See application file for complete search history.

**DESCRIPTION**

FIG. 1 is a first image in a sequence of the portion of a computer screen with transitional graphical user interface; and, FIG. 2 is a second image thereof. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2, which illustrate the portions of the display screen having a common center point. The long-dash-short-dash broken lines are drawn to illustrate the portion of the computer screen on which the design is displayed, and form no part of the claimed design. The even-dash broken lines show environment and form no part of the claimed design. The process or period in which one image transitions to another image forms no part of the claimed design.
