The ornamental design for a display screen or portion thereof with an animated graphical user interface, as shown and described.

(73) Assignee: **Canva Pty Ltd**, Surry Hills (AU)

DESCRIPTION

(**) Term: **15 Years**

(21) Appl. No.: **29/725,523**

FIG. 1 is a front view of a display screen or portion thereof with a first image in a sequence for an animated graphical user interface in accordance with a first embodiment; FIG. 2 is a front view of a display screen or portion thereof with a second image in a sequence for an animated graphical user interface in accordance with the first embodiment; FIG. 3 is a front view of a display screen or portion thereof with a third image in a sequence for an animated graphical user interface in accordance with the first embodiment; FIG. 4 is a front view of a display screen or portion thereof with a first image in a sequence for an animated graphical user interface in accordance with a second embodiment; FIG. 5 is a front view of a display screen or portion thereof with a second image in a sequence for an animated graphical user interface in accordance with the second embodiment; and, FIG. 6 is a front view of a display screen or portion thereof with a third image in a sequence for an animated graphical user interface in accordance with the second embodiment. The outermost dot dash broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The evenly spaced broken lines illustrating portions of the animated graphical user interface form no part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3 and 4-6. The process or period in which one image transitions to another image forms no part of the claimed design.
