(57) **CLAIM**

The ornamental design for a screen protector installation kit for an electronic communications device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a screen protector installation kit for an electronic communications device showing my new design;  
FIG. 2 is a rear perspective view thereof;  
FIG. 3 is a front elevational view thereof;  
FIG. 4 is a rear elevational view thereof;  
FIG. 5 is a left side elevational view thereof;  
FIG. 6 is a right side elevational view thereof;  
FIG. 7 is a top plan view thereof;  
FIG. 8 is a bottom plan view thereof;  
FIG. 9 is a front perspective view of the alignment frame component of the screen protector installation kit shown separately for clarity of disclosure;  
FIG. 10 is a rear perspective view of the alignment frame component of the screen protector installation kit shown separately for clarity of disclosure;  
FIG. 11 is a front perspective view of the screen protector applicator component of the screen protector installation kit shown separately for clarity of disclosure;  
FIG. 12 is a rear perspective view of the screen protector applicator component of the screen protector installation kit shown separately for clarity of disclosure;  
FIG. 13 is an exploded front perspective view of the screen protector installation kit with the components of the screen protector installation kit separated for clarity of disclosure;  
FIG. 14 is an exploded rear perspective view of the screen protector installation kit with the components of the screen protector installation kit separated for clarity of disclosure; and,  
FIG. 15 is an exploded rear perspective view of the screen protector installation kit with an electronic communications device, the screen protector applicator component comprising of the screen protector and the screen protector holding panel, the alignment frame component, and the panel holding tape component of the screen protector installation kit separated for clarity of disclosure.

(Continued)

The broken lines throughout the drawing figures depict portions of the screen protector installation kit that form no part of the claimed design. The broken lines and regions bounded by broken lines form no part of the claimed design. The broken lines showing an electronic communications device in FIG. 15 depict environmental subject matter that forms no part of the claimed design.
