(57) **CLAIM**

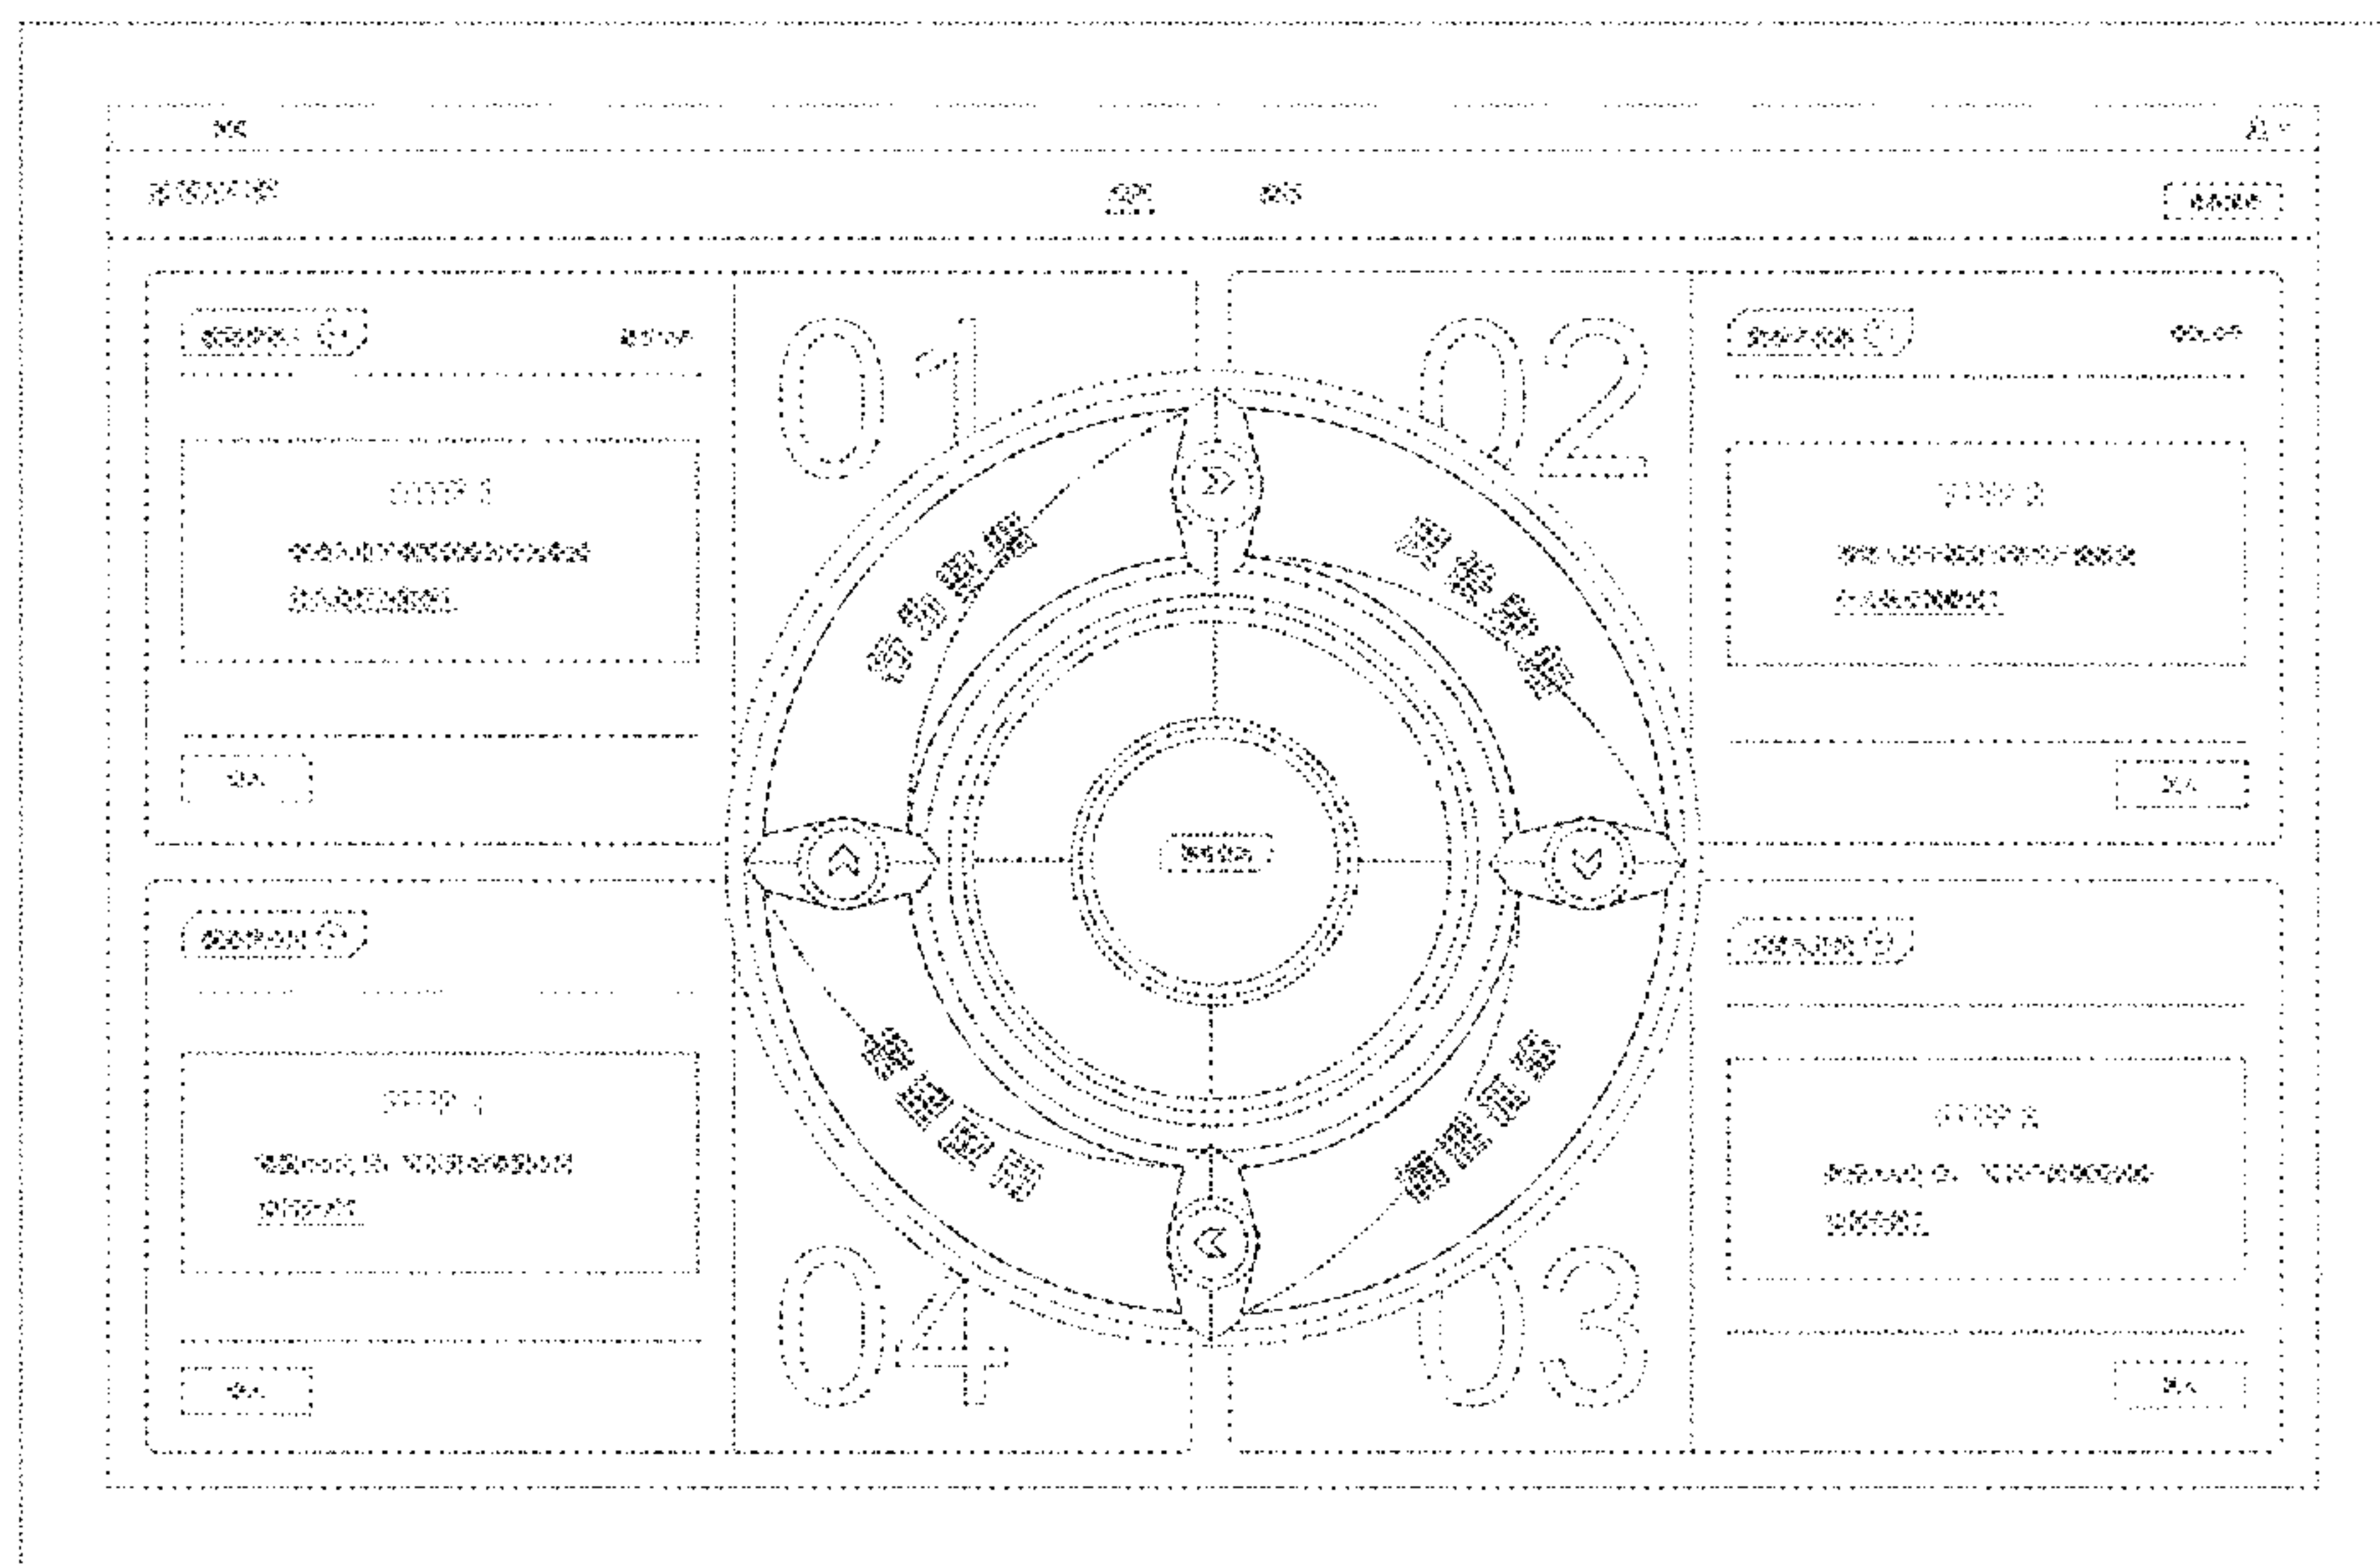

We claim the ornamental design for computer display with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a computer display with graphical user interface, showing our new design; and,

FIG. 2 is a front view of a second embodiment thereof. The perimeters of the underlying computer display with graphical user interface are shown in broken lines and form no part of the claimed design. The broken lines shown in the drawings—the text, numbers, and other graphical elements—show portions of the computer display with graphical user interface which form no part of the claimed design.
