See application file for complete search history.

FIG. 1 is a right side elevation view of a grille for automobile or replica thereof in accordance with the present design. FIG. 2 is a left side elevation view thereof. FIG. 3 is a front left perspective view thereof. FIG. 4 is a partial right side elevation view thereof. FIG. 5 is a front elevation view thereof. FIG. 6 is a top plan view thereof; and, FIG. 7 is a partial front right perspective view thereof.

The portions of the grille for automobile or replica thereof shown in evenly spaced broken lines depict environmental structures that form no part of the claim. Portions of the grille for automobile or replica thereof shown in dot-dash lines depict an unclaimed boundary between claimed and unclaimed portions of the grille for automobile or replica thereof.

Any combination of the illustrated features may be claimed in this application or a continuing application claiming priority to this application by converting any of the solid lines to broken lines, any of the broken lines to solid lines, or any combination thereof.
