(57) **CLAIM**

We claim the ornamental design for a retractable, vehicular,
center console display screen, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view showing a retractable,
vehicular, center console display screen of our new design,
in a retracted position;

FIG. 2 is a rear plan view showing the retractable, vehicular,
center console display screen of our new design, in the
retracted position;

FIG. 3 is a top plan view showing the retractable, vehicular,
center console display screen of our new design, in the
retracted position;

FIG. 4 is a side plan view showing the retractable, vehicular,
center console display screen of our new design, in the
retracted position;

FIG. 5 is a side plan view, taken opposite that of FIG. 4,
showing the retractable, vehicular, center console display
screen of our new design, in the retracted position;

FIG. 6 is a rear perspective view showing the retractable,
vehicular, center console display screen of our new design,
in an extended position;

FIG. 7 is a rear plan view showing the retractable, vehicular,
center console display screen of our new design, in the
extended position;

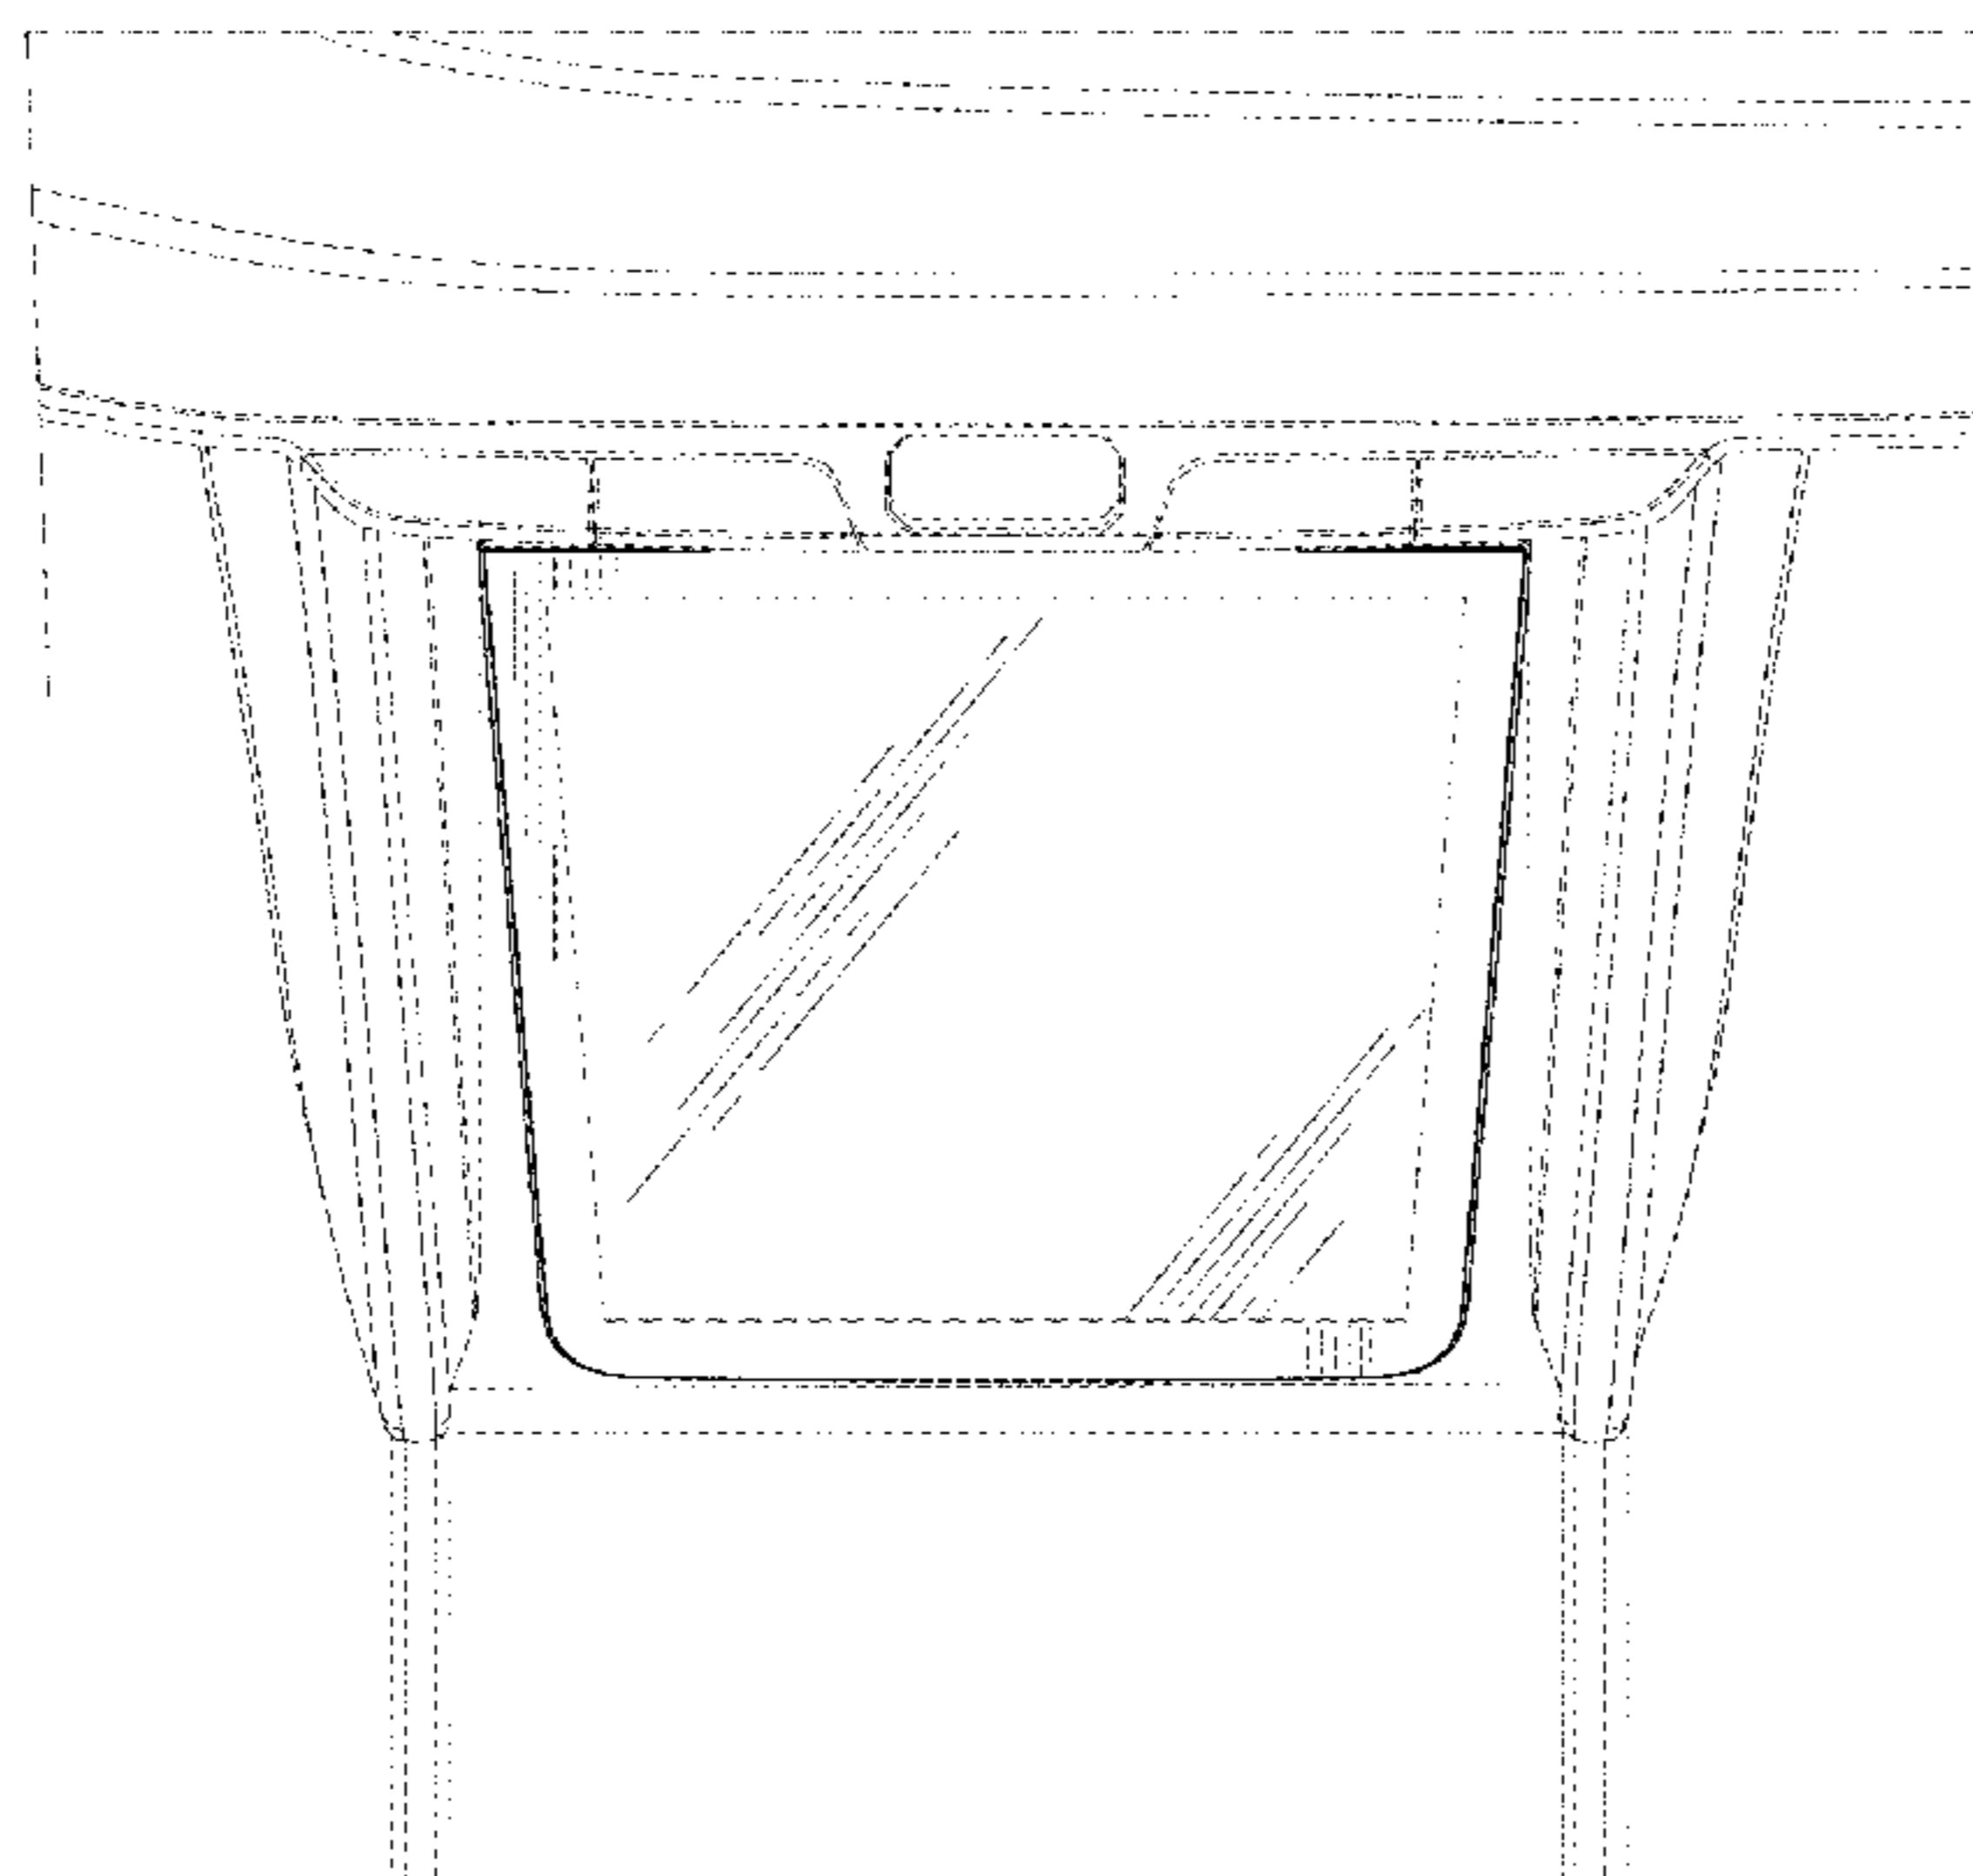

FIG. 8 is a top plan view showing the retractable, vehicular,
center console display screen of our new design, in the
extended position;

FIG. 9 is a side plan view showing the retractable, vehicular,
center console display screen of our new design, in the
extended position; and,

FIG. 10 is a side plan view, taken opposite that of FIG. 9,
showing the retractable, vehicular, center console display
screen of our new design, in the extended position.

The broken lines (for example, a dashboard and a center
floor-mounted console) are for illustrative purposes only and
form no part of the claimed design.
