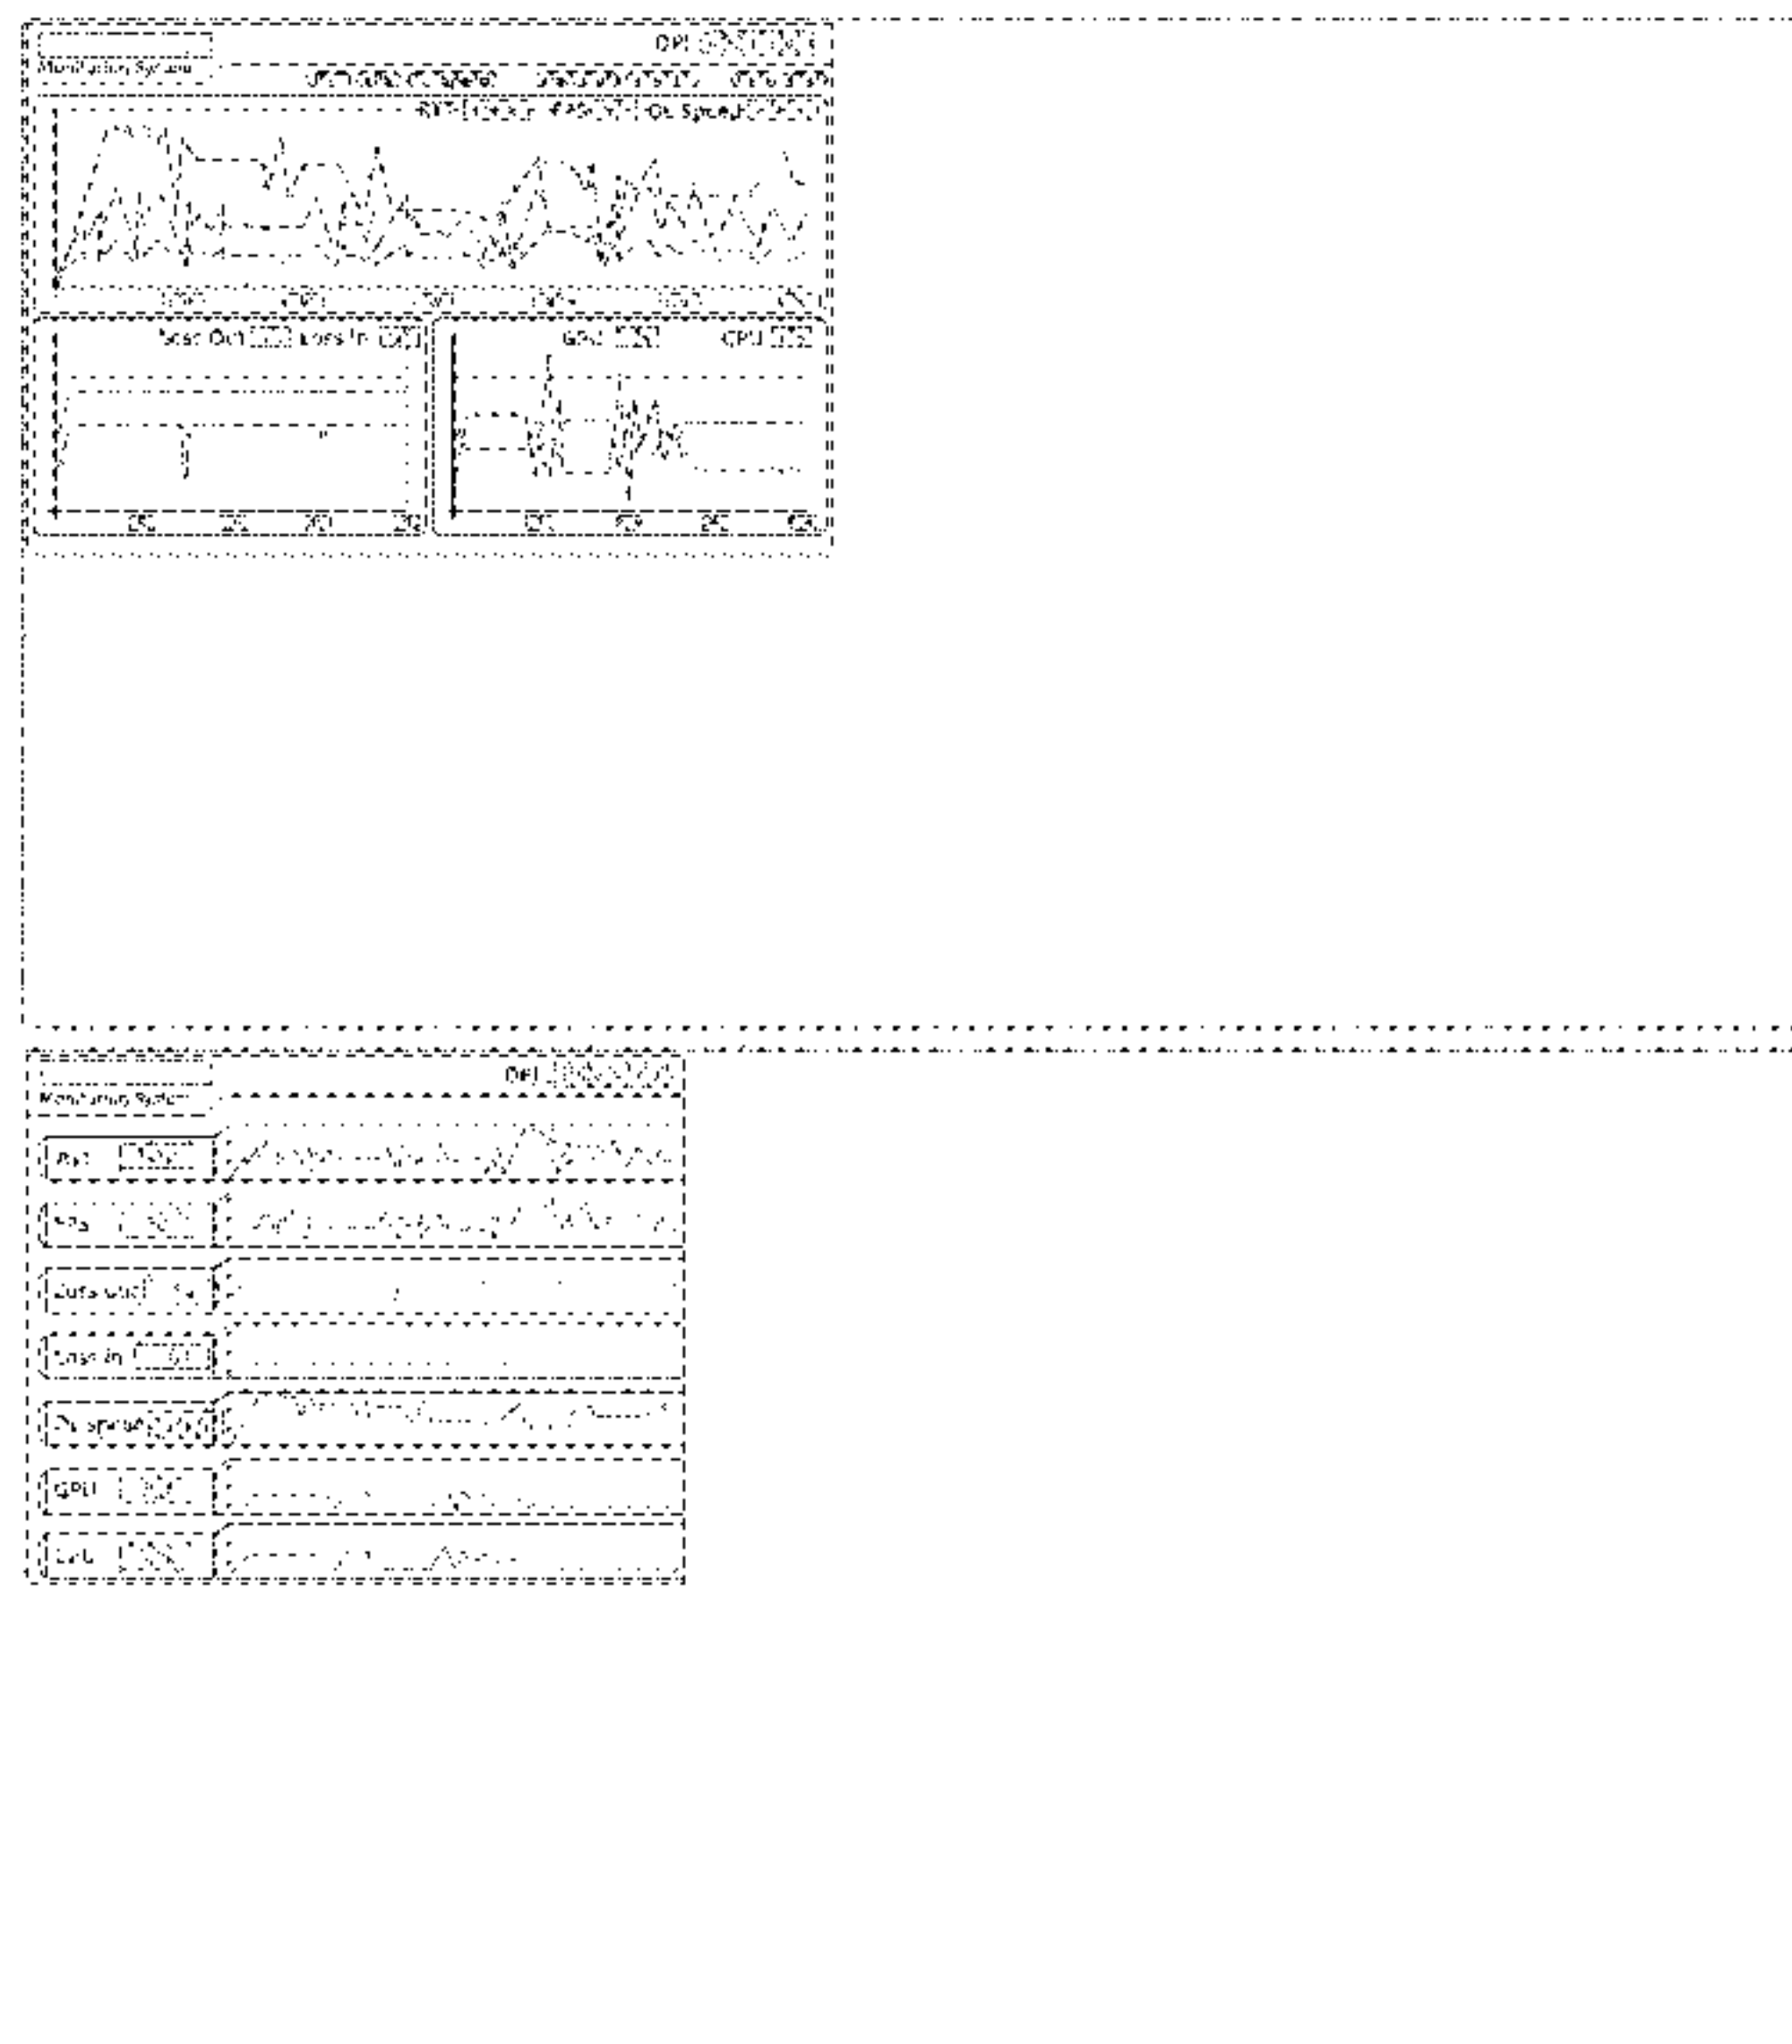

FIG. 1 is a first image in a sequence for a portion of a monitor displayed with animated graphical user interface showing our new design;

FIG. 2 is a second image in a sequence for a portion of a monitor displayed with animated graphical user interface; and,

FIG. 3 is a third image in a sequence for a portion of a monitor displayed with animated graphical user interface.

The evenly-spaced broken lines depict parts of the animated graphical user interface that form no part of the claimed design. The long-short broken line showing of a portion of the monitor is included for the purpose of illustrating portions of the article and forms no part of the claimed design. The appearance of the graphical user interface transitions sequentially between FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.
