(57) **CLAIM**

The ornamental design of a display screen or portion thereof with transitional graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a top view of a first image of a display screen or portion thereof with transitional graphical user interface, showing our new design; and, FIG. 2 is a top view of a second image thereof. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing of a display screen or portion thereof is for illustrative purpose only, and forms no part of the claimed design.
